Comedian Arrested as Drunk Driver

Comedian Lou Costello trails his attorney, Nathan O. Freeman, after he was bailed out of jail in Van Nuys, Calif., following his arrest on a drunk driving charge. Police said he slammed into a parked car while backing out of the driveway of his home and then cruised down a main boulevard on the wrong side of the street. Later Freeman pleaded Costello guilty and a fine of $150 was imposed. (AP Wirephoto).

Ike Would Make Slash, Give Help to Allies; Taft for 15 Per Cent Cut

Two Are Confident

Harriman and Kefauver Both Sure They'll Be Democrat Choice

(By The Associated Press)

The top contenders for presidential nomination were on record today to cut taxes if elected. The Democratic front-runner, however, said isolationism would dominate their party if either gets to the White House.

Taxes were a topic in talks yesterday by Sen. Robert Taft and Gen. Dwight Eisenhower, running one-two in the race for Republican presidential nomination.

They, in turn, were a topic in an address by Sen. Estes Kafauver of Tennessee, who has more delegate votes lined up than any of his rivals going into the Democratic presidential-nominating convention.

In Denver, Eisenhower told Oregon's GOP convention delegates he would balance the national budget if he were president. This, plus seeing to it that the allies are as militarily strong as Russia, would make tax reduction possible, he said. He estimated this would take about two years and after that would come a "steady shrinkage"—in the tax load.

Would Cut Spending

Taft, in a Washington speech, said that if he becomes president he will seek "a straight 15 per cent cut in taxes" and 25 billion dollar slash in federal spending—from 85 to 60 billions—within two years.

Talking to CIO Communications Workers in Cleveland, Kefauver said:

"No matter what Republican is in the White House, the Republican isolationist will dominate the party."

Kefauver said Taft and Eisenhower may agree on foreign policy, but he said he doubts Eisenhower shares "the isolationist sentiments of most of the leaders of his party." He added: "I don't

UN Forces Stop Reds' Assaults

Seoul, Korea, June 19 (AP) — United Nations forces hurled back sporadic Communist assaults in east-central Korea today and killed more than one-fourth of the attacking battalion.

U. S. Eighth Army headquarters estimated 200 Red soldiers were killed as air-supported allied troops successfully defended their forward position southeast of Kumsong.

Guns Are Silent

For the second successive day Red guns were silent near the allies' newly-won T-shaped hill mass west of Chorwon on the western front. U. S. Shooting Stars made eight air strikes on Reds still dug in on the rocky ridge.

The Chinese Communists' Kumsong assault began with fire from six self-propelled tanks or guns Wednesday night. Then five infantry platoons attacked and before dawn the Reds upped their strength to around a battalion, about 750 men.

After light exchanges of small arms, mortar and artillery fire, UN soldiers crippled a noontime attack with their own counter-assault.

Bombers Reappear

Grounded by bad weather on Wednesday, Fifth Air Force fighter bombers reappeared today on close support missions against frontline Reds on both the Chorwon and Kumsong sectors.

One flight of alied Shooting Stars killed or wounded 75 Communists and shot up three caves reported shielding Red soldiers, the air force said. Land-based marine planes attacked a Red supply building 20 miles north of Pyonggan, on the centratl front.

Truman's Plans Killed in Senate

Washington, June 19 (AP)—Three of President Harry S. Truman's government reorganization plans are dead in the wake of a Senate vote keeping congressional control over 21,582 federal jobs.

With many who normally support administration policies bucking the President, the Senate yesterday defeated in one-two-three order his proposals to eliminate Senate confirmation of city postmasters, U. S. marshals and customs collectors.

Approval for the programming of this project was given on June 9 after the federal government approved the route as one eligible for federal aid.

Electrol Employe Goes Home to Find Only Smoking Ruins

Lewis Fitterer put in his day's work in the tool room at Electrol, Inc., yesterday, washed up and went home, just as he had done many times in the past.

He had no premonition of anything wrong as he approached his two-story, eight-room home set back in the woods off the River road in Ulster Park.

He got there in time to see its smouldering ruins. Nothing was left, just the twisted metal roof, the pipes and the basement.

A check this morning with neighbors and nearby fire department authorities disclosed that no one had seen the fire, no alarm had been turned in, nobody had thrown so much as a bucket of water on the flames, no stick of furniture had been saved. The fire just burned itself out.

Loss Is $20,000

Fitterer, contacted this morning at Electrol, tentatively estimated the loss at about $20,000.

He said the large home—the former Dr. Nelson place—had contained a double amount of furnishings, his own and some for a

Barbara A. Tyler Dies in Hospital —Occurred at Cedar Street

Barbara Anne Tyler, 6, daughter of Mr. and Mrs. Hiram Jacob Tyler, of 60 Cedar street, was fatally injured when struck by a car at Broadway and Cedar street yesterday afternoon, two days after her brother, Hiram Jacob Tyler, Jr., 4, was struck and injured by a car on Cedar street.

The accident yesterday was the first fatal mishap at an intersection in the Broadway crossing area since the underpass was opened and the new traffic lights were installed at both approaches.

Officer Walter Fitzgerald reported the accident to police headquarters at 4:10 p. m. The child died at Kingston Hospital at 7 p. m.

Verdict Is Given

Coroner Ernest A. Kelly issued a verdict of accidental death and said the child had suffered internal injuries and lesser injuries of the face. An autopsy, requested by the family, he said, was scheduled to be performed today.

Officer Fitzgerald said he was approaching Thomas street on his way up Broadway when the child was struck. Officers James Burns and Harold DeGraff were also assigned to investigate and reported that Anthony J. Perry, of 84 Hoffman street, driving his sedan down Broadway had stopped for a light at the intersection.

Heard Someone Yell

As the light changed, the report said, he had "travelled but a short distance when he heard someone yell to him." He stopped and looked back and saw a child lying in the road. He went back, picked the child up and took her to Kingston Hospital.

A police report at 3:55 p m., Monday said that Nellie Davenport, of Hurley, reported that she was headed west on Cedar street, Hiram Tyler, Jr., 4, of 60 Cedar street, ran from the curb into the rear fender of her car near 51 Cedar street. He suffered bruises of the head and was taken by the driver to Kingston Hospital for treatment.

Besides her father, Hiram Jacob Tyler and mother, Hilda Cragan Tyler, and brother Hiram Jacob, Jr., the child is survived by two other brothers, Michael John, 2, and Ronald Francis, 15 months old. The funeral will be held Saturday at 8:30 a. m. from the Henry J. Bruck Funeral Home, 27 Smith avenue, thence to St. Mary's Church where a Mass will be offered at 9 a. m. Burial will be in St. Mary's Cemetery.

Report Is Read About Incinerator Problem in City

Common Council action in a recessed session last night ruled against further dumping in the Sterling, Summer and Valley street areas.

More than 60 residents of the ninth and 10th wards were at the meeting to hear the aldermen vote solidly for the resolution asking that dumping end in the area. It was offered by Alderman Martin W. Golden (R), ninth ward, and seconded by Alderman James K. Ryan (D), 10th ward. The absence of Alderman William Parmalee, 13th ward, made the vote 12 in favor.

Petitions bearing the names of 172 residents of the two wards, 274 employes of the Fuller Shirt factory, 40 employes of the Barn-Mar and the Halpern manufacturing companies, and one with the names of 18 members of the local medical profession were offered at the session in support of the move to end dumping on grounds which had been used for the purpose for about 20 years.

Seventh Ward Alderman Thomas Coughlin (D), renewed his move for elimination of the downtown industrial smoke menace and Alderman-at-Large Kelly (R) appointed a three-man committee to investigate.

Report on Incinerator

A special committee's report was read on the city's incinerator problem and another special committee's report on efforts to learn from the police board why it failed to explain elimination of the police captaincy, was deferred pending a special meeting with the board Monday night.

A traffic committee report dealing with parking regulations along streets of the former Broadway crossing elimination detour was adopted.

First Ward Alderman Hirschell Mayes, (R) in starting the vote on the dump resolution drew applause from the audience when he said "The taxpayers of the city had been lenient for the past 20 years" with Sterling and Summer street dump problem. He emphasized his vote by declaring: "I vote 'yes' to close the dump."

Alderman Joseph Wenzel, (R), fourth ward, said he was in favor of the resolution, but he noted that the city had started to dump in the fourth ward, and he added: "As long as they don't dump in my ward, I vote yes."

Thanks Aldermen

Attorney William A. Kaercher, representing the petitioners, said: "In view of the fact that the council has acted as it has here tonight there isn't much more to say." He stressed, however, that the dump has long been a menace to residents of the ninth and 10th wards, and recalled "the serious fire a week ago last Saturday."

Truman Considers Using T-H Law

President Says He Doubts Whether Strikers Would Obey Order

Washington, June 19 (AP)—President Truman said today he is considering use of the Taft-Hartley Act in the steel dispute.

He indicated at a news conferenct that he has doubts, however, that the 650,000 striking CIO steel workers would obey a court order to return to work.

Won't Be Influenced

The President said his decision as to whether he will invoke the Taft-Hartley law will not be influenced by Senate or House action.

The Senate has voted a request that Truman use the law and there are signs that the House will follow suit.

Pressed as to why he has not used the Taft-Hartley Act, the President said the union waited 99 days before striking and that he was not sure that the T-H law would work.

The T-H Act permits a court order, good for 80 days, against a strike which imperils the national security.

A reporter asked if Truman was implying that the union might not obey a Taft-Hartley injunction.

Truman said that he was. Under questioning, he said that he believed they would work under seizure.

Would Boost Taxes

Washington, June 19 (AP)—President Truman said today taxes should be increased rather than decreased as advocated by both top candidates for the Republican presidential nomination. The President told his news conference he didn't think any Democratic president would reduce taxes. He said if taxes could have been reduced he would have tried to do so himself. A reporter wanted to know whether a Republican president actually could reduce taxes. No, unless he wants to put the country more in the hole than it is now, Truman replied.

Ruzzo Loss Is Hard Blow to Bowling in City—No Rentals

Removal of the 24 bowling alleys and billiard tables at the Ruzzo Bowlatorium was started this morning by alley mechanics of the Brunswick-Balke-Collender Co. of New York.

The costly operation will require several days and will leave Kingston with three bowling establishments, the Ferraro Bowlodrome, Central Recreation and YMCA.

A last minute effort to save the alleys failed and Brunswick officials proceeded according to plan early today.

In a statement to the Freeman Tuesday, W. R. Faucett, office manager of the New York branch, said the company was hoping that the new corporation at Ruzzo's, headed by Attorney George Kaufman, would come up with some arrangements to continue operation of the palatial establishment.

Offered for $18,000

It was reported that a lengthy meeting of the new corporation Monday night failed to resolve the issue. The alleys had been put up for rental at a fee of $18,000 per year but attracted no offers.

Opened early in 1950, the 24-alley layout was regarded as one of the finest in the nation. It was the site of the 1950 New York State Women's tournament and this year's men's state championships.

The Embassy, the restaurant section of the large building at Grand and Dederick streets, has been closed for several months.

Heavy Blow to Bowling

The loss of the Bowlatorium lanes is a heavy blow to organized bowling in the area and will result in the curtailment or elimination of several established leagues.

National Committee Rules In July in Delegate Dispute

Washington, June 19 (AP)—The Republican National Committee will rule early next month on Texas and six other states—a 72-vote total that could decide a clase presidential-nominating race.

The committee's ruling, after a hearing to begin July 1 in Chicago, is almost certain to be appealed ultimately to the convention which opens six days later.

Backers of Ohio Sen. Robert Taft and Gen. Dwight Eisenhower, top contenders for the Republican nomination, have staked rival claims in the disputes. The rivalry waxed particularly hot over Texas' 38-vote delegation.

Mrs. Charles P. Howard, national committee and convention secretary, set the July 1 hearing date yesterday. She cited a party rule, adopted at the 1944 convention and upheld at the one four years later.

The regulation says that convention delegates elected by districts, when contested, are the concern of state conventions or committees. Those named from a state at large and then contested go to the national committee for settlement. Appeals in at-large contests can be taken to the convention credentials committee and eventually the convention floor.

Up until just before Mrs. Howard's announcement, the Taft and Eisenhower camps were at sharp odds over how Texas' delegation was put together.

Taft forces had said only six of the 38 delegates were chosen at large, making 32 district delegates. Thus, a decision in those 32 contests would come from Texas state machinery, controlled by Taft supporters.

Eisenhower people had contended all 38 delegates were elected from the state at large. They said all 38 disputes should go before the national committee.

Sen. Taft himself, in a statement yesterday, agreed in effect

Ingrid's Doctor Says Twins Are 'What Husband Wanted'

Rome, June 19 (AP)—A wan and weary Ingrid Bergman shed tears of joy today as she got her first good look at her day-old twin daughters.

Isabel, seven pounds three ounces, and her younger sister by half an hour—eight-pound, five-ounce Ingrid Jr.—dozed in fitful unawareness of their international publicity.

Sharing his wife's joy after a night-long vigil at her bedside in the flower-packed hospital room was Roberto Rossellini, for whose love the blonde Swedish film star abandoned her husband and a Hollywood career.

The twins, two weeks overdue, were born last night at the fashionable Salvator Mundi Hospital.

The 35-year-old mother was reported doing well.

Dr. Pier Luigi Guidotto, who assisted in the birth, said the film star "cried when she saw her babies and was happy because they were perfect babies and just what her husband wanted." The doctor said she was serene and showed no fear during the tense period before the births.

Marring the hour of the Rossellinis happiness was a legal battle with Miss Bergman's ex-husband, Dr. Peter Lindstrom.

Lindstrom is fighting in a Los Angeles court a request by the actress to have her first-born, 13-year-old Jenny Ann (Pia), visit her in Rome this summer.

Jenny Ann told the court she doesn't want to come to Rome, which saddened and depressed her mother.

Miss Bergman and Rosellini have a son, Robertino, born in February, 1950, before they were legally free to wed. She had come to Italy to act under his film direction and they had fallen in love. Later they were married after she received a Mexican divorce from Lindstrom by mail.

National Committee Rules In July in Delegate Dispute

Washington, June 19 (AP)—The Republican National Committee will rule early next month on Texas and six other states—a 72-vote total that could decide a clase presidential-nominating race.

The committee's ruling, after a hearing to begin July 1 in Chicago, is almost certain to be appealed ultimately to the convention which opens six days later.

Backers of Ohio Sen. Robert Taft and Gen. Dwight Eisenhower, top contenders for the Republican nomination, have staked rival claims in the disputes. The rivalry waxed particularly hot over Texas' 38-vote delegation.

Mrs. Charles P. Howard, national committee and convention secretary, set the July 1 hearing date yesterday. She cited a party rule, adopted at the 1944 convention and upheld at the one four years later.

The regulation says that convention delegates elected by districts, when contested, are the concern of state conventions or committees. Those named from a state at large and then contested go to the national committee for settlement. Appeals in at-large contests can be taken to the convention credentials committee and eventually the convention floor.

Up until just before Mrs. Howard's announcement, the Taft and Eisenhower camps were at sharp odds over how Texas' delegation was put together.

Taft forces had said only six of the 38 delegates were chosen at large, making 32 district delegates. Thus, a decision in those 32 contests would come from Texas state machinery, controlled by Taft supporters.

Eisenhower people had contended all 38 delegates were elected from the state at large. They said all 38 disputes should go before the national committee.

Sen. Taft himself, in a statement yesterday, agreed in effect

Ingrid's Doctor Says Twins Are 'What Husband Wanted'

Rome, June 19 (AP)—A wan and weary Ingrid Bergman shed tears of joy today as she got her first good look at her day-old twin daughters.

Isabel, seven pounds three ounces, and her younger sister by half an hour—eight-pound, five-ounce Ingrid Jr.—dozed in fitful unawareness of their international publicity.

Sharing his wife's joy after a night-long vigil at her bedside in the flower-packed hospital room was Roberto Rossellini, for whose love the blonde Swedish film star abandoned her husband and a Hollywood career.

The twins, two weeks overdue, were born last night at the fashionable Salvator Mundi Hospital.

The 35-year-old mother was reported doing well.

Dr. Pier Luigi Guidotto, who assisted in the birth, said the film star "cried when she saw her babies and was happy because they were perfect babies and just what her husband wanted." The doctor said she was serene and showed no fear during the tense period before the births.

Marring the hour of the Rossellinis happiness was a legal battle with Miss Bergman's ex-husband, Dr. Peter Lindstrom.

Lindstrom is fighting in a Los Angeles court a request by the actress to have her first-born, 13-year-old Jenny Ann (Pia), visit her in Rome this summer.

Jenny Ann told the court she doesn't want to come to Rome, which saddened and depressed her mother.

Miss Bergman and Rosellini have a son, Robertino, born in February, 1950, before they were legally free to wed. She had come to Italy to act under his film direction and they had fallen in love. Later they were married after she received a Mexican divorce from Lindstrom by mail.

Cool in North States, South, East Humid

(By The Associated Press)

More cool Canadian air spread over wide areas in northern states from the Rockies to New England today but it continued warm and humid in the south and some eastern states.

Temperatures dropped to the low 40s in some sections of the cool belt early today. At the same time readings were near 80 in some southern cities, including 80 in Galveston, Tex., and 77 in Atlanta and Miami.

The warm and muggy weather extended over the Gulf states while it was warm northward to the Ohio valley and Middle Atlantic states. Hot weather continued in the far southwest. The cool zones extended over most of the upper Great Lakes region and the upper Mississippi valley and westward through the Northern Plains states to the northern Rockies, and in the northeastern states.

Showers and thunderstorms hit areas in the middle Mississippi and lower Missouri valleys. Showers also were reported in the Rocky Mountain states and in parts of the southeast.

A hippopotamus may be 14 feet long and weigh 3 tons.

Unhurt

The trash can was supposed to be a shelter for eight-year-old Donna High, but she says it was on the enemy's side. Playing "atom bomb" in Albany, Cal., she dived into the new can as a handy bomb shelter. Her buckled knees wedged her in and she couldn't get out. Firemen had to free her with a hacksaw. Board Approves 20 Supervisors For City Parks

The Board of Public Works yesterday approved the appointment of 20 city park supervisors for the 1952 summer season.

They are Lorraine McGinnis, Barbara Millens, Jacquelyn Steuding, Patricia Sanford, Sally Ann Sherman, Bernard Redmond, Barbara Schwartz, Barbara Diana Schultz, Jeanne Anderson, Maureen Davis, Mary Netter, Ellen Byrne, Carol Mehm, Barbara Hearst, Betsy DeWitt, Elaine Solomon, Donald Jones, Betty Anne Hyatt, Marilyn Werbalowsky and Marilyn Gadd. They will work a 38-hour week, it was said.

It also approved the appointment of two engineer's aides, grade 1, which had been made by City Engineer A. F. Hallinan at a salary of $1,900 a year. Appointed were John Netter, 111 Andrew street, and Robert James Cullum, 75 Derrenbacher street.

The board granted a request by Edmund T. Cloonan for a six-month leave of absence from his position as junior engineer, effective June 1, due to his provisional appointment as superintendent of the Kingston Water Department.

Alderman Edwin Radel of the 3rd Ward asked relief from a water condition on Grand street between Lincoln and Meade streets, submitting a photograph showing a heavy collection of water on the roadway.

Alderman Joseph Wenzel of the 4th Ward requested that Cross street from Second avenue to Moore street be repaired, and Maple street from Murray street to DuBois street.

Alderman Abram D. Relyea of the 11th Ward asked that a pumper be stationed "beside the pond" near the George Washington School as soon as water began to rise, because water "does not come in the house at the corner of Fair and Henry streets until after the water begins to back up around the school building. This request is case we have a heavy rain again before the Elizabeth street job is completed."

All three requests were referred to the superintendent of the Board of Public Works and the city engineer for investigation and report.

A communication from Leroy Davis, corresponding secretary of the Coach House Players, Inc., advised the board that at a meeting May 9 a motion was made that action be taken to secure the placing of a street light midway on the block of Augusta street which connects West Chester street with West Chestnut street. He requested that the board look into the matter and advise of action taken. The request was referred to Commissioner Raymond L. Whitbeck, chairman of the lighting committee, for investigation and report.

The board approved the payment of $8,040.49 to V. J. Costanzi, Inc., contractor, for work completed to date on the sewer project in Broadway, Staples street, Levan street and Andrew street.

It was reported that 6,363 gallons of gasoline and 411 quarts of oil had been purchased during May for operation of BPW equipment. Its vehicles traveled a total of 16,830 miles during the month.

New Truck Rule

Albany, N. Y., June 19 (AP)—Effective July 1, the State Motor Vehicle Bureau will not re-register or transfer the ownership of trucks subject to the state's weight-distance tax unless the application is accompanied by a "certificate of tax clearance," the State Tax Department announced today.

A communication from Leroy Davis, corresponding secretary of the Coach House Players, Inc., advised the board that at a meeting May 9 a motion was made that action be taken to secure the placing of a street light midway on the block of Augusta street which connects West Chester street with West Chestnut street. He requested that the board look into the matter and advise of action taken. The request was referred to Commissioner Raymond L. Whitbeck, chairman of the lighting committee, for investigation and report.

The board approved the payment of $8,040.49 to V. J. Costanzi, Inc., contractor, for work completed to date on the sewer project in Broadway, Staples street, Levan street and Andrew street.

It was reported that 6,363 gallons of gasoline and 411 quarts of oil had been purchased during May for operation of BPW equipment. Its vehicles traveled a total of 16,830 miles during the month.

EUROPE IS BAD NEWS TO SOVIET

From George Sloan head of the U. S. Council of the International Chamber of Commerce, we get a refreshingly optimistic report of the economic condition of Western Europe.

Just back from a meeting with foreign businessmen in Paris, Sloan says only Greece and Austria are currently plagued by a critical inflation. In other countries, a new element of stability seems to have entered the picture.

France especially is adjudged to have moved several steps ahead toward a sounder economy. And Sloan found that even Britain was not so bad off as some recent gloomy accounts have suggested.

He found a general mood of confidence, a belief that real progress had been made and more soon would be. He discovered, too, that emphasis had been shifted from production alone to include the whole economic structure. Europeans appear to have new appreciation of the need for a broadly stable economic life.

To what does Sloan ascribe this improvement?

Primarily to the cumulative effects of American assistance, which has proved sufficiently steady and ample to convince most Europeans that we intend to see them through to recovery and to assure their real defense against communism.

In this regard, Sloan learned that General Eisenhower had been a great factor for strengtened morale. He breathed optimism and confidence, and it was infectious.

Sloan indicated, too, that we have been applying our policy of aid in Europe with sharper aim in recent months. There has been keener understanding of what needed to be done to produce lasting gains in the European economy.

Naturally the continent has benefitted also from new leadership among the recipient countries, most particularly from the program of Premier Pinay in France. There are some who say Pinay has given France its best government since the war ended.

It would be wrong to overlook, however, a negative element that has worked favorably. The defense production goals of major Western nations have been pushed back, as compared with earlier deadlines. This "stretchout" has served to ease the burdens of the moment.

So what it amounts to is this: Europe is being asked to do less than was originally called for. And it is in much better shape, both production-wise and in morale, to perform the economic and defense tasks newly assigned to it.

All this is bad news for the Soviet Union. Free nations moving soundly and confidently toward greater strength are the best assurance we can have that Russia will be deterred from its persistent notions of conquest.

PARTNERSHIP IN SCIO

Often an individual can do more more to defend or advance an idea than can a government, with all its resources and power. This was the case with Lew Reese who died recently in Scio, Ohio, after years of proving that capitalism is a partnership of those who labor and those who provide money and administrative skills.

Reese began his experiment in enlightened capitalism in 1932, when most of the rest of the country was in the grip of the Depression. With $3,000 of borrowed money he reopened an abandoned pottery factory and gave employment to many of the people in the town. His wisdom as a businessman and his perseverance paid off in good profits. He believed that those who worked for him were entitled to a goodly share of those profits in wages and bonuses. Each Christmas he entertained his employes at an elaborate party and distributed cash gifts as a sign of his appreciation.

A fire burned his plant to the ground. The townspeople of Scio pitched in and rebuilt it. Reese and the men who worked for him rolled their sleeves up, sweated a little harder and in short order the business was back on its feet, producing, making profits for the owner and for those who were employed there.

'These Days'

By GEORGE SOKOLSKY

THE KEYNOTER

The keynoter at most national conventions is a distinguished politician who is selected, generally as temporary chairman, to pep up the delegates on the opening day. While he must be an orator with a great voice and forensic powers, his speech is rarely a literary masterpiece.

Often the keynoter is one who might have been a candidate had fate not been unkind. He is generally popular enough to attract a good audience for the Monday night opening.

The Democrats have this year selected Governor Paul A. Dever of Massachusetts as their keynoter. He is an amiable Democrat and will make a routine speech supporting the Truman Administration, defending its policies and denouncing the Republicans. It will be such a speech as Truman might have made himself, but more oratorical, with a flavor of humor.

The Republicans have chosen as their keynoter one of the greatest orators of our time and a personality that evokes emotions, pro and con, as no other American does, General Douglas MacArthur. Unquestionably his speech will be the high note of the convention. The last person to address any political gathering of this nature, whose oratory equalled MacArthur's, was William Jennings Bryan.

In spite of the fact that many men live by making speeches, the masterful orators are few. Daniel Webster, Robert Ingersoll, William Jennings Bryan, Douglas MacArthur are among the few. Abraham Lincoln was not an orator, although his Gettysburg Address lives as a literary classic. Bryan's "Cross of Gold" speech, wonderful as it was at the moment, is no longer even in the "speech" books, as they nowadays call exercises in elocution.

Douglas MacArthur's "Old Soldiers Never Die" speech will not be forgotten by this generation, as his "Farewell to the Army" speech is often referred to as an example of significant oratory. John Gunther wrote that General Eisenhower helped to prepare that speech. A stylistic comparison between any of MacArthur's work and Eisenhower's Abilene speech surely proves that MacArthur rolls his own.

So, at this opening night of the Republican Convention, Douglas MacArthur will have the opportunity of a lifetime to use his literary and dramatic abilities to start the convention with such fervor as only Billy Sunday could arouse among the penitent. It could outlast the convention and bring unity in support of an American ideal which would capture the imaginations of millions who will listen on radio and television.

Two objections were made to Douglas MacArthur:

1. He is a Taft supporter;
2. He is on the active list in the Army and therefore should not engage in politics.

As to point 1, it has been customary for the keynoter to deal with issues, not with personalities. It is not likely that General MacArthur will break that precedent. In fact, at one convention, Mrs. Clare Luce spoke in favor of Senator Vandenberg before the nomination time and it was bitterly resented. General MacArthur will not risk such damage to himself or his cause.

Actually, there are no neutrals in the Republican Party today. It would have to be an Eisenhower or a Taft man. The three possibilities, in terms of rank and leadership, who were available were Senator Eugene D. Millikin, Herbert Hoover or Douglas MacArthur. Millikin and Hoover bowed out in favor of MacArthur. Both will speak, however; Hoover on Tuesday night; Millikin when he introduces the platform.

Point 2 is a matter that can only boomerang against those who want to make something out of it. General MacArthur is on active service, as a five-star general, by act of Congress as a gesture of gratitude of a nation for services rendered. So are General Eisenhower and General Marshall and a few others. Unless called upon to do a chore for the government, they can engage in any activity they like under the law. If anyone tried to reconcile the act creating them with the Hatch Act, he would probably find himself involved in litigation up to the Supreme Court.

On the other hand, President Truman could assign General MacArthur to duty somewhere, even back to Korea, but it would look like persecution and not a little mean, and would cost votes in the election.

Also General Eisenhower was, for many years, General MacArthur's military secretary and subordinate and he could not speak ill of "the old man" without considerable loss of dignity.

So, General MacArthur will make his keynote speech and nobody will gainsay him in advance.

That Body of Yours

By JAMES W. BARTON, M.D.

MENTAL AND EMOTIONAL MAKE-UP

More and more we are learning that the condition or health of the body depend greatly upon mental and emotional health. Thus, anxiety can upset stomach and digestion, can cause sleeplessness and general weakness. On the other hand, infected teeth, tonsils, gall bladder, large intestine can cause mental symptoms, sleepiness and a "don't care" attitude toward life.

It is because it is now recognized how much the mind can affect the body that we are hearing and reading about "psychosomatic" medicine today, meaning the effect of the mind and emotions upon the body. Illness of the body can be helped or harmed by the state of our emotional health.

In Postgraduate Medicine, Dr. Joost A. M. Meerlo states that "typical psychologic (mental and emotional) processes come into action as soon as a sick human being consults a physician. These processes are dependent on pre-arranged expectations on the part of both doctor and patient. Scientific expectations, wishes of cure and unconscious cravings all complicate the doctor-patient relationship, which influences the form or method of treatment to be given."

Many patients, having treated themselves without success, unconsciously expect a "cure" when they consult a physician. The patient has a feeling of confidence in the doctor and feels free to tell the whole story of his symptoms and why he is consulting him.

Just as a clergyman listens to confessions and gives spiritual help, so the physician listens to the patient and gives medical or physical advice. Among the needs of the patient is getting relief from anxiety. So often symptoms or diseases break out or are made worse by the patient's continual anxiety and perhaps feeling of guilt. The struggle for life with its outside dangers and inner anxieties provokes many somatic (body) symptoms. That is why the patient doesn't ask only for pills and injections, he wants to confess the bad way he has managed his life.

Doctors are not competing with clergymen. The facts confessed to the doctor are different, concerned with the body. They often pave the way for real confessions to a father confessor.

The Washington Merry-Go-Round

By DREW PEARSON

Washington—There was more than meets the eye behind the sudden axing of three assistant attorneys general by Jim McGranery, new head of the Justice Department.

One of them, Graham Morison, head of the antitrust division, had been a tough, uncompromising prosecutor of big business monopoly and was regarded as one of the best men in the Justice Department.

However, he was the object of an intercabinet argument a short time ago which involved the secretary of defense and the giant American Telephone and Telegraph Co., whose former chairman, Walter Gifford, is now U. S. ambassador in London.

Morison has been pushing a vitally important antitrust case against A. T. & T. and its wholly-owned subsidiary, Western Electric. And shortly before McGranery became attorney general, Secretary of Defense Lovett asked the acting attorney general, Phil Perlman, to drop the case. Lovett argued that the Bell Laboratories, also owned by A. T. & T., could not cooperate properly with the Defense Department if A. T. & T. were under antitrust investigation.

But when Perlman asked Morison to drop the case, Morison rebelled:

"That's the same baloney that every big business firm brings in when they get in a tight place," the assistant attorney general remonstrated. "They appeal to the army or navy, and the army or navy, knowing nothing about monopoly, go to bat for them. That's what they did during the war, and that's what they are trying to do now."

Cabinet Appeal

"But this is a request from a member of the cabinet," Perlman urged. "It impairs my personal relations with Lovett if I can't cooperate."

"Listen, brother," replied Morison, a tough ex-Marine, "neither you nor Lovett seems to understand what fixes telephone rates. Telephone rates are fixed on the basis of the cost. If the telephone company can show that its equipment is high, it can persuade the Public Service Commission to increase rates.

"All right. A. T. & T. is the sole owner of Western Electric. Western Electric makes all the equipment for A. T. & T. and charges high prices. They are not competitive prices. A. T. & T. could go out and buy the same equipment from another company for less. But it doesn't. It buys at a high price from its own company so it has an excuse to hike phone rates.

"That's what this antitrust suit is about," concluded Morison, "and I'll be hanged if I'm going to drop it, Secretary of Defense or no Secretary of Defense."

Perlman, having received a full explanation, agreed, backed up Morison 100 per cent.

Probed RCA

But a few days later, new Attorney General McGranery took over, called in Morison on another antitrust matter, this one involving an administration pet—The Radio Corporation of America. David Sarnoff, head of RCA, which controls National Broadcasting Co., is the man who gave Margaret Truman her radio contract. He has carried such weight at the White House that, during the visit of Prime Minister Clement Attlee, the President suspended his conferences, kept the prime minister waiting while he had a long luncheon with Sarnoff and Margaret.

But Morison, paying no attention to this relationship, had called a grand jury to investigate certain RCA practices. RCA, in turn, has hired the lawyer closest to the White House, Clark Clifford.

New Atttorney General McGranery questioned Morison about the RCA cast shortly after he took office. McGranery was discreet, said little. But a few days later, he fired Morison.

Note—Morison had long wanted to leave the Justice Department, had had several other job openings, but remained on because of his devotion to antitrust work. After getting his notice, Morison asked permission to remain in the Justice Department long enough to finish a Collier's Magazine article answering David Lilenthal's attack on the Justice Department's antitrust cases. McGranery said no.

Gas Lobby

Some of Sen. Bob Kerr's Senate colleagues have warned him privately that if he is really serious about running for president he had better keep away from the natural gas lobby.

They accuse him of being the hidden wire-puller trying to block confirmation of Tom Buchanan as chairman of the Federal Power Commission because Buchanan was the only man who stood up against Kerr and the gas lobby when it came to removing PFC supervision over gas producers.

Buchanan, who has fought the gas lobby every inch of the way, was reappointed to his job in May. But for mysterious reasons, a subcommittee headed by O'Conor of Maryland has delayed action until this week, when, after a month of stalling, it finally opened hearings—though it may be too late.

Buchanan's term expires this weekend, and unless the Senate acts today or tomorrow, the man who put up the chief battle for the housewife and other gas consumers will be out of his job.

Note 1—Significantly, the committee which must finally pass on Buchanan is headed by Sen. Ed Johnson of Colorado, Senator Russell's campaign manager.

Note 2—Here are some of the reasons why the natural gas lobby doesn't want Buchanan reappointed. Texas Eastern Pipeline has a $41,000,000 rate increase pending before the FPC. If Buchanan is remade chairman, he'll vote against it. Other companies asking big rate increases are: Mississippi River Fuel, $3,300,000; Ohio Fuel Gas Co., $2,200,000; Manufacturers Light and Heat of Pittsburgh, $2,300,000. If these increases are OK'd, housewives will have to pay about 50 per cent more for their natural gas.

President of College Never Graduated!

Dr. Walter Williams (1864-1935) was President of the University of Missouri: (1930-1934) although he never had a bachelor's degree, not even a high school diploma. He left the public schools of Boonville, Mo., age 15, to become a printer's devil at a salary of 70 cents a week. He became Missouri's most noted journalist, founded a school of journalism of which he became the dean and was eventually elected president of the University of Missouri.

Today in Europe

One of Luxuries of Democracy Is Right to Commit National Suicide

By DAVID LAWRENCE

En Route From Europe, June 19—The peace of the world rests in the hands of small groups of men in London, Paris, Berlin and Rome. In each capital the groups consist of two sets of influential men—the persons who hold the responsibility of government and those men who, by one artifice or another, demagogic or emotional, ideological or political, are determined to upset the government in power.

This is the luxury of democracy—the right to political division, the right of free speech, and the right to commit national suicide.

The answer which dictators have made—and they may rise again in Europe to convince the bewildered and helpless peoples that democracy is a clumsy and ineffective institution — is not, however, to abandon democracy but to organize it. There is nothing which an organized democracy cannot do in its own interest and to preserve its independence. But the problem is more difficult because democracies are reluctant to impose self-discipline—to set up an organized economy.

It used to be that dictators seized the processes by which public opinion is made—the radio and the press—and imposed their will that way. But democracies today likewise have a powerful influence with the press and radio. What is lacking today is leadership and statesmanship. Too many of the men who hold governmental power are neither imaginative nor bold—they act as if the problem of government, with millions of people to govern, can be selved by high-sounding speeches and high-brow orations. The policies in London, Paris, Rome and Berlin have been of a defensive variety, with all eyes on the maneuvers of a political opposition, and not affirmative policies to get at the economic weaknesses that make votes for the political opposition.

Stalin, like Hitler and Mussolini, knows the defects of the democratic process and is betting on such defects to bring about the economic and political disintegration which will enable the Communists or their "left wing" brethren—the extreme Socialists—to get into power and play ball with Moscow. It is amazing to note the inroads already made among the Socialists of Britain, Germany, France and Italy by Communist doctrine. Stalin has only to be patient—if things go on as they are today, he will control all of Europe through his stooges in all the so-called free countries. He will keep the democracies weak and disorganized. He will keep them from arming effectively for defense because he already has allies in Britain, France, Italy and Germany who don't want to rearm for fear of offending Stalin.

But where does the United States fit into this picture? This is one of the most tragic aspects of the whole problem. In Washington, too, there are two sets of people—those in the government and in Congress, Republicans and Democrats, who have tried to help Europe with economic and military aid, and those inside and outside the government who would scrap economic and military aid tomorrow because they think that course would be politically popular in America. But along with these groups is still another segment of opinion—unhappily growing larger—which can't see what the American policy is accomplishing and who glibly refer to an ungrateful Europe or to money "poured down the rathole." This, in turn, causes uneasiness and apprehension in Europe and tends to weaken the governments in power.

This unfamiliarity with the true situation in Europe—a situation that can force a Third World War which America is committed by the North Atlantic Treaty to enter at once—makes the question of United States policy difficult to formulate and to administer. Europeans privately will say America doesn't intervene strongly enough, while other Europeans publicly accuse the United States of meddling in the internal affairs of supposedly free countries.

America is still an innocent bystander in Europe, trying to help—by money and by troops and by moral support—to establish strong democracies. But American policy gives the impression nevertheless of being hesitant and wavering and of failing to give due weight to the political currents that arise from an indestructible nationalism in every country in Europe. Ideas like the "United States of Europe" or a federation of European states are very good as objectives, but they are and will be subjected to attacks from a nationalism which will never die.

The dilemma is how to mix the proper dosage of internationalism with the proper dosage of nationalism. Pride of country, patriotism, and a national spirit are closely akin to national morale and the will of a people to fight. To abandon these in a welter of phrases about a super-national authority or the importance of "yielding national sovereignty" is an intellectual exercise which ignores the realism of human nature, the barriers of language, and what has made voters in the past and will make them in the future embrace communism or Fascism or any other "Ism" that gives them a job and shelter.

The standard of living in European countries is indescribably low when compared to the American standard. There is much more opportunity for the demagogue in the so-called free countries of Europe than most Americans can possibly imagine, for they have not seen the squalor and poverty of Europe in a post-war era. Americans might as well adjust themselves to the fact that reconstruction in Europe is a long, tedious job which will require American dollars, American advice, American moral support and, above all, American statesmanship for at least another ten years and perhaps more. The alternative? Political and economic chaos and more cemeteries in Europe with rows of white crosses bearing names of Americans from every state in the union.

AS PEGLER SEES IT

By WESTBROOK PEGLER

In all the palaver over President Truman's hand-made emergency in the steel industry, the fact that Truman and the union deliberately made the emergency has been overlooked entirely. The steel companies made no demands on the union. The union made demands on the companies. Truman then resorted to a familiar device which F. D. Roosevelt often had employed, the appointment of a loaded board with a pretense of even balance between the conflicting interests, with foreknowledge that the board would decide in favor of the union. Of course, the companies should not have permitted themselves to be drawn into such a situation. They should have refused to deal with this kangaroo court, and their propaganda should have concentrated on the fact that Truman and the union were allies, taking advantage of a terrible war, to which Truman himself had committed the people of the United States to try to seize all industry.

This was a fascist trick but probably, in the long run, if nothing happened to retard them in their course, Truman and his political partners in the union racket would give us communism rather than fascism. There is not much difference, but Truman and his friends abhor fascism by name but are close to communism. Many of them in fact are Communists in philosophy and are friendly to Soviet Russia. The Hiss case and the atom bomb traitors convey this preference. There is more of treason in communism than there is in fascism because there is an international Communist organization, directed from Moscow, which has the avowed purpose of destroying our government. There is no such fascist organization with a similar purpose.

During the war we had a master case in the seizure of Montgomery Ward in Chicago by an army detail under a major general, attended by a colonel press-agent who was a member of the CIO. Sewell Avery, the chairman of the board of Montgomery Ward, refused to yield the company property to Roosevelt's army of occupation and made the general make himself ridiculous by ordering his soldiers to carry out the sedentary old one-man insurrection bodily. EUROPE IS BAD NEWS TO SOVIET

From George Sloan head of the U. S. Council of the International Chamber of Commerce, we get a refreshingly optimistic report of the economic condition of Western Europe.

Just back from a meeting with foreign businessmen in Paris, Sloan says only Greece and Austria are currently plagued by a critical inflation. In other countries, a new element of stability seems to have entered the picture.

France especially is adjudged to have moved several steps ahead toward a sounder economy. And Sloan found that even Britain was not so bad off as some recent gloomy accounts have suggested.

He found a general mood of confidence, a belief that real progress had been made and more soon would be. He discovered, too, that emphasis had been shifted from production alone to include the whole economic structure. Europeans appear to have new appreciation of the need for a broadly stable economic life.

To what does Sloan ascribe this improvement?

Primarily to the cumulative effects of American assistance, which has proved sufficiently steady and ample to convince most Europeans that we intend to see them through to recovery and to assure their real defense against communism.

In this regard, Sloan learned that General Eisenhower had been a great factor for strengtened morale. He breathed optimism and confidence, and it was infectious.

Sloan indicated, too, that we have been applying our policy of aid in Europe with sharper aim in recent months. There has been keener understanding of what needed to be done to produce lasting gains in the European economy.

Naturally the continent has benefitted also from new leadership among the recipient countries, most particularly from the program of Premier Pinay in France. There are some who say Pinay has given France its best government since the war ended.

It would be wrong to overlook, however, a negative element that has worked favorably. The defense production goals of major Western nations have been pushed back, as compared with earlier deadlines. This "stretchout" has served to ease the burdens of the moment.

So what it amounts to is this: Europe is being asked to do less than was originally called for. And it is in much better shape, both production-wise and in morale, to perform the economic and defense tasks newly assigned to it.

All this is bad news for the Soviet Union. Free nations moving soundly and confidently toward greater strength are the best assurance we can have that Russia will be deterred from its persistent notions of conquest.

PARTNERSHIP IN SCIO

Often an individual can do more more to defend or advance an idea than can a government, with all its resources and power. This was the case with Lew Reese who died recently in Scio, Ohio, after years of proving that capitalism is a partnership of those who labor and those who provide money and administrative skills.

Reese began his experiment in enlightened capitalism in 1932, when most of the rest of the country was in the grip of the Depression. With $3,000 of borrowed money he reopened an abandoned pottery factory and gave employment to many of the people in the town. His wisdom as a businessman and his perseverance paid off in good profits. He believed that those who worked for him were entitled to a goodly share of those profits in wages and bonuses. Each Christmas he entertained his employes at an elaborate party and distributed cash gifts as a sign of his appreciation.

A fire burned his plant to the ground. The townspeople of Scio pitched in and rebuilt it. Reese and the men who worked for him rolled their sleeves up, sweated a little harder and in short order the business was back on its feet, producing, making profits for the owner and for those who were employed there.

'These Days'

By GEORGE SOKOLSKY

THE KEYNOTER

The keynoter at most national conventions is a distinguished politician who is selected, generally as temporary chairman, to pep up the delegates on the opening day. While he must be an orator with a great voice and forensic powers, his speech is rarely a literary masterpiece.

Often the keynoter is one who might have been a candidate had fate not been unkind. He is generally popular enough to attract a good audience for the Monday night opening.

The Democrats have this year selected Governor Paul A. Dever of Massachusetts as their keynoter. He is an amiable Democrat and will make a routine speech supporting the Truman Administration, defending its policies and denouncing the Republicans. It will be such a speech as Truman might have made himself, but more oratorical, with a flavor of humor.

The Republicans have chosen as their keynoter one of the greatest orators of our time and a personality that evokes emotions, pro and con, as no other American does, General Douglas MacArthur. Unquestionably his speech will be the high note of the convention. The last person to address any political gathering of this nature, whose oratory equalled MacArthur's, was William Jennings Bryan.

In spite of the fact that many men live by making speeches, the masterful orators are few. Daniel Webster, Robert Ingersoll, William Jennings Bryan, Douglas MacArthur are among the few. Abraham Lincoln was not an orator, although his Gettysburg Address lives as a literary classic. Bryan's "Cross of Gold" speech, wonderful as it was at the moment, is no longer even in the "speech" books, as they nowadays call exercises in elocution.

Douglas MacArthur's "Old Soldiers Never Die" speech will not be forgotten by this generation, as his "Farewell to the Army" speech is often referred to as an example of significant oratory. John Gunther wrote that General Eisenhower helped to prepare that speech. A stylistic comparison between any of MacArthur's work and Eisenhower's Abilene speech surely proves that MacArthur rolls his own.

So, at this opening night of the Republican Convention, Douglas MacArthur will have the opportunity of a lifetime to use his literary and dramatic abilities to start the convention with such fervor as only Billy Sunday could arouse among the penitent. It could outlast the convention and bring unity in support of an American ideal which would capture the imaginations of millions who will listen on radio and television.

Two objections were made to Douglas MacArthur:

1. He is a Taft supporter;
2. He is on the active list in the Army and therefore should not engage in politics.

As to point 1, it has been customary for the keynoter to deal with issues, not with personalities. It is not likely that General MacArthur will break that precedent. In fact, at one convention, Mrs. Clare Luce spoke in favor of Senator Vandenberg before the nomination time and it was bitterly resented. General MacArthur will not risk such damage to himself or his cause.

Actually, there are no neutrals in the Republican Party today. It would have to be an Eisenhower or a Taft man. The three possibilities, in terms of rank and leadership, who were available were Senator Eugene D. Millikin, Herbert Hoover or Douglas MacArthur. Millikin and Hoover bowed out in favor of MacArthur. Both will speak, however; Hoover on Tuesday night; Millikin when he introduces the platform.

Point 2 is a matter that can only boomerang against those who want to make something out of it. General MacArthur is on active service, as a five-star general, by act of Congress as a gesture of gratitude of a nation for services rendered. So are General Eisenhower and General Marshall and a few others. Unless called upon to do a chore for the government, they can engage in any activity they like under the law. If anyone tried to reconcile the act creating them with the Hatch Act, he would probably find himself involved in litigation up to the Supreme Court.

On the other hand, President Truman could assign General MacArthur to duty somewhere, even back to Korea, but it would look like persecution and not a little mean, and would cost votes in the election.

Also General Eisenhower was, for many years, General MacArthur's military secretary and subordinate and he could not speak ill of "the old man" without considerable loss of dignity.

So, General MacArthur will make his keynote speech and nobody will gainsay him in advance.

That Body of Yours

By JAMES W. BARTON, M.D.

MENTAL AND EMOTIONAL MAKE-UP

More and more we are learning that the condition or health of the body depend greatly upon mental and emotional health. Thus, anxiety can upset stomach and digestion, can cause sleeplessness and general weakness. On the other hand, infected teeth, tonsils, gall bladder, large intestine can cause mental symptoms, sleepiness and a "don't care" attitude toward life.

It is because it is now recognized how much the mind can affect the body that we are hearing and reading about "psychosomatic" medicine today, meaning the effect of the mind and emotions upon the body. Illness of the body can be helped or harmed by the state of our emotional health.

In Postgraduate Medicine, Dr. Joost A. M. Meerlo states that "typical psychologic (mental and emotional) processes come into action as soon as a sick human being consults a physician. These processes are dependent on pre-arranged expectations on the part of both doctor and patient. Scientific expectations, wishes of cure and unconscious cravings all complicate the doctor-patient relationship, which influences the form or method of treatment to be given."

Many patients, having treated themselves without success, unconsciously expect a "cure" when they consult a physician. The patient has a feeling of confidence in the doctor and feels free to tell the whole story of his symptoms and why he is consulting him.

Just as a clergyman listens to confessions and gives spiritual help, so the physician listens to the patient and gives medical or physical advice. Among the needs of the patient is getting relief from anxiety. So often symptoms or diseases break out or are made worse by the patient's continual anxiety and perhaps feeling of guilt. The struggle for life with its outside dangers and inner anxieties provokes many somatic (body) symptoms. That is why the patient doesn't ask only for pills and injections, he wants to confess the bad way he has managed his life.

Doctors are not competing with clergymen. The facts confessed to the doctor are different, concerned with the body. They often pave the way for real confessions to a father confessor.

The Washington Merry-Go-Round

By DREW PEARSON

Washington—There was more than meets the eye behind the sudden axing of three assistant attorneys general by Jim McGranery, new head of the Justice Department.

One of them, Graham Morison, head of the antitrust division, had been a tough, uncompromising prosecutor of big business monopoly and was regarded as one of the best men in the Justice Department.

However, he was the object of an intercabinet argument a short time ago which involved the secretary of defense and the giant American Telephone and Telegraph Co., whose former chairman, Walter Gifford, is now U. S. ambassador in London.

Morison has been pushing a vitally important antitrust case against A. T. & T. and its wholly-owned subsidiary, Western Electric. And shortly before McGranery became attorney general, Secretary of Defense Lovett asked the acting attorney general, Phil Perlman, to drop the case. Lovett argued that the Bell Laboratories, also owned by A. T. & T., could not cooperate properly with the Defense Department if A. T. & T. were under antitrust investigation.

But when Perlman asked Morison to drop the case, Morison rebelled:

"That's the same baloney that every big business firm brings in when they get in a tight place," the assistant attorney general remonstrated. "They appeal to the army or navy, and the army or navy, knowing nothing about monopoly, go to bat for them. That's what they did during the war, and that's what they are trying to do now."

Cabinet Appeal

"But this is a request from a member of the cabinet," Perlman urged. "It impairs my personal relations with Lovett if I can't cooperate."

"Listen, brother," replied Morison, a tough ex-Marine, "neither you nor Lovett seems to understand what fixes telephone rates. Telephone rates are fixed on the basis of the cost. If the telephone company can show that its equipment is high, it can persuade the Public Service Commission to increase rates.

"All right. A. T. & T. is the sole owner of Western Electric. Western Electric makes all the equipment for A. T. & T. and charges high prices. They are not competitive prices. A. T. & T. could go out and buy the same equipment from another company for less. But it doesn't. It buys at a high price from its own company so it has an excuse to hike phone rates.

"That's what this antitrust suit is about," concluded Morison, "and I'll be hanged if I'm going to drop it, Secretary of Defense or no Secretary of Defense."

Perlman, having received a full explanation, agreed, backed up Morison 100 per cent.

Probed RCA

But a few days later, new Attorney General McGranery took over, called in Morison on another antitrust matter, this one involving an administration pet—The Radio Corporation of America. David Sarnoff, head of RCA, which controls National Broadcasting Co., is the man who gave Margaret Truman her radio contract. He has carried such weight at the White House that, during the visit of Prime Minister Clement Attlee, the President suspended his conferences, kept the prime minister waiting while he had a long luncheon with Sarnoff and Margaret.

But Morison, paying no attention to this relationship, had called a grand jury to investigate certain RCA practices. RCA, in turn, has hired the lawyer closest to the White House, Clark Clifford.

New Atttorney General McGranery questioned Morison about the RCA cast shortly after he took office. McGranery was discreet, said little. But a few days later, he fired Morison.

Note—Morison had long wanted to leave the Justice Department, had had several other job openings, but remained on because of his devotion to antitrust work. After getting his notice, Morison asked permission to remain in the Justice Department long enough to finish a Collier's Magazine article answering David Lilenthal's attack on the Justice Department's antitrust cases. McGranery said no.

Gas Lobby

Some of Sen. Bob Kerr's Senate colleagues have warned him privately that if he is really serious about running for president he had better keep away from the natural gas lobby.

They accuse him of being the hidden wire-puller trying to block confirmation of Tom Buchanan as chairman of the Federal Power Commission because Buchanan was the only man who stood up against Kerr and the gas lobby when it came to removing PFC supervision over gas producers.

Buchanan, who has fought the gas lobby every inch of the way, was reappointed to his job in May. But for mysterious reasons, a subcommittee headed by O'Conor of Maryland has delayed action until this week, when, after a month of stalling, it finally opened hearings—though it may be too late.

Buchanan's term expires this weekend, and unless the Senate acts today or tomorrow, the man who put up the chief battle for the housewife and other gas consumers will be out of his job.

Note 1—Significantly, the committee which must finally pass on Buchanan is headed by Sen. Ed Johnson of Colorado, Senator Russell's campaign manager.

Note 2—Here are some of the reasons why the natural gas lobby doesn't want Buchanan reappointed. Texas Eastern Pipeline has a $41,000,000 rate increase pending before the FPC. If Buchanan is remade chairman, he'll vote against it. Other companies asking big rate increases are: Mississippi River Fuel, $3,300,000; Ohio Fuel Gas Co., $2,200,000; Manufacturers Light and Heat of Pittsburgh, $2,300,000. If these increases are OK'd, housewives will have to pay about 50 per cent more for their natural gas.

President of College Never Graduated!

Dr. Walter Williams (1864-1935) was President of the University of Missouri: (1930-1934) although he never had a bachelor's degree, not even a high school diploma. He left the public schools of Boonville, Mo., age 15, to become a printer's devil at a salary of 70 cents a week. He became Missouri's most noted journalist, founded a school of journalism of which he became the dean and was eventually elected president of the University of Missouri.

Today in Europe

One of Luxuries of Democracy Is Right to Commit National Suicide

By DAVID LAWRENCE

En Route From Europe, June 19—The peace of the world rests in the hands of small groups of men in London, Paris, Berlin and Rome. In each capital the groups consist of two sets of influential men—the persons who hold the responsibility of government and those men who, by one artifice or another, demagogic or emotional, ideological or political, are determined to upset the government in power.

This is the luxury of democracy—the right to political division, the right of free speech, and the right to commit national suicide.

The answer which dictators have made—and they may rise again in Europe to convince the bewildered and helpless peoples that democracy is a clumsy and ineffective institution — is not, however, to abandon democracy but to organize it. There is nothing which an organized democracy cannot do in its own interest and to preserve its independence. But the problem is more difficult because democracies are reluctant to impose self-discipline—to set up an organized economy.

It used to be that dictators seized the processes by which public opinion is made—the radio and the press—and imposed their will that way. But democracies today likewise have a powerful influence with the press and radio. What is lacking today is leadership and statesmanship. Too many of the men who hold governmental power are neither imaginative nor bold—they act as if the problem of government, with millions of people to govern, can be selved by high-sounding speeches and high-brow orations. The policies in London, Paris, Rome and Berlin have been of a defensive variety, with all eyes on the maneuvers of a political opposition, and not affirmative policies to get at the economic weaknesses that make votes for the political opposition.

Stalin, like Hitler and Mussolini, knows the defects of the democratic process and is betting on such defects to bring about the economic and political disintegration which will enable the Communists or their "left wing" brethren—the extreme Socialists—to get into power and play ball with Moscow. It is amazing to note the inroads already made among the Socialists of Britain, Germany, France and Italy by Communist doctrine. Stalin has only to be patient—if things go on as they are today, he will control all of Europe through his stooges in all the so-called free countries. He will keep the democracies weak and disorganized. He will keep them from arming effectively for defense because he already has allies in Britain, France, Italy and Germany who don't want to rearm for fear of offending Stalin.

But where does the United States fit into this picture? This is one of the most tragic aspects of the whole problem. In Washington, too, there are two sets of people—those in the government and in Congress, Republicans and Democrats, who have tried to help Europe with economic and military aid, and those inside and outside the government who would scrap economic and military aid tomorrow because they think that course would be politically popular in America. But along with these groups is still another segment of opinion—unhappily growing larger—which can't see what the American policy is accomplishing and who glibly refer to an ungrateful Europe or to money "poured down the rathole." This, in turn, causes uneasiness and apprehension in Europe and tends to weaken the governments in power.

This unfamiliarity with the true situation in Europe—a situation that can force a Third World War which America is committed by the North Atlantic Treaty to enter at once—makes the question of United States policy difficult to formulate and to administer. Europeans privately will say America doesn't intervene strongly enough, while other Europeans publicly accuse the United States of meddling in the internal affairs of supposedly free countries.

America is still an innocent bystander in Europe, trying to help—by money and by troops and by moral support—to establish strong democracies. But American policy gives the impression nevertheless of being hesitant and wavering and of failing to give due weight to the political currents that arise from an indestructible nationalism in every country in Europe. Ideas like the "United States of Europe" or a federation of European states are very good as objectives, but they are and will be subjected to attacks from a nationalism which will never die.

The dilemma is how to mix the proper dosage of internationalism with the proper dosage of nationalism. Pride of country, patriotism, and a national spirit are closely akin to national morale and the will of a people to fight. To abandon these in a welter of phrases about a super-national authority or the importance of "yielding national sovereignty" is an intellectual exercise which ignores the realism of human nature, the barriers of language, and what has made voters in the past and will make them in the future embrace communism or Fascism or any other "Ism" that gives them a job and shelter.

The standard of living in European countries is indescribably low when compared to the American standard. There is much more opportunity for the demagogue in the so-called free countries of Europe than most Americans can possibly imagine, for they have not seen the squalor and poverty of Europe in a post-war era. Americans might as well adjust themselves to the fact that reconstruction in Europe is a long, tedious job which will require American dollars, American advice, American moral support and, above all, American statesmanship for at least another ten years and perhaps more. The alternative? Political and economic chaos and more cemeteries in Europe with rows of white crosses bearing names of Americans from every state in the union.

AS PEGLER SEES IT

By WESTBROOK PEGLER

In all the palaver over President Truman's hand-made emergency in the steel industry, the fact that Truman and the union deliberately made the emergency has been overlooked entirely. The steel companies made no demands on the union. The union made demands on the companies. Truman then resorted to a familiar device which F. D. Roosevelt often had employed, the appointment of a loaded board with a pretense of even balance between the conflicting interests, with foreknowledge that the board would decide in favor of the union. Of course, the companies should not have permitted themselves to be drawn into such a situation. They should have refused to deal with this kangaroo court, and their propaganda should have concentrated on the fact that Truman and the union were allies, taking advantage of a terrible war, to which Truman himself had committed the people of the United States to try to seize all industry.

This was a fascist trick but probably, in the long run, if nothing happened to retard them in their course, Truman and his political partners in the union racket would give us communism rather than fascism. There is not much difference, but Truman and his friends abhor fascism by name but are close to communism. Many of them in fact are Communists in philosophy and are friendly to Soviet Russia. The Hiss case and the atom bomb traitors convey this preference. There is more of treason in communism than there is in fascism because there is an international Communist organization, directed from Moscow, which has the avowed purpose of destroying our government. There is no such fascist organization with a similar purpose.

During the war we had a master case in the seizure of Montgomery Ward in Chicago by an army detail under a major general, attended by a colonel press-agent who was a member of the CIO. Sewell Avery, the chairman of the board of Montgomery Ward, refused to yield the company's property to Roosevelt's army of occupation and made the general make himself ridiculous by ordering his soldiers to carry out a sedentary old one-man insurrection bodily. These soldiers had been called from their normal pursuits by Franklin D. Roosevelt to fight a foreign foe and now they found themselves counting socks and shirts and all the stuff of a general mail-order merchandise business merely because the CIO

Good Taste Today

(Author of 'Etiquette,' 'Children Are People,' etc.)

GRACEFUL REFUSAL

A father's pride is expressed in this letter: "I am not well-to-do by any means, but am well able to provide my wife and twelve-year-old daughter with the necessities, and even a few luxuries. Every now and then our next-door neighbor, who is no better off financially than we are, will bring over clothes that her daughter has outgrown, for my daughter. My wife always accepts them with thanks even though she knows she will never use them. (I might add that these clothes are not new by any means.) I have told my wife that I do not wish to be known as a "charity case" and not to accept any more of these things, but she is so afraid of hurting her feelings. Will you please tell us how to tactfully handle this situation so as to dispel any future occurrences?"

I think the only thing your wife could do is to thank her for her very kind intention and say that fortunately Mary has plenty of clothes this year and that the neighboring orphanage, or whatever charity is nearby, could put them to far better use.

In Very Bad Taste

Dear Mrs. Post: I would very much like your opinion on the appropriateness of wearing a corsage to a funeral. I recently went to a funeral where several of the mourners wore them and I was quite taken back as I had never seen this before.

Answer: Wearing a corsage bouquet to a funeral would be in very bad taste.

Postponed Party

Dear Mrs. Post: My twenty-fifth anniversary was last year, but due to a death in the family, we did not celebrate it in any way. Would it be permissible to celebrate this occasion on my twenty-sixth anniversary, carrying out the silver motive?

Answer: If you want to, your friends will surely understand, and you could sent out invitations to a "Belated Silver Anniversary." It is unusual but there is no rule against it.

Good Taste Today

by Emily Post

(Author of 'Etiquette,' 'Children Are People,' etc.)

GRACEFUL REFUSAL

A father's pride is expressed in this letter: "I am not well-to-do by any means, but am well able to provide my wife and twelve-year-old daughter with the necessities, and even a few luxuries. Every now and then our next-door neighbor, who is no better off financially than we are, will bring over clothes that her daughter has outgrown, for my daughter. My wife always accepts them with thanks even though she knows she will never use them. (I might add that these clothes are not new by any means.) I have told my wife that I do not wish to be known as a "charity case" and not to accept any more of these things, but she is so afraid of hurting her feelings. Will you please tell us how to tactfully handle this situation so as to dispel any future occurrences?"

I think the only thing your wife could do is to thank her for her very kind intention and say that fortunately Mary has plenty of clothes this year and that the neighboring orphanage, or whatever charity is nearby, could put them to far better use.

In Very Bad Taste

Dear Mrs. Post: I would very much like your opinion on the appropriateness of wearing a corsage to a funeral. I recently went to a funeral where several of the mourners wore them and I was quite taken back as I had never seen this before.

Answer: Wearing a corsage bouquet to a funeral would be in very bad taste.

Postponed Party

Dear Mrs. Post: My twenty-fifth anniversary was last year, but due to a death in the family, we did not celebrate it in any way. Would it be permissible to celebrate this occasion on my twenty-sixth anniversary, carrying out the silver motive?

Answer: If you want to, your friends will surely understand, and you could sent out invitations to a "Belated Silver Anniversary." It is unusual but there is no rule against it.

* * *

Answers can be friendly and fun without spending great sums of money, explains Mrs. Post in her leaflet E-13, "Showers." There are showers for the new home, the baby and the bride. Mrs. Post is sorry she cannot answer personal mail. To obtain a copy, send 10 cents in coin to her, in care of The Kingston Daily Freeman, P. O. Box 99, Station G, New York 19, N. Y.

Weekly Food Review

(By The Associated Press)

Lower prices for potatoes and several fresh hot-weather fruits took the food news spotlight this week. Meat and butter prices were little changed generally. Top grade eggs were up two cents a dozen in scattered sections.

Potatoes dropped sharply as heavy shipments reached terminal markets across the country. Suppliers rushed spuds to stores to take advantage of the high prices that prevailed last week as an aftermath of the lifting of price controls, and both wholesale and retail prices skidded as long-empty potato bins were replenished.

Behind-schedule crops were maturing very rapidly and entering the market—particularly potatoes from Virginia which poured into eastern cities to furnish strong competition to stocks of potatoes from California and the Carolinas.

Potatoes Are Less

At retail potato price reductions of around 10 cents for five-pound bags were common in many sections this week, bringing prices well below the old ceilings in wide areas. Prices were still dropping in some places at mid-week, but several produce authorities said there were signs that potatoes were beginning to level off at whot could be considered seasonally-normal levels. Supplies were reported plentiful everywhere, and an Associated Press survey turned up no evidence of marked consumer buying resistance at the latest price levels.

Is another potato shortage in prospect for next spring? Not likely, according to market analysts in the nation's leading potato-growing state of Maine. Federal and state farm officials there estimate that planting there is up 25 to 40 per cent over last year. Barring unforseen crop damage, that would mean an abundance of potatoes for the coming winter and spring.

Fruits Reach Market

Meantime, summertime fruits were reaching market in increasing volume and prices were slipping downward. Cantaloupes were high on the week-end best-buys lists of several big chains and independent stores. Watermelons, cherries, blueberries and raspberries also were lower. Strawberries were being offered in a wide range of quality and price. More and better peaches were being shipped, but brisk hot-weather demand kept their prices from rising. The season's first Thompson seedless grapes from California reached distant markets this week.

Lively demand for cucumbers, coupled with some adverse growing weather in Florida, pushed prices for that salad specialty higher. Best lettuce and tomatoes were still relatively high but there were plenty of poorer quality around at lowest cost. Green corn was a little lower, as were cabbage and peppers.

Florida shipped the first yams of the season this week to northern markets.

There was little uniformity in the weekend shopping specials being offered by retailers. Mentioned most often were beef rib and chuck roasts, turkeys, bacon, baking hens, ham, several types of fresh frozen fish, potatoes, cantaloupes, oranges, green beans, fresh corn and cheese.

The Agricultural Department stressed lettuce, milk and dairy products as most-plentiful for thrifty buying this week.

Savings and Loan Increase Savings

New York savings and loan associations increased their savings account balances by $20,607,000 during May, 1952, David Ford, president of the Savings Association League of New York State, announced today.

The increase brought total savings in the 235 savings asociations in the state to a new peak of $1,510,607,000.

During the month of May the inflow of new savings aggregated $53,058,900, which was 18.8 per cent above the May 1951 total of $44,672,843. Withdrawals for the month of $32,452,200 were up only 1.98 per cent from the comparable figure of last year. The net gain in savings was 60.3 per cent greater than the $12,854,000 increase in May 1951.

For the 12 months ended May 31, 1952, savings in New York savings associations have increased $228,117,826 which is at the rate of 17.8 per cent.

Paper Is Sold

Boston, June 18 (AP) — Sale of the 121-year-old Boston Post to John Fox, 45-year-old Boston financier, was announced last night. The announcement that Fox contracted to purchase the Post was made by Mrs. Helen D. Grozier, widow of the late Richard Grozier, the Post's editor and publisher from 1924 to 1946, and Harry J. Gallagher, of the Post's board of trustees. They are executors of Richard Grozier's estate. It said Fox will assume control of the newspaper at a date to be announced later.

Weekly Food Review

(By The Associated Press)

Lower prices for potatoes and several fresh hot-weather fruits took the food news spotlight this week. Meat and butter prices were little changed generally. Top grade eggs were up two cents a dozen in scattered sections.

Potatoes dropped sharply as heavy shipments reached terminal markets across the country. Suppliers rushed spuds to stores to take advantage of the high prices that prevailed last week as an aftermath of the lifting of price controls, and both wholesale and retail prices skidded as long-empty potato bins were replenished.

Behind-schedule crops were maturing very rapidly and entering the market—particularly potatoes from Virginia which poured into eastern cities to furnish strong competition to stocks of potatoes from California and the Carolinas.

Potatoes Are Less

At retail potato price reductions of around 10 cents for five-pound bags were common in many sections this week, bringing prices well below the old ceilings in wide areas. Prices were still dropping in some places at mid-week, but several produce authorities said there were signs that potatoes were beginning to level off at whot could be considered seasonally-normal levels. Supplies were reported plentiful everywhere, and an Associated Press survey turned up no evidence of marked consumer buying resistance at the latest price levels.

Is another potato shortage in prospect for next spring? Not likely, according to market analysts in the nation's leading potato-growing state of Maine. Federal and state farm officials there estimate that planting there is up 25 to 40 per cent over last year. Barring unforseen crop damage, that would mean an abundance of potatoes for the coming winter and spring.

Fruits Reach Market

Meantime, summertime fruits were reaching market in increasing volume and prices were slipping downward. Cantaloupes were high on the week-end best-buys lists of several big chains and independent stores. Watermelons, cherries, blueberries and raspberries also were lower. Strawberries were being offered in a wide range of quality and price. More and better peaches were being shipped, but brisk hot-weather demand kept their prices from rising. The season's first Thompson seedless grapes from California reached distant markets this week.

Lively demand for cucumbers, coupled with some adverse growing weather in Florida, pushed prices for that salad specialty higher. Best lettuce and tomatoes were still relatively high but there were plenty of poorer quality around at lowest cost. Green corn was a little lower, as were cabbage and peppers.

Florida shipped the first yams of the season this week to northern markets.

There was little uniformity in the weekend shopping specials being offered by retailers. Mentioned most often were beef rib and chuck roasts, turkeys, bacon, baking hens, ham, several types of fresh frozen fish, potatoes, cantaloupes, oranges, green beans, fresh corn and cheese.

The Agricultural Department stressed lettuce, milk and dairy products as most-plentiful for thrifty buying this week.

Savings and Loan Increase Savings

New York savings and loan associations increased their savings account balances by $20,607,000 during May, 1952, David Ford, president of the Savings Association League of New York State, announced today.

The increase brought total savings in the 235 savings asociations in the state to a new peak of $1,510,607,000.

During the month of May the inflow of new savings aggregated $53,058,900, which was 18.8 per cent above the May 1951 total of $44,672,843. Withdrawals for the month of $32,452,200 were up only 1.98 per cent from the comparable figure of last year. The net gain in savings was 60.3 per cent greater than the $12,854,000 increase in May 1951.

For the 12 months ended May 31, 1952, savings in New York savings associations have increased $228,117,826 which is at the rate of 17.8 per cent.

Paper Is Sold

Boston, June 18 (AP) — Sale of the 121-year-old Boston Post to John Fox, 45-year-old Boston financier, was announced last night. The announcement that Fox contracted to purchase the Post was made by Mrs. Helen D. Grozier, widow of the late Richard Grozier, the Post's editor and publisher from 1924 to 1946, and Harry J. Gallagher, of the Post's board of trustees. They are executors of Richard Grozier's estate. It said Fox will assume control of the newspaper at a date to be announced later.

Quads Are Born; All Doing Well

Weymouth, Mass., June 19 (AP) —Mrs. Marion L. Manning, 27-year-old auburn-haired wife, today was the proud mother of healthy quadruplets.

The quadruplets—three boys and a girl—were born at South Shore Hospital last night to Mrs. Manning, already the mother of three other youngsters.

The first child, a girl, was born at 9:23 p. m. (EST). The second, a boy, was delivered at 10:13 p. m. and the third and fourth, also boys, were born 11 and 16 minutes later.

The babies, all placed in incubators, were reported to weigh 2 and 3 pounds each and to measure about a foot long. Several hours after the last birth, hospital physicians reported their condition as "fair."

All four deliveries were described as normal by Dr. Robert R. Ryan, about 56, who delivered the babies with the assistance of Dr. Edward J. Howley.

Dr. Ryan said that Mrs. Manning was doing well and will be allowed to sit up today if she feels strong enough.

Order Is Continued

Aden, June 19 (AP)—A British court here today continued until July 16 its order banning the removal of a disputed cargo of Iranian oil from the British port of Aden. The action ties up the little tanker Rose Mary, with its 1,000-ton cargo of oil, in the first bold attempt to run Britain's commercial blockade on Iranian oil. The court imposed a temporary injunction on the oil cargo yesterday at the request of the multi-billion dollar Anglo-Iranian Oil Company, which claims ownership of the oil.

Collision Is Reported

Halifax, Nova Scotia, June 19 (AP)—The Greek freighter Asteris and the Swedish tanker Scandinavia collided in mid-Atlantic early today but neither ship appeared to be in danger. Marine radio, the Canadian Air Force and the United States Coast Guard tried to reach the damaged ships by radio after the Asteris sent an SOS following the smash. The air force reported that the original distress message was subsequently canceled and the ships reported they were "standing by one another."

Cost of Living Is Near Record of Last January

Price of Food and Rent Climbs Toward Peak Reached as Year Began

Washington, June 19 (AP) — The government's latest cost-of-living barometer moved up today under pressure of rising food and rent costs to within a tiny fraction of the record high reached last January.

The living-cost index, measuring prices of food, clothing, shelter and a host of other things climbed during the month ending May 15 two-tenths of one per cent to 189 per cent of the 1935-39 average. That is 4.1 per cent over the mark of 18 months ago when price and wage controls took effect. The peak figure last January was 189.1.

Rail Wage Adjustment

A million and a quarter railworkers will get an automatic two-cent hourly wage boost as a result of the latest increase in living costs. Their work contract ties wages to the cost-of-living index and adjustments are made each three months.

Another 100,000 wage earners in textiles, aircraft and oil refining industries also get at least a one-cent boost.

Leading the over-all living-cost rise was a boost of four tenths of one per cent in rent across the country. The price of food at the grocery store moved up three tenths of one per cent.

But the price of clothing, of fuel and electricity and of house furnishings all dropped fractionally.

Piano Care

Your piano should be placed where it looks attractive, and where conditions are right for its proper care. It should be placed in a room where the temperature is pretty constant — not too near windows or radiators where care and tone might suffer. Polish the keys occasionally with non-oily polish. Keys should be washed occasionally, and a cellulose sponge is ideal for the job. These sponges do not leave strings or fuzz.

Well-Toothed

A dog has more permament teeth in its lower jaw than in its upper jaw. In the upper jaw, there should be six incisors, two canines, and 12 molars. In the lower jaw, the dog has the same arrangement, plus two extra molars.

Patrick Pleads Innocent

Washington, June 19 (AP) — Charles Patrick Clark, who tossed a straight left at columnist Drew Pearson in the Mayflower Hotel lobby, pleaded innocent to charges of assault today. Clark, an attorney was released in police court on personal bond for a hearing July 3. Pearson was not in court. He was represented by his counsel. Clark, $75,000-a-year lobbyist, has freely admitted to reporters that he threw the punch yesterday.

office by the state with assurance that the necessary right-of-way has been acquired or right of entry obtained."

Notice Is Given

Following that notification to Congressman Wharton by Acting Commissioner of Public Roads H. E. Hilts, Congressman Wharton notified John Papp of Lanesville of the action. Mr. Papp is chairman of the Stony Clove Parents Committee which has been pressing early completion of this project over which school children must travel in order to get to school. In winter the present road running from the Ulster-Greene county line to Edgewood where it joins a section already completed, presents serious safety hazards.

The section of the route in Ulster county has been completed to the Greene county line and all that remains to complete the route through the Notch is the four miles in Greene county.

Approval of the project as one eligible for Federal aid on the Secondary Road Construction Program now placed the route on the approved list for construction as soon as plans have been completed and rights of way secured so that the job may be advertised for bid.

Awaited Federal Aid

Last February B. D. Tallamy, superintendent of the State Department of Public Works, stated that the Notch road had been placed on the top of the 1952 construction program and at that time was waiting for Federal approval.

Wednesday, following approval of the project by the Federal government, the State Department of Public Works in Albany was contacted by a Freeman reporter. It was stated there that the state would proceed now with preparation of final plans for the construction of the route and the contract would be advertised for bid on completion of those plans and approval of such plans by the Federal government.

It was stated that Federal approval of the project coming at this late season of the year found all state highway moneys already allocated for this year's program of construction and there was practically no chance of the road being under contract this year.

It was pointed out in Albany that since the final plans must be approved by the Federal government and that there were no funds available in the state construction fund for additional projects this year, that the Notch road route had not been included in this year's construction program but would be added to the 1953 program.

The Stony Clove Parents Committee, of which John Papp is chairman, has pressed the completion of this route in order to eliminate the hazardous conditions which school children must face in winter.

Congressman Wharton was contacted in April by the committee and requested to exert every effort to see that federal aid moneys were made available for the construction of this final stretch of the route.

Designated by U. S.

The remaining four-mile stretch of the route, N. Y. State Highway 214, has been designated by the federal government as project S-937 (4) following approval of the project.

Under date of June 9, Acting Commissioner of Public Roads writes to Congressman Wharton, "additional information in justification of this project has now been received and the required concurrence of the local road authorities obtained by the state. Approval for the programing of this project was given on June 9. The project consists of four miles of grading, drainage structures including three bridges and two-lane paving. The estimated cost is $700,000, with federal-aid participation in the amount of $350,000."

The road generally follows the alignment of the present road but any additional lands for right of way will be secured by the state at no cost to the county of Greene, it was stated by a representative of the New York State Department of Public Works.

married daughter. The loss was partly covered by insurance, he said.

The fire might have been a direct result of Tuesday night's electrical storm, Fitterer reported to the sheriff's office last night that the house had been struck by lightning on Tuesday night. It appeared, however, that no fire resulted at the time, for he reported that when he left for work at 6:30 a. m. Wednesday, the house "was intact."

Requests Investigation

Fitterer requested an investigation, and Under Sheriff Clayton Vredenburg this morning assigned County Investigator Arthur H. Brown to the case. One possible theory is that the lightning caused a slight fire which smouldered unnoticed during the night and did not blaze out until sometime the following day.

Fitterer explained that failure of anyone to discover the fire was probably due to the fact that the house is located in the dense woods, and can only be seen from the river, even though it is not far from heavily traveled Route 9W.

Fire Chief Edward Mains of Port Ewen first heard of the fire this morning when he was contacted by The Freeman. Chief Harry Maines of the Esopus Fire Department likewise had not been informed of the fire, and at Mutual Aid Headquarters at the Central Fire Station in Kingston no alarm had been received.

Mrs. Fitterer was in New Jersey at the time of the fire, and is expected home today or tomorrow, Fitterer said.

The area around the Fitterer home had been severely hit by Tuesday night's storm, and Thomas Bohan, whose property adjoins that of the Fitterer's, reported at 9:30 a. m. today that his telephone was still out of service, and electric power had only been restored early this morning. Bohan counted a total of 25 trees down on his property, including some up to three or four feet in diameter.

Fitterer reported today that he has another house in the vicinity, in which he was able to spend the night.

think that will do Gen. Eisenhower much good.

Both Confident

The Tennessean told newsmen earlier he is confident of winning the presidential nomination at the Democratic convention July 21 in Chicago. Perhaps on the first ballot, he said, but more likely on the fifth or sixth.

But Averell Harriman, who beat Kefauver about 4-to-1 in the District of Columbia's primary Tuesday, predicted just as confidently: "I will win the nomination."

Democratic nomination requires 616 delegate votes. The Associated Press pre-convention tally gives 246 to Kefauver. Sen. Richard Russell is in second spot with 114½, followed by Harriman's 91½.

Taft's nationwide total of 466 is tops in the Associated Press Republican scoresheet. Eisenhower has 393. Nomination at the GOP convention July 7 in Chicago calls for 604.

Speculate on Delegates

The last 10 GOP delegates will be named in Illinois Monday at a Springfield convention. All are expected to go for Taft, although Eisenhower forces are seeking an even-steven split.

Utah's 14 delegates yesterday signed a letter reaffirming their support of Taft. The action was aimed at quieting a commotion stirred by GOP State Chairman A. Pratt Kesler's comment that six of the group might back Eisenhower on the second ballot.

The Utah delegation, officially unpledged but avowedly pro-Taft, visited Eisenhower at Denver Tuesday. Kesler's statement followed that meeting.

The Republican National Committee, meanwhile, is scheduled to hold hearings starting July 1 in Chicago on formal contests involving 72 delegates in Texas and six other states. This formidable total could swing a tight nomination race either way.

with this latter viewpoint. So did Mrs. Howard when she issued her decision a few hours later.

Taft said:

"I would welcome this treatment because the issues in that case have been so completely misrepresented by the Eisenhower press that I hope they will be thoroughly examined in Chicago.

"Broadly speaking, the question is whether Democrats can take over the Republican party and dictate its nominee. The exact facts in each case can be determined by a judicial proceeding in the national committee with appeal to the credentials committee and even the convention itself."

This echoed contentions by Taft backers that many Eisenhower followers in Texas were really Democrats in disguise. It was on this point that pro-Eisenhower delegates to the Texas state meeting were excluded. They held a convention of their own and chose a rival slate of national convention delegates.

Jack Porter, Texas campaign manager for Eisenhower, said he was glad the committee "properly recognized the Texas election laws." Henry Zweifel, Taft's Texas leader, said he was prepared to prove the Eisenhower supporters there generally were "Democrats who intended to remain Democrats."

Mrs. Howard's news release said of Texas:

"While the district delegates were 'recommended' by district caucuses, they were 'elected' by the state convention, rather than by district conventions."

The 34 other disputes, involving at-large delegates and accepted for settlement by the national committee, include 18 in Florida, six in Louisiana, four each in Georgia and Mississippi and one each in Missouri and Kansas.

Last Friday, the committee sent back for state settlement contests over these district delegates: 13 in Georgia, seven in Louisiana, two in Virginia and one in Mississippi.

ADVERTISING IN THE FREEMAN PAYS

Investor Forum

by Harry C. France

For many years the Canadian dollar sold at a considerable discount in New York. In 1940 it brought 85 cents; in 1945, 90 cents. It is now worth about $1.02.

The value of money in any country reflects the economic conditions there. With the United States still struggling with the problems of prices and wages—due primarily to our dollar's instability— it may be well to look into the reasons for the economic resurgence of the Canadian dollar.

What has been done there to boost currency value? And would it be a practical plan of action for American fiscal leaders to follow? Prices and wages have plagued our country for a long time; a deteriorating dollar is at the bottom of these conditions.

First of all, Canada has had a balanced budget for over five years. And please note: Since 1945, the Canadian dollar has gone from 90 cents to $1.02. I do not think this is mere coincidence. Of course, it is not the whole story either. But balanced budgets tend to put life and vigor into economic situations through the release of other forces.

The soundness of Canadian governmental finance has encouraged the investment, from the United States, of hundreds of millions of dollars. Oil, natural gas, timber, iron, uranium, cobalt, zinc and lead—these are some of the products that American capital is helping to exploit in Canada.

Decentralization is a matter of public policy in Canada. The provinces are not tied to their mother's apron strings. The province of Quebec, for instance, through the encouragement of free enterprise, has brought 4,500 new industries into the area within the past five years.

During a period when Uncle Sam's debt has steadily increased, Canada has paid off $2,345,000,000 of her own debt since 1947. The tax situation there is far healthier than it is here. Fiscal controls are well established and individuals and corporations benefit thereby.

And here is an item of no great import—but significant nonetheless. During the years when the Canadian dollar was selling at a discount, the Dominion authorities allowed their citizens to take out of the country only a small amount of currency. One of my good friends—a leading Montreal pediatrician—would always answer my question: "How long a Maine vacation this summer?" with: "As long as my dollars hold out!" when, yearly, I met him there.

And the length of his vacation was always two weeks. Now there are no restrictions on capital movements out of Canada. The dollar's strength has changed scores of important economic relationships.

America has the resources, the money, the brains and the efficiency to promote a sound prosperity. But our inflationary dollar fails to give millions of our people confidence. Something solid can be built on a stable currency.

This steel industry wage and price business engenders economic uncertainty. The powers-that-be want laws and more laws to settle the matter. The cart is before the horse. Inflation infests our money and this condition permeates our total economic life.

What could and should be done? End duplication in Washington, for one thing. Consolidate overlapping bureaus. Hand back to the individual states the matters that can best be handled by them. Eliminate waste and extravagance.

Balance the budget, at all costs. Release billions of dollars of tax money to individuals and to corporations which, under the stimulus of our free enterprise system, would give our economic life a terrific shot in the arm.

There is too much politics in our economics. Our own government is too big and too powerful. As has so often been said, our people should support the government and not the government the people.

Colossal expenditures at Washington, with the resultant unbalanced budgets and excessive taxation, are holding back a great private-enterprise resurgence here. A healthy United States dollar, with its inflationary character removed, would give America the foundation of a lasting prosperity.

Boy, 8, Is Injured In Freak Mishap Aboard El Train

New York, June 19 (AP)—Eight-year-old Douglas Flick, of 2396 Valentine avenue, the Bronx, was critically injured in a freak accident last night when he fell between the cars of a moving Third Avenue "El" train, then slipped between the ties and plumeted 35 feet to the street at Bassford and Third avenues.

The boy, with his twin brother, Donald, was walking from car to car, police said. Each boy carried a fish bowl full of water and fish, presents for an uncle. As the train made a sharp curve at Bassford avenue, police said, Douglas lost his footing and slipped between the cars. The fish bowl he carried spilled its contents on the platform of one of the cars, but remained there unbroken.

Joseph Flick, father of the twins, and another uncle, were in another car of the train. Flick was returning home from work. Donald, who was unaware of what had happened to his brother, continued through the train and met his father. When Flick asked the whereabouts of his other boy, Donald said that Douglas had been following him.

Flick became alarmed and he searched the train. Not finding the missing boy he got off the train at 183rd street and walked back along the tracks. At Bassford avenue, three blocks north, he saw a crowd gathered on the street below. There he learned what had happened to his son.

The boy was taken to Fordham Hospital. He had fractured his skull and received other internal injuries in the fall.

400 to Attend Parley

Geneva, June 19 (AP)—More than 400 young people interested in politics and government are expected here tonight for the opening of the sixth annual Democratic political institute. Hobart and William Smith Colleges are playing host for the institute, sponsored by the youth division of the State Democratic Committee.

There is evidence that there was commerce between Egypt and Crete more than 6,000 years ago.

Investor Forum

by Harry C. France

For many years the Canadian dollar sold at a considerable discount in New York. In 1940 it brought 85 cents; in 1945, 90 cents. It is now worth about $1.02.

The value of money in any country reflects the economic conditions there. With the United States still struggling with the problems of prices and wages—due primarily to our dollar's instability— it may be well to look into the reasons for the economic resurgence of the Canadian dollar.

What has been done there to boost currency value? And would it be a practical plan of action for American fiscal leaders to follow? Prices and wages have plagued our country for a long time; a deteriorating dollar is at the bottom of these conditions.

First of all, Canada has had a balanced budget for over five years. And please note: Since 1945, the Canadian dollar has gone from 96 cents to $1.02. I do not think this is mere coincidence. Of course, it is not the whole story either. But balanced budgets tend to put life and vigor into economic situations through the release of other forces.

The soundness of Canadian governmental finance has encouraged the investment, from the United States, of hundreds of millions of dollars. Oil, natural gas, timber, iron, uranium, cobalt, zinc and lead—these are some of the products that American capital is helping to exploit in Canada.

Decentralization is a matter of public policy in Canada. The provinces are not tied to their mother's apron strings. The province of Quebec, for instance, through the encouragement of free enterprise, has brought 4,500 new industries into the area within the past five years.

During a period when Uncle Sam's debt has steadily increased, Canada has paid off $2,345,000,000 of her own debt since 1947. The tax situation there is far healthier than it is here. Fiscal controls are well established and individuals and corporations benefit thereby.

And here is an item of no great import—but significant nonetheless. During the years when the Canadian dollar was selling at a discount, the Dominion authorities allowed their citizens to take out of the country only a small amount of currency. One of my good friends—a leading Montreal pediatrician—would always answer my question: "How long a Maine vacation this summer?" with: "As long as my dollars hold out!" when, yearly, I met him there.

And the length of his vacation was always two weeks. Now there are no restrictions on capital movements out of Canada. The dollar's strength has changed scores of important economic relationships.

America has the resources, the money, the brains and the efficiency to promote a sound prosperity. But our inflationary dollar fails to give millions of our people confidence. Something solid can be built on a stable currency.

This steel industry wage and price business engenders economic uncertainty. The powers-that-be want laws and more laws to settle the matter. The cart is before the horse. Inflation infests our money and this condition permeates our total economic life.

What could and should be done? End duplication in Washington, for one thing. Consolidate overlapping bureaus. Hand back to the individual states the matters that can best be handled by them. Eliminate waste and extravagance.

Balance the budget, at all costs. Release billions of dollars of tax money to individuals and to corporations which, under the stimulus of our free enterprise system, would give our economic life a terrific shot in the arm.

There is too much politics in our economics. Our own government is too big and too powerful. As has so often been said, our people should support the government and not the government the people.

Colossal expenditures at Washington, with the resultant unbalanced budgets and excessive taxation, are holding back a great private-enterprise resurgence here. A healthy United States dollar, with its inflationary character removed, would give America the foundation of a lasting prosperity.

Boy, 8, Is Injured In Freak Mishap Aboard El Train

New York, June 19 (AP)—Eight-year-old Douglas Flick, of 2396 Valentine avenue, the Bronx, was critically injured in a freak accident last night when he fell between the cars of a moving Third Avenue "El" train, then slipped between the ties and plumeted 35 feet to the street at Bassford and Third avenues.

The boy, with his twin brother, Donald, was walking from car to car, police said. Each boy carried a fish bowl full of water and fish, presents for an uncle. As the train made a sharp curve at Bassford avenue, police said, Douglas lost his footing and slipped between the cars. The fish bowl he carried spilled its contents on the platform of one of the cars, but remained there unbroken.

Joseph Flick, father of the twins, and another uncle, were in another car of the train. Flick was returning home from work. Donald, who was unaware of what had happened to his brother, continued through the train and met his father. When Flick asked the whereabouts of his other boy, Donald said that Douglas had been following him.

Flick became alarmed and he searched the train. Not finding the missing boy he got off the train at 183rd street and walked back along the tracks. At Bassford avenue, three blocks north, he saw a crowd gathered on the street below. There he learned what had happened to his son.

The boy was taken to Fordham Hospital. He had fractured his skull and received other internal injuries in the fall.

400 to Attend Parley

Geneva, June 19 (AP)—More than 400 young people interested in politics and government are expected here tonight for the opening of the sixth annual Democratic political institute. Hobart and William Smith Colleges are playing host for the institute, sponsored by the youth division of the State Democratic Committee.

There is evidence that there was commerce between Egypt and Crete more than 6,000 years ago.

An expert always has a reason for his bid or play, while an average player relies to some extent on habit or the whim of the moment. Either method can be very interesting, but it's a mistake to mix the two.

When today's hand was played, West happened to be a player who has never been accused of being an expert. In fact, whenever this particular chap makes the right bid or play he does so against his better judgment.

West picked a good opening lead in the singleton diamond, but one swallow doesn't make a meal. South won with the king of diamonds and didn't like what he saw.

He couldn't get to dummy to take discards on the queen or jack of hearts. He couldn't draw trumps to safeguard the diamonds, for the enemy would then take two trumps and two clubs. So South led the seven of clubs from his hand, vaguely hoping for the best.

West didn't like to see a seven lying around loose, so he covered with the eight of clubs. This meaningless play gave East quite a problem.

It was clear from the bidding that West held at least five clubs. Hence West surely held at least one club lower than the seven. Why did West cover the seven instead of ducking to let East win the trick? East pondered this mystery carefully.

If East had been a poor player, he would have been unaware of any such mystery. He would remember that West had opened a diamond, so East would overtake the club and return a diamond. The ruff would defeat the contract, and East would be both happy and right.

If East had been a really fine player he would have known that West's club play was just as likely to be wrong as right. The opening lead was almost surely a singleton, however, so East would overtake the club and return a diamond.

This particular East was a near-expert. He could see the meaning of the club play, but he couldn't judge the difference between a good and a bad partner. So he decided that West played the eight of clubs because he wanted to win the trick; which meant that West was not in a position to ruff a diamond.

As a result, this East didn't give his partner the diamond ruff, and South made his contract.

Woman's Skeleton Found

Greenport, N. Y., June 19 (AP) —The body of a young woman was found yesterday on the beach of Plum Island off the extreme northeastern tip of Long Island. It was little more than a skeleton. Coast guardsmen estimated the woman had been dead at least five months. Southold, N. Y., police, state troopers and the Suffolk county district attorney's office joined forces to try to identify the body. Because of its condition, it was impossible to determine how the woman met death. Soldiers in swimming came across the body. Plum Island recently was returned to army control and a few troops are stationed here.

THE RUMINATOR

By HUMPHREY B. NEILL

A Column of Contrary Opinion

An economic factor which very few people make any effort to understand is the effect of "money" on the trends of business and prices.

By "money" one refers in modern times to credit, inasmuch as business is largely conducted on credit and with checks. Actual currency is not used in business transactions to any great extent (except in black market operations).

This money matter is brought up at this time because the monetary influence to stimulate business and to counteract deflation is evidently going to be an important part of pre-election efforts to keep "everybody happy and contented" until the votes are cast in November.

What happens to business, prices and jobs in an election year has a powerful influence upon how voters mark their ballots.

It is therefore important for the party in power to maintain "prosperity" during an election year.

But, as it happens, business in many lines has been poor over the past several months. Many prices, too, have fallen sharply (although not those that show in the family food basket). Deflation has become as much a worry in some quarters as inflation.

It is because of these recessionary fears that credit restrictions have been eased in recent weeks. Down payments on consumers' products, including automobiles, have been reduced, and the time payments extended. Thus far the lifting of these credit restrictions has not had any marked effect, although it is rather early to measure the full effect.

In addition to the credit factors, we now have a monetary influence injected which may result in another spur to inflation.

Within the past month the Treasury made an effort to sell bonds to the public. An issue was brought out and offered but received a cold shoulder from the public. In common parlance, the deal was called a "flop."

However, the Treasury must have money because of the stupendous requirements for defense.

Accordingly, another bond offering was readied for the market, but with the significant difference that the bonds could be purchased by commercial banks as well as by individual and institutions.

So long as borrowing by the government can be restricted to getting funds from people and private institutions such borrowing is not inflationary. It is quite the opposite, in fact; it counteracts inflation.

But when the government borrows from the banks it becomes highly inflationary.

The reason for this is that for every dollar a bank puts into government bonds, the bank can lend an additional five dollars. So, as you can readily perceive, if the banks buy the three billion odd dollars of bonds the government is issuing they can loan out another fifteen billion dollars. In other words, when the government borrows from the banks (i.e., when the banks buy the government's bonds) the banks are put in a position where they actually can "manufacture" a vast amount of new money. To make this clear, perhaps I should add that banks do not manufacture coins and bills, but they do add to the money supply by adding to their customers' deposits, when they lend. A bank deposit is the same thing as currency, insofar as the use of the money is concerned. If you have a bank deposit of ten dollars you can use it to pay a debt with the same as you can use a ten-dollar bill.

Let us rehash the illustration, because it is most important at this juncture in our national affairs.

The Treasury has offered this week a new bond issue of $3.5 billion. These bonds may be purchased by banks. And in addition, the banks may use these bonds to create bank deposits for other borrowers. There are qualifying details when you get into this subject technically, but the significant thought to keep in mind is that the government has once again resorted to "deficit bank financing" to get funds for defense and general expenses. And this form of financing is highly inflationary. Because the banks buy some, or most all, of these bonds you may not see an immediate inflation whirl, but it is bound to have an influence upon all financial affairs. It is definitely a move against deflation, and that is desirable in an election year.

Resolution Is Passed

Seattle, June 19 (AP)—Kiwanis International, heading into the final day of its five-day 37th annual convention, wrote into its records a resolution calling for freedom of information in this country. The resolution was one of 19 adopted by the 10,000 delegates yesterday after electing Walter J. L. Ray, Detroit, as president. New York city also was without opposition in its bid for the 1953 convention. The invitation will be submitted formally today.

Do You Remember

By SOPHIE MILLER

Charles W. Diehl, a blacksmith and horse-shoer of 41 Newkirk avenue, speaking of old times here, told me that he shod all the horses in Parish's Livery when it was on Broadway in Rondout. I asked him if he ever had any temperamental horses. He said he used to do horses for Cornell Hose, and they had a horse called "Sam", who was a very wicked horse but he was able to take care of him. Perhaps some old timers remember "Sam" at Cornell Hose. There were horses on that order which he could handle, yet the other men were afraid to go near them.

He said he remembered there was a shoemaker at about 92 Broadway and he had a very bad horse, it took four or five men to hold him. Finally the horse threw the shoemaker and his wagon and killed the owner. He also said in those days it cost from around $1.60 to $2 to shoe a horse and it lasted about one month. I remember when I used to go past O'Reilly's blacksmith shop and stop there to watch, the horses all seemed so meek. I often wondered how horses put up with those red hot smoldering odors and not take to their heels, but they never did when I was there and I was there often because I lived on the block below. There were two spots that interested me. One was the blacksmith shop and the other, was next door, the "Old Daily Express" newspaper. I used to watch the man 'type' off the paper and thought it was quite wonderful. There were big windows and we could look right inside.

A Mr. Freer brought down a big wall map of Ulster county, dated 1858. That was before Kingston was incorporated with Rondout as a city. They gave a listing at the bottom of the business establishments in Rondout and also in Kingston. I saw Bernstein's name listed and others but did not have the opportunity to take others down. It was through the courtesy of Harry L. Edson of the recreation department that I was able to look at the map because we used the ping pong table to unroll the large map. I am sure there must be more identical maps of Ulster county of 1858, somewhere in someone's attic. There are old fashioned prints at each corner. One at the bottom is of the Mansion House, when it had all its balconies and a high double staircase. It was at the time owned by Major George Von Beck.

I am writing strictly from memory, but that old map is a fountain of information. In each section, it seems owners of properties are listed as to where they were. Also various historical spots which are no longer remembered. The streets are not shown on the map itself, but in the left hand corner. At first I looked for "Broadway" but of course in 1858, there was no Broadway. I am not quite sure whether it was Division street or Union avenue.

So if anyone has a similar map, I certainly would like to see it again, and look it over more carefully. It is printed on sort of a canvas back, and has two substantial rollers, so that if it was put away in someone's attic it may still be intact and in good preservation.

STAR-KIST TUNA WINS 3-TO-1

Preferred in Thousands of Taste Tests

Actual taste tests were conducted in 24 cities and towns from coast-to-coast. Through the cooperation of church groups and women's clubs, homemakers sampled the 3 nationally advertised leading tuna brands. Food experts then made identical comparisons. Results were audited by independent Certified Public Accountants. In thousands of these unbiased side-by-side taste tests both homemakers and food experts preferred Star-Kist 3 to 1!

NOW, TIDE WASHES CLOTHES WHITER THAN YOU CAN BLEACH THEM!

THE WASH TEST PROVES IT!

TIDE gets clothes WHITER—with no bleach!

Amazing new tests prove that Tide, used all alone, washes WHITER than *any* soap or "detergent" with a bleach added. It's washday's big news . . . and you owe it to your clothes to try it! You'll never want to put bleach in the wash water again, once you see how much whiter clothes come with Tide alone!

AND WHAT'S MORE...

NO OTHER WASHING PRODUCT with a bleach added WILL WASH YOUR CLOTHES AS WHITE AS TIDE ALONE!

YOU HAVE TO SEE IT TO BELIEVE IT! And you *can* see it! You can see how much *whiter* Tide alone gets clothes than *any* other washing product *with a bleach added!* No matter what bleach you use in the wash water . . . no matter what soap or "detergent" you use it with . . . your clothes won't come out so white as they will with Tide alone! Amazing new laboratory tests prove it—get Tide and prove it for yourself!

CLEANER CLOTHES, TOO! Tide gets clothes cleaner than any soap *of any kind*. Millions of women have proved it. No soap known will get out so much grimy dirt, yet leave clothes so free of dulling film! There's never been anything like Tide for washday miracles. There's *still* nothing like Tide!

IT'S A NEW TIDE MIRACLE!

Even if you bleach clothes overnight, they won't be so white as TIDE washes them!

THINK OF IT! You can take two towels; wash one with Tide alone, soak the other in a bleach overnight . . . and then compare them for whiteness. You'll see that the Tide-washed towel is actually *whiter* than the towel that was soaked in bleach! Why, except for unusual stains, you need never bother with bleaching again!

TIDE is milder for hands than any other leading "detergent." So safe for washable colors!

YES! With all its cleaning and whitening action, Tide has an amazing new mildness. Not even the mildest "detergents" made especially for dishwashing are so gentle and kind to hands as Tide!

ACTUALLY BRIGHTENS COLORS! For dramatic proof of Tide's wonderful safety, watch soap-dulled wash prints and table linens come brighter after just one Tide wash. Yes, ma'am! Tide really cares for clothes and colors just as it does for your hands.

AND TIDE IS SO THRIFTY TO USE! Such a *little* Tide makes such oceans of rich, long-lasting suds . . . goes so far in hardest water, it's a miracle of economy.

"I'm hanging up whiter clothes—thanks to TIDE!"

says Mrs. Annamae Troast of Atwood, New Jersey.

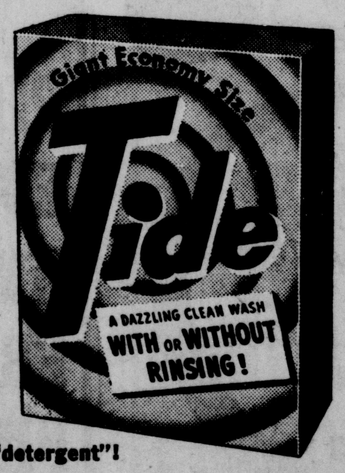
"I've tried all the best washday soaps—the new 'detergents,' too. I've always added the best bleach I could buy to them, but my clothes never came so white as they did after my first wash using Tide alone! I still can hardly believe it—*but it's true!*"

NO OTHER WASHING PRODUCT CAN PROMISE ALL THIS!

Washes clothes WHITER than you can bleach them!

Gets clothes CLEANER than any soap!

MILDER for hands than any other leading "detergent"!



NO WONDER TIDE IS THE WORLD'S FAVORITE WASHDAY PRODUCT!

STAR-KIST TUNA WINS 3-TO-1

Preferred in Thousands of Taste Tests

Actual taste tests were conducted in 24 cities and towns from coast-to-coast. Through the cooperation of church groups and women's clubs, homemakers sampled the 3 nationally advertised leading tuna brands. Food experts then made identical comparisons. Results were audited by independent Certified Public Accountants. In thousands of these unbiased side-by-side taste tests both homemakers and food experts preferred Star-Kist 3 to 1!

NOW, TIDE WASHES CLOTHES WHITER THAN YOU CAN BLEACH THEM!

THE WASH TEST PROVES IT!

TIDE gets clothes WHITER—with no bleach!

Amazing new tests prove that Tide, used all alone, washes WHITER than *any* soap or "detergent" with a bleach added. It's washday's big news . . . and you owe it to your clothes to try it! You'll never want to put bleach in the wash water again, once you see how much whiter clothes come with Tide alone!

AND WHAT'S MORE...

NO OTHER WASHING PRODUCT with a bleach added WILL WASH YOUR CLOTHES AS WHITE AS TIDE ALONE!

YOU HAVE TO SEE IT TO BELIEVE IT! And you *can* see it! You can see how much *whiter* Tide alone gets clothes than *any* other washing product *with a bleach added!* No matter what bleach you use in the wash water . . . no matter what soap or "detergent" you use it with . . . your clothes won't come out so white as they will with Tide alone! Amazing new laboratory tests prove it—get Tide and prove it for yourself!

CLEANER CLOTHES, TOO! Tide gets clothes cleaner than any soap *of any kind*. Millions of women have proved it. No soap known will get out so much grimy dirt, yet leave clothes so free of dulling film! There's never been anything like Tide for washday miracles. There's *still* nothing like Tide!

IT'S A NEW TIDE MIRACLE!

Even if you bleach clothes overnight, they won't be so white as TIDE washes them!

THINK OF IT! You can take two towels; wash one with Tide alone, soak the other in a bleach overnight . . . and then compare them for whiteness. You'll see that the Tide-washed towel is actually *whiter* than the towel that was soaked in bleach! Why, except for unusual stains, you need never bother with bleaching again!

TIDE is milder for hands than any other leading "detergent." So safe for washable colors!

YES! With all its cleaning and whitening action, Tide has an amazing new mildness. Not even the mildest "detergents" made especially for dishwashing are so gentle and kind to hands as Tide!

ACTUALLY BRIGHTENS COLORS! For dramatic proof of Tide's wonderful safety, watch soap-dulled wash prints and table linens come brighter after just one Tide wash. Yes, ma'am! Tide really cares for clothes and colors just as it does for your hands.

AND TIDE IS SO THRIFTY TO USE! Such a *little* Tide makes such oceans of rich, long-lasting suds . . . goes so far in hardest water, it's a miracle of economy.

"I'm hanging up whiter clothes—thanks to TIDE!"

says Mrs. Annamae Troast of Atwood, New Jersey.

"I've tried all the best washday soaps—the new 'detergents,' too. I've always added the best bleach I could buy to them, but my clothes never came so white as they did after my first wash using Tide alone! I still can hardly believe it—*but it's true!*"

NO OTHER WASHING PRODUCT CAN PROMISE ALL THIS!

Washes clothes WHITER than you can bleach them!

Gets clothes CLEANER than any soap!

MILDER for hands than any other leading "detergent"!

NO WONDER TIDE IS THE WORLD'S FAVORITE WASHDAY PRODUCT!

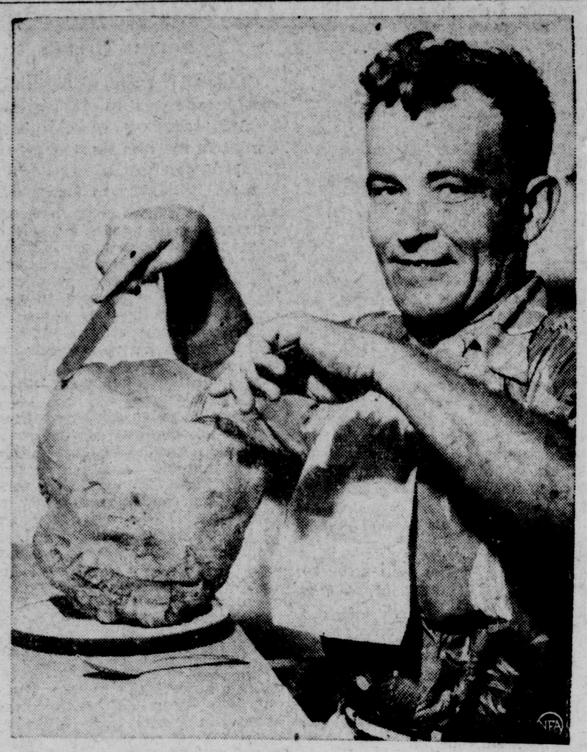
The Home Bureau will meet for the third lesson in decorative stitches Monday night, June 30, at the home of Mrs. Sophia Jamiolowski.

Mrs. Emma Lyons died at the home of her son-in-law and daughter, Mr. and Mrs. Stephen Harlow, early Monday morning after a long illness. She was 86 years of age and was born in Germany. She gave up her home in Brooklyn in 1943 and came to live with her daughter. Besides her daughter, Edna Harlow, she is survived by two grandchildren. Funeral services will be held Thursday at 2 p. m. at the McHugh Funeral Home in Wallkill with the Rev. John Van Strien officiating. Burial will be in the Riverside Cemetery at Montgomery.



WHO HAS POTATO WORRIES?—Not Carl B. Mitchell, of Rock Island Village, Fort Lauderdale, Fla. The 11-pound sweet potato he's preparing to demolish should last him for some time. A smaller, seven-pound spud was delicious, says Carl.

Claim Oil Damage

Baltimore, June 18 (AP)—A natty, knotty-pine club cellar is no place to deliver a tank full of oil, the Murray P. Smiths complained yesterday in a $15,000 suit against the Esso Standard Oil Co. They alleged in their Superior Court suit that last December a Standard Oil man drew up to their home, hooked up his hose to their fuel pipe outside the house and pumped away—without any warning. The fuel line had been disconnected inside the house, the Smiths explained. And furthermore—they hadn't even ordered any oil.

WALLKILL

Wallkill, June 17—John E. Velders spent the weekend pass with his wife and family. He is currently stationed at Fort Lee, Va., and is now orderly to the commanding general.

Miss Margaret Brach and Miss Francis Land of St. Lukes Hospital Training School were chosen to represent St. Lukes at the bi-annual convention of American Nurses Association at Atlantic City, June 15 to 18. Miss Margaret O'Neil, director of nurses also attended from Newburgh.

Miss Greta Rutgers, Jesse H. McHugh and Frank J. Galick were graduated from Orange County Community College last week.

Mr. and Mrs. Walter Roberts are spending a week at Springfield, Mass.

Mrs. George Sohn was a visitor Sunday at the home of Mrs. Lulu Masten.

Mr. and Mrs. Ralph Harris and son, Ralph Lester spent the weekend with her parents, Mr. and Mrs. E. L. Mack.

Mr. and Mrs. Theron Smith, formerly of Greenwood Lake, have purchased and moved into the former Washburn home.

Mr. and Mrs. Joseph Morris and son were guests on Sunday evening at the home of his sister and husband, Mr. and Mrs. Raymond Playne, and his father, George Gledhill of Walden.

Mr. and Mrs. Wallace Palen were hosts to Mr. and Mrs. Harry Morehouse and Mr. and Mrs. Joseph Morris and sons, Jeffrey and Charles, for Sunday dinner. The occasion was Palen's 24th birthday.

A one-week sale marking the 28th anniversary of George W. Crist as a successful Wallkill business man was concluded last Saturday evening with the awarding of two grand prizes at the Crist establishment in the village.

The sale, which began June 2, was the largest in the history of the George W. Crist enterprises which began in a village barn in back of Parliman's Store and in turn was moved to Main street, where Mrs. Fannie Quick operates a lunchroom, and then to Park street where he is now located on a grand scale. He now has many items in his complete establishment and employs 17 people.

During the sale the Willing Workers of the Wallkill Reformed Church operated a refreshment concession which netted them $80.

Winners of the awards were Francis Murphy, who was awarded a deep freeze unit, and Norman Cole, who was presented with an electric dishwasher.

Funeral services were held last Wednesday from the McHugh Funeral Home for Charles O. Smith, prominent Wallkill farmer. He is survived by his widow, the former Molly MacLauchlan, and one daughter, Mrs. Helen Emily Wood, and several cousins. Mr. Smith was a member of Wallkill Lodge of Masons; the Ancient City Council of Kingston; the Shawangunk Reformed Church, and the Montgomery Grange. He had also served as tax collector and assessor for the Town of Shawangunk. Burial was in the Wallkill Valley Cemetery.

Wave Height Increased

The height of waves is increased when they flow into a channel the sides of which converge but decrease in expanding channels.

KRUMVILLE

Krumville, June 18—Mrs. Lincoln Christensen and son, Jan, visited the local school Monday and showed colored slides to the children. They were pictures taken by Mr. and Mrs. Christensen on a trip to France and Switzerland. Last Friday, the children were shown a series of slides on a trip across the United States by Mrs. Viva Davis.

Mrs. Elthea Quick of Bullville spent Sunday afternoon and evening with her sister, Mrs. Kathryn Merrihew and family.

The local church parsonage is being painted.

Mrs. Dorothy Smith of Lyonsville called Tuesday on Mrs. Katie Davis.

Church services were well attended Sunday night and it is hoped an even larger attendance will be present at future services. They are held every Sunday night at the parsonage.

Man in Green Shirt Calmly Takes $2,400

New York, June 19 (AP)—"I think that man stole some money," one bank teller told another yesterday at the midtown Lexington Avenue Branch of the Manufacturers Trust Company.

"Oh, you're crazy," the co-worker replied.

Their conversation was about a man in a green shirt who strolled away from a cage with a wad of bills. The cage 13 teller was out to lunch, as were tellers occupying cages on either side.

The suspicious employe, Miss Elsie Hawkins, 21, called a bank official.

Missing from cage 13 was $2,400 in $10 bills. The man had casually opened the bronze cage grille, reached in, helped himself and sauntered out.

Bank employes raced to the street in pursuit, but the thief had disappeared.

Cigar Stores Are Struck

New York, June 19 (AP)—Union employes of 160 Schulte cigar stores in 95 cities will not report for work today, a company official says. The action is "tantamount" to a strike call, he adds. Robert Alexander, executive vice president of D. A. Schulte, Inc., said in a statement last night that the workers had been ordered not to open the firm's stores today. He said the action stems from a company with the CIO Retail Drug, Cigar, Soda and Luncheon Employes union over discharge of 14 window trimmers and four inventory men.

WALLKILL

Wallkill, June 17—John E. Velders spent the weekend pass with his wife and family. He is currently stationed at Fort Lee, Va., and is now orderly to the commanding general.

Miss Margaret Brach and Miss Francis Land of St. Lukes Hospital Training School were chosen to represent St. Lukes at the bi-annual convention of American Nurses Association at Atlantic City, June 15 to 18. Miss Margaret O'Neil, director of nurses also attended from Newburgh.

Miss Greta Rutgers, Jesse H. McHugh and Frank J. Galick were graduated from Orange County Community College last week.

Mr. and Mrs. Walter Roberts are spending a week at Springfield, Mass.

Mrs. George Sohn was a visitor Sunday at the home of Mrs. Lulu Masten.

Mr. and Mrs. Ralph Harris and son, Ralph Lester spent the weekend with her parents, Mr. and Mrs. E. L. Mack.

Mr. and Mrs. Theron Smith, formerly of Greenwood Lake, have purchased and moved into the former Washburn home.

Mr. and Mrs. Joseph Morris and son were guests on Sunday evening at the home of his sister and husband, Mr. and Mrs. Raymond Playne, and his father, George Gledhill of Walden.

Mr. and Mrs. Wallace Palen were hosts to Mr. and Mrs. Harry Morehouse and Mr. and Mrs. Joseph Morris and sons, Jeffrey and Charles, for Sunday dinner. The occasion was Palen's 24th birthday.

A one-week sale marking the 28th anniversary of George W. Crist as a successful Wallkill business man was concluded last Saturday evening with the awarding of two grand prizes at the Crist establishment in the village.

The sale, which began June 2, was the largest in the history of the George W. Crist enterprises which began in a village barn in back of Parliman's Store and in turn was moved to Main street, where Mrs. Fannie Quick operates a lunchroom, and then to Park street where he is now located on a grand scale. He now has many items in his complete establishment and employs 17 people.

During the sale the Willing Workers of the Wallkill Reformed Church operated a refreshment concession which netted them $80.

Winners of the awards were Francis Murphy, who was awarded a deep freeze unit, and Norman Cole, who was presented with an electric dishwasher.

Funeral services were held last Wednesday from the McHugh Funeral Home for Charles O. Smith, prominent Wallkill farmer. He is survived by his widow, the former Molly MacLauchlan, and one daughter, Mrs. Helen Emily Wood, and several cousins. Mr. Smith was a member of Wallkill Lodge of Masons; the Ancient City Council of Kingston; the Shawangunk Reformed Church, and the Montgomery Grange. He had also served as tax collector and assessor for the Town of Shawangunk. Burial was in the Wallkill Valley Cemetery.

Wave Height Increased

The height of waves is increased when they flow into a channel the sides of which converge but decrease in expanding channels.

KRUMVILLE

Krumville, June 18—Mrs. Lincoln Christensen and son, Jan, visited the local school Monday and showed colored slides to the children. They were pictures taken by Mr. and Mrs. Christensen on a trip to France and Switzerland. Last Friday, the children were shown a series of slides on a trip across the United States by Mrs. Viva Davis.

Mrs. Elthea Quick of Bullville spent Sunday afternoon and evening with her sister, Mrs. Kathryn Merrihew and family.

The local church parsonage is being painted.

Mrs. Dorothy Smith of Lyonsville called Tuesday on Mrs. Katie Davis.

Church services were well attended Sunday night and it is hoped an even larger attendance will be present at future services. They are held every Sunday night at the parsonage.

Man in Green Shirt Calmly Takes $2,400

New York, June 19 (AP)—"I think that man stole some money," one bank teller told another yesterday at the midtown Lexington Avenue Branch of the Manufacturers Trust Company.

"Oh, you're crazy," the co-worker replied.

Their conversation was about a man in a green shirt who strolled away from a cage with a wad of bills. The cage 13 teller was out to lunch, as were tellers occupying cages on either side.

The suspicious employe, Miss Elsie Hawkins, 21, called a bank official.

Missing from cage 13 was $2,400 in $10 bills. The man had casually opened the bronze cage grille, reached in, helped himself and sauntered out.

Bank employes raced to the street in pursuit, but the thief had disappeared.

Cigar Stores Are Struck

New York, June 19 (AP)—Union employes of 160 Schulte cigar stores in 95 cities will not report for work today, a company official says. The action is "tantamount" to a strike call, he adds. Robert Alexander, executive vice president of D. A. Schulte, Inc., said in a statement last night that the workers had been ordered not to open the firm's stores today. He said the action stems from a company with the CIO Retail Drug, Cigar, Soda and Luncheon Employes union over discharge of 14 window trimmers and four inventory men.

MODENA

Modena, June 18 — Joseph E. Hasbrouck has announced that he is retiring as postmaster at the Modena office, effective June 30, after serving in that capacity for 36 consecutive years. The position will be filled by Mrs. John Schedinger of Modena, and the office will be moved from its present place in the hardware store of Mr. Hasbrouck on Route 55, to a new site. Prior to the appointment of Joseph E. Hasbrouck in 1916 as postmaster, the business was in charge of the late George Grimm of New Paltz, father of DuBois Grimm of this place. The elder Mr. Grimm conducted a meat market and his place of business was inscribed as the Modena Post Office and Meat Market. The market was located at the intersection of state highways 55 and 32, and the lettering on the building is almost obliterated at this time. When Mr. Hasbrouck was first postmaster the salary was about $500, now reported as being a sum exceeding $3,000. In 1932 the office building was damaged by fire, following a severe electrical storm, and the post office was removed to a small store on Route 32, now operated as a confectionery store by Mr. and Mrs. Lester A. Wager, after considerable remodeling and renovating. In 1941, the new hardware store of J. E. Hasbrouck and Co., Inc. was opened for business, and the post office housed therein where it has remained until the present change in office and site July 1.

The State Board of Equalization and Assessment has completed its field work in connection with the study of equalization rates in Ulster county, when appraisals of a number of typical and representative properties in each town, village and city were made. Last Wednesday night members of the State Board met with members of the Plattekill Town Board at their regular meeting in Modena for the purpose of discussing views on property appraisals, etc. Attending members of the local board were Supervisor Eber Coy, Justice of the Peace Hobart Smalley, Councilman William Doolittle, and Assessors Elbridge Gerow, Gerow Wilkin and Harry Sutton.

Mr. and Mrs. Earl B. DeWitt, Jr., of Poughkeepsie, were among relatives of Mr. and Mrs. Earl B. DeWitt, Sr., and family, visiting them Sunday.

Mrs. Bessie Gerow of New Paltz, accompanied by Miss Glennie Wager and Kathleen Wager of this place, visited Mr. and Mrs. Vernard B. Wager at Plattekill Saturday afternoon.

Mrs. James Klyve has arrived from Florida to spend some time with relatives here and in Irelands Corners.

Mrs. Edythe Ackhart has returned from a visit with relatives in Long Island.

Mr. and Mrs. William Adams and sons entertained guests at their home Sunday.

Mrs. Ralph Tice was a visitor in New Paltz Saturday.

Funeral services for LaVerne Powell of Modena who was killed Thursday afternoon while operating a tractor, were held Sunday afternoon at the Ronk Funeral Chapel in Wallkill. Burial was made in the New Hurley Cemetery.

Gayle Wager of Plattekill was a guest of Genevieve Smith last weekend.

Mr. and Mrs. Kenneth Paltridge and sons of Plattekill, Mr. and Mrs. Ernest Keeping and daughter of Gardiner, Mr. and Mrs. Solie Bernard and family of Poughkeepsie visited Mr. and Mrs. Freston Paltridge last weekend.

Mrs. Donald C. Wheat and daughter, Donna, of Clifton Springs, visited at the home of Mr. and Mrs. Lester T. Arnold during the week.

A number of representatives of Jehovah Witnesses canvassed this section of the town Sunday. The group, residents of Albany, attended the three-day session at Hurley, ending Sunday.

More Arms Aid

Washington, June 19 (AP)—The United States has pledged a substantial increase in arms shipments to help double the number of Vietnamese battling Communists in Indochina. The decision, announced yesterday after three days of conferences between U. S. and French officials, means this country probably will shoulder almost 40 per cent of future costs of the six-year-old struggle. There was no hint how much would be allocated for arms aid, but informed officials said it would be substantially above the 300 million dollars given in the fiscal year ending July 1. The bigger and faster American arms cargoes are intended to help boost the number of pro-French Indochinese divisions from four to eight by mid-1954.

Shoot Floating Mine

Naples, Italy, June 19 (AP)—A big floating mine was exploded by gunfire outside Naples harbor today. In the harbor area was a large concentration of U. S. warships, including the carrier Coral Sea and two light cruisers. The noise of the explosion caused panic in Naples, nearby Sorrento and on the Isle of Capri, across the bay.

Knights Planning Tour to West for Supreme Meeting

Keen interest is reported by 250 councils in New York state in the special tour to the 70th annual Supreme Council meeting of the Knights of Columbus in Los Angeles, Calif., August 19-21.

New York State Deputy Thomas I. Fitzgerald of Manhattan said reservations for the train trip may be made through local councils.

His Eminence Francis Cardinal Spellman, Archbishop of New York, will preside at the Pontifical Mass opening the convention, and the sermon will be preached by the Most Rev. J. Francis A. McIntyre, Archbishop of Los Angeles, former auxiliary bishop of New York and K. of C. state chaplain.

Features of the meeting will be trips to several of the original Franciscan missions in the area.

The train will leave Grand Central station, New York, August 12 on its 17-day scenic itinerary through the western part of the nation.

Reservations may be made by Knights, their families and friends.

Bill Is Approved

Paris, June 18 (AP)—The French National Assembly last night approved by a 507-99 vote a military estimate bill allotting 830 billion francs ($2,300,000,000-B) for France's armed forces. Only the Communists voted against the measure. Forty-two per cent was parceled out to the army, 36 to the air force and 22 to the navy.

Will Swear In Moses

New York, June 19 (AP)—Mayor Vincent R. Impellitteri announced yesterday that he will swear in Robert Moses for a new six-year term as chairman of the Triborough Bridge and Tunnel Authority next Tuesday.

Call Attention To Vet Rest Camp

State Veteran Counselor Donald Moore and Director Howard Shurter of the local Veterans' Service Agency today reminded all former Waves, Wacs, Spars and Marines that New York state maintains a convalescent rest camp for discharged members of the armed forces at Mt. McGregor in Saratoga county.

Moore and Shurter pointed out that Mt. McGregor is definitely not a hospital and that women needing medical care will not be admitted. However, those in need of rest or recuperation opportunities will be accepted.

Counselor Moore and Director Shurter called attention to the fact that there is no charge for veterans admitted to the camp, and that the veteran may remain there for a period of up to 90 days in any given year.

Former female members of the armed forces interested in attending the camp should apply for admission and complete information through The Ulster County Veterans Service Agency, 32 Main street or any of the branch offices in Ellenville, Highland, Kerhonkson and Saugerties.

Kisses and Cookies Are Ruled Out in Strike

East Chicago, Ind., June 19 (AP) —A five foot "no man's land" separates 2,500 supervisors inside the strikebound Inland Steel Co. plant from their supply of kisses and cookies.

Their wives have set up a howl. Plant officials said the men themselves have made no complaints.

CIO leaders set up the boundary because, in the words of a spokesman, the through-the-fence kissing, gossiping and cookie passing was "breaking the morale of the pickets." The supervisors have stayed in the plant for maintenance work.

"It had got so it didn't even look like there was a strike on," said Tom Conway, local financial secretary of the CIO Steelworkers Union. "There'd be 50 to 60 women and kids there making a holiday of it."

"It's not legal," said one woman in a letter to The Hammond Times. "In America, who is to say that a man cannot talk to his wife, even if it be behind bars?"

14 Leaders Arrested

Istanbul, Turkey, June 19 (AP) —Fourteen leaders of the Turkish Socialist party have been arrested and charged with plotting to overthrow the government, it was disclosed today. The government temporarily banned the party and confiscated all its assets.

Aiding the Deaf Topic at Rotary

Education and employment of the deaf was discussed at the Rotary Club meeting Wednesday by Mrs. William Daum, who outlined the work of the The Volta Bureau, a national and international center of information and guidance for the deaf and the hard of hearing, which is located in Washington, D. C.

The most important need of the acoustically handicapped child is language, the speaker pointed out. Talk to your child as you would to a hearing child, using complete sentences, and sooner than you think, she said, the child will comprehend the need of expressing complete thoughts, not mere single words. A child advances academically in direct ratio to his understanding and use of spoken and written language, she declared.

A hearing loss is a challenge to all concerned and to offset the handicap, the parents must keep abreast of the times and be conversant with education and vocational trends, she said.

A film, "Eyes That Hear," describing the work of the Lexington School for the Deaf in New York city was shown.

Wednesday, June 25 the Kingston Rotary Club will be hosts to the Hudson Valley Rotary Clubs at a day of golf at the Twaalfskill Club.

Knights Planning Tour to West for Supreme Meeting

Keen interest is reported by 250 councils in New York state in the special tour to the 70th annual Supreme Council meeting of the Knights of Columbus in Los Angeles, Calif., August 19-21.

New York State Deputy Thomas I. Fitzgerald of Manhattan said reservations for the train trip may be made through local councils.

His Eminence Francis Cardinal Spellman, Archbishop of New York, will preside at the Pontifical Mass opening the convention, and the sermon will be preached by the Most Rev. J. Francis A. McIntyre, Archbishop of Los Angeles, former auxiliary bishop of New York and K. of C. state chaplain.

Features of the meeting will be trips to several of the original Franciscan missions in the area.

The train will leave Grand Central station, New York, August 12 on its 17-day scenic itinerary through the western part of the nation.

Reservations may be made by Knights, their families and friends.

Bill Is Approved

Paris, June 18 (AP)—The French National Assembly last night approved by a 507-99 vote a military estimate bill allotting 830 billion francs ($2,300,000,000-B) for France's armed forces. Only the Communists voted against the measure. Forty-two per cent was parceled out to the army, 36 to the air force and 22 to the navy.

Will Swear In Moses

New York, June 19 (AP)—Mayor Vincent R. Impellitteri announced yesterday that he will swear in Robert Moses for a new six-year term as chairman of the Triborough Bridge and Tunnel Authority next Tuesday.

Council Votes End of Dump . . .

indicated there would be no further dumping in the area, but a few days later "a few loads" of refuse were dumped there. He stressed, however, he wanted mainly to express "the gratitude and appreciation of the petitioners, and he hoped "the mayor and the BPW will abide" by the ruling.

Alderman-at-large Kelly said to the audience: "I am glad to see you people here, and I want to tell you that when the aldermen see a delegation here no matter what it is about it shows you have an interest in city government."

The petitions filed by residents of the area and others said in effect that the city has been using grounds on the south side of the New York Central railroad tracks in the vicinity of Valley street for dumping for a number of years.

The refuse, they said, contained combustible materials and garbage containing vegetable and animal matter that attracted flies and other insects, became food for a "large colony" of rats.

The combustible materials became ignited causing a sickening smoke and they held that the rats and insects were carriers of disease and the dump was a menace to the health, safety and comfort of those residing and working in the vicinity. They asked "immediate action" to eliminate the dump.

Physicians Sign

On the petition signed by the doctors were the following names: Emil S. Goodyear, K. H. LeFever, M. H. Silk, F. E. O'Connor, E. F. MacFadden, Jr., Anthony Mauceri, H. L. Bibby, H. A. Johnson, M. B. Downer, John Olivet, John B. Krom, John F. Larkin, Fred P. Carr, Hamilton Boyd, V. P. Amatrano, Sam Z. Maroon, A. W. Harder.

A letter from Corporation Counsel James G. Connelly in answer to Alderman Coughlin's request at the regular meeting June 3 for an explanation of why the city's industrial smoke ordinance has not been enforced, indicated a failure in obtaining evidence that would hold up in a court.

Coughlin, however, said he wanted "some absolute action." He examined the corporation counsel's report and said: "According to this report, the fire chief has filed a report and there has been no action to stop the smoke menace."

Connelly's Letter

Connelly's letter noted that at a regular meeting of the Common Council, June 3, 1952, it adopted a resolution requesting him to present a report on the industrial smoke menace in the downtown area.

The resolution stated, he said, that Fire Chief Joseph L. Murphy had filed a report with his office dealing with smoke conditions in the area.

"By letter of June 15, 1951," he said, "the fire chief reported he had investigated a number of complaints of smoke violations downtown and that the condition continued to exist in spite of efforts to correct the smoke nuisance."

For this reason, he said, "the chief referred the matter to the undersigned for proper procedure in the enforcement of the smoke ordinance."

On June 18, 1951, he said, "the undersigned advised the fire chief of the two methods of enforcement of the smoke ordinance and of the evidence required to establish in a court of law, violations of such ordinance."

Subsequent to that, the letter said, "at a conference held with the mayor and fire chief, a procedure to get the necessary evidence was established. One or more of the persons who had registered complaints were requested to call as soon as the violation commenced rather than after the violation ceased. Since such date, the undersigned has heard nothing further on the matter."

Renews Complaint

Coughlin renewed his complaint voiced at the June 3 meeting to the effect that the corporation counsel does not attend council meetings.

"The taxpayers pay the corporation counsel $4,800 a year to guard the welfare of the taxpayers," he said. He referred to the action a year ago and charged that "since then the corporation counsel has not seen fit to take any action. . . . If the taxpayers are paying him $4,800 a year to run the office from uptown, it's time something should be done about it. . . . I think it is pretty near time the corporation counsel is forced to attend these meetings."

The alderman argued that "the people downtown have put up with this smoke menace for the past five years, and I think this council should take some absolute action, and the corporation counsel should give some kind of recognition to a council report."

Alderman-at-Large Kelly then said he would appoint a special committee to investigate the alderman's complaint.

The ordinance became effective four years ago, Coughlin said, and he asked that it be enforced. The fire chief has been in the area with a white sheet on his car and the mayor has been there, but during these visits, it appears, the wind blows the opposite way.

Kelly Names Committee

Alderman-at-large Kelly said the purpose of appointing a committee was to determine just what is being done and what might be done to abate the menace. He named Coughlin chairman and appointed Alderman Wenzel and Dolan to serve with him.

Coughlin said he was glad to be on the committee and declared: "I assure you that if we get cooperation something will be done about it."

The committee appointed at the regular June meeting to investigate the appropriation for enlargement of the city incinerator, said that only $16,000 of the $60,000 authorized is left for future use, and a large part of the sum used to date was used because of an excavation problem.

The report by Alderman Martin W. Golden, (R), ninth ward, John Dolan, (R), eighth ward and James K. Ryan, D, 10th ward, was read and ordered filed.

The aldermen said they had met with members of the Board of Public Works, Ernest A. Steuding, public works superintendent, Edward I. McCaffrey, engineer, and Mayor Oscar V. Newkirk on June 16.

The report said McCaffrey, consulting engineer, explained he had drawn the plans for a building to house additional furnaces and two storage areas for refuse.

Chimney Relined

Mayor Newkirk indicated that the $10,000 obtained from the sale of bonds for the plans and specifications had been expended to reline the existing chimney with two courses of fire brick and there was insufficient funds in the $10,000 to pay for the drawing of plans and specifications.

When the additional $5,000 in bonds were authorized, he said, a portion of those funds had to be taken to pay for the plans and specifications.

"From what he told your committee," the report said, "the sum of approximately $44,000 has been expended to date, there being only $16,000 of the $60,000 remaining. He explained that the large expenditures for the amount of work completed were made necessary by reason of the fact that they had to excavate a trench 10 feet in width to a depth of between eight and 20 feet for the foundation to support the structure in which the furnaces were to be housed."

Not Completed

Neither the foundation for the building to house the furnaces nor that to be used for the storage areas have been completed, the report said. The wall adjoining the present incinerator, the wall toward Wilbur, and two lateral walls are yet to be excavated and poured.

"The wall adjoining the present incinerator will require considerable engineering because the present incinerator building will have to be shored up at the time of the excavation for that portion of the building.

Two Crews Proposed

"The superintendent of public works now proposes to put two full-time crews on the Board of Public Works payroll for the purpose of compleating this foundation and estimated that it will be completed in October. The mayor indicated that additional funds would be needed for completion of the foundation.

"Mr. McCaffrey stated that at the end of two pay periods, that it is at the end of one month from the date that the two crews are put on, he would be in a position to estimate approximately how much would be needed to complete the job. He made a guess that after the foundations were completed it would cost approximately $85,000 to complete the balance of the building. This figure does not include any of the furnaces needed to burn the material."

Alderman Ryan (D.), said the report was read and filed: "All this happens here tonight would not have been necessary if the incinerator had been done on time." He said that Superintendent Steuding had public interest in mind when he said an addition would be cheaper, "but it seems now we would have been better off if the original plan for another incinerator had been carried out."

Most of the trouble appeared to be due to the ground on which the addition was being built, Ryan said, and he felt the city would have been better off if it "had gone ahead and contracted for the job."

Unable to Meet

Third Ward Alderman Edwin Radel (D) explained that the special committee named at the regular June meeting to determine why the police board had not explained why it had eliminated the position ot police captain and also not filled a detective vacancy, had been unable to meet with the board prior to last night's meeting.

The committee will meet with the board Monday, he said. The police board was scheduled to meet in regular session today.

A council resolution adopted at the May session asked that both the police board and the civil service board explain why the department position were not filled.

Thomas J. Finnerty, president of the Municipal Civil Service Commission appeared at the regular June meeting to give that board's explanation and a state report was read then explaining that the local police board under the city charter has the right to abolish rank and designate the extent of its manpower.

Radel thanked Finnerty for explaining the civil service position and when he complained that "not one short note" had come from the police board the committee was named to investigate.

Radel indicated last night that the police board was unable to meet with the committee prior to the regular police board session today because of the mayor's absence from the city during the state mayor's conference upstate.

Charter Section Read

The alderman asked last night that the city clerk read a section of the city charter which gives the council the power of subpoena, and City Clerk Bernhardt Kramer complied. The section indicated that any board or public official failing to comply with a request to appear before or answer council demands for information is subject to arrest and possible penalty.

The seven-point resolution adopted at the May council meeting wanted to know particularly why the position of police captain was abandoned after civil service examinations had been held for that position and the ranks below down to patrolman.

The traffic committee report said that the police chief and the committee have been making a study of traffic problems in the central part of the city and the study is still continuing. Its recommendations adopted last night were:

That the block from Broadway to Prince street on the south side of Grand street in front of the post office be made a 15-minute parking zone; that parking of vehicles along the safety zone on Prince street and on Broadway between Grand and Dederick streets be limited to 15 minutes, and that "no parking" on the south side of Grand street be eliminated from Smith avenue to Broadway and parking be allowed on both sides of said street.

There are 92 known elements and it is believed no more can exist.

Relaxing Youngsters

During the summer when Junior and Sis are likely to get overheated and irritable from too much play and warm weather, make sure they have a refreshing warm bath before dinner time. Allow time for them to relax in the soapsuds. You'll find this will help to revive their spirits.

The term "holiday" derives from "holy day."

BRENNANS OINTMENT

Council Votes End of Dump . . .

indicated there would be no further dumping in the area, but a few days later "a few loads" of refuse were dumped there. He stressed, however, he wanted mainly to express "the gratitude and appreciation of the petitioners, and he hoped "the mayor and the BPW will abide" by the ruling.

Alderman-at-large Kelly said to the audience: "I am glad to see you people here, and I want to tell you that when the aldermen see a delegation here no matter what it is about it shows you have an interest in city government."

The petitions filed by residents of the area and others said in effect that the city has been using grounds on the south side of the New York Central railroad tracks in the vicinity of Valley street for dumping for a number of years.

The refuse, they said, contained combustible materials and garbage containing vegetable and animal matter that attracted flies and other insects, became food for a "large colony" of rats.

The combustible materials became ignited causing a sickening smoke and they held that the rats and insects were carriers of disease and the dump was a menace to the health, safety and comfort of those residing and working in the vicinity. They asked "immediate action" to eliminate the dump.

Physicians Sign

On the petition signed by the doctors were the following names: Emil S. Goodyear, K. H. LeFever, M. H. Silk, F. E. O'Connor, E. F. MacFadden, Jr., Anthony Mauceri, H. L. Bibby, H. A. Johnson, M. B. Downer, John Olivet, John B. Krom, John F. Larkin, Fred P. Carr, Hamilton Boyd, V. P. Amatrano, Sam Z. Maroon, A. W. Harder.

A letter from Corporation Counsel James G. Connelly in answer to Alderman Coughlin's request at the regular meeting June 3 for an explanation of why the city's industrial smoke ordinance has not been enforced, indicated a failure in obtaining evidence that would hold up in a court.

Coughlin, however, said he wanted "some absolute action." He examined the corporation counsel's report and said: "According to this report, the fire chief has filed a report and there has been no action to stop the smoke menace."

Connelly's Letter

Connelly's letter noted that at a regular meeting of the Common Council, June 3, 1952, it adopted a resolution requesting him to present a report on the industrial smoke menace in the downtown area.

The resolution stated, he said, that Fire Chief Joseph L. Murphy had filed a report with his office dealing with smoke conditions in the area.

"By letter of June 15, 1951," he said, "the fire chief reported he had investigated a number of complaints of smoke violations downtown and that the condition continued to exist in spite of efforts to correct the smoke nuisance."

For this reason, he said, "the chief referred the matter to the undersigned for proper procedure in the enforcement of the smoke ordinance."

On June 18, 1951, he said, "the undersigned advised the fire chief of the two methods of enforcement of the smoke ordinance and of the evidence required to establish in a court of law, violations of such ordinance."

Subsequent to that, the letter said, "at a conference held with the mayor and fire chief, a procedure to get the necessary evidence was established. One or more of the persons who had registered complaints were requested to call as soon as the violation commenced rather than after the violation ceased. Since such date, the undersigned has heard nothing further on the matter."

Renews Complaint

Coughlin renewed his complaint voiced at the June 3 meeting to the effect that the corporation counsel does not attend council meetings.

"The taxpayers pay the corporation counsel $4,800 a year to guard the welfare of the taxpayers," he said. He referred to the action a year ago and charged that "since then the corporation counsel has not seen fit to take any action. . . . If the taxpayers are paying him $4,800 a year to run the office from uptown, it's time something should be done about it. . . . I think it is pretty near time the corporation counsel is forced to attend these meetings."

The alderman argued that "the people downtown have put up with this smoke menace for the past five years, and I think this council should take some absolute action, and the corporation counsel should give some kind of recognition to a council report."

Alderman-at-Large Kelly then said he would appoint a special committee to investigate the alderman's complaint.

The ordinance became effective four years ago, Coughlin said, and he asked that it be enforced. The fire chief has been in the area with a white sheet on his car and the mayor has been there, but during these visits, it appears, the wind blows the opposite way.

Kelly Names Committee

Alderman-at-large Kelly said the purpose of appointing a committee was to determine just what is being done and what might be done to abate the menace. He named Coughlin chairman and appointed Alderman Wenzel and Dolan to serve with him.

Coughlin said he was glad to be on the committee and declared: "I assure you that if we get cooperation something will be done about it."

The committee appointed at the regular June meeting to investigate the appropriation for enlargement of the city incinerator, said that only $16,000 of the $60,000 authorized is left for future use, and a large part of the sum used to date was used because of an excavation problem.

The report by Alderman Martin W. Golden, (R), ninth ward, John Dolan, (R), eighth ward and James K. Ryan, D, 10th ward, was read and ordered filed.

The aldermen said they had met with members of the Board of Public Works, Ernest A. Steuding, public works superintendent, Edward I. McCaffrey, engineer, and Mayor Oscar V. Newkirk on June 16.

The report said McCaffrey, consulting engineer, explained he had drawn the plans for a building to house additional furnaces and two storage areas for refuse.

Chimney Relined

Mayor Newkirk indicated that the $10,000 obtained from the sale of bonds for the plans and specifications had been expended to reline the existing chimney with two courses of fire brick and there was insufficient funds in the $10,000 to pay for the drawing of plans and specifications.

When the additional $5,000 in bonds were authorized, he said, a portion of those funds had to be taken to pay for the plans and specifications.

"From what he told your committee," the report said, "the sum of approximately $44,000 has been expended to date, there being only $16,000 of the $60,000 remaining. He explained that the large expenditures for the amount of work completed were made necessary by reason of the fact that they had to excavate a trench 10 feet in width to a depth of between eight and 20 feet for the foundation to support the structure in which the furnaces were to be housed."

Not Completed

Neither the foundation for the building to house the furnaces nor that to be used for the storage areas have been completed, the report said. The wall adjoining the present incinerator, the wall toward Wilbur, and two lateral walls are yet to be excavated and poured.

"The wall adjoining the present incinerator will require considerable engineering because the present incinerator building will have to be shored up at the time of the excavation for that portion of the building.

Two Crews Proposed

"The superintendent of public works now proposes to put two full-time crews on the Board of Public Works payroll for the purpose of completing this foundation and estimated that it will be completed in October. The mayor indicated that additional funds would be needed for completion of the foundation.

"Mr. McCaffrey stated that at the end of two pay periods, that it is at the end of one month from the date that the two crews are put on, he would be in a position to estimate approximately how much would be needed to complete the job. He made a guess that after the foundations were completed it would cost approximately $85,000 to complete the balance of the building. This figure does not include any of the furnaces needed to burn the material."

Alderman Ryan (D.), said the report was read and filed: "All this happens here tonight would not have been necessary if the incinerator had been done on time." He said that Superintendent Steuding had public interest in mind when he said an addition would be cheaper, "but it seems now we would have been better off if the original plan for another incinerator had been carried out."

Most of the trouble appeared to be due to the ground on which the addition was being built, Ryan said, and he felt the city would have been better off if it "had gone ahead and contracted for the job."

Unable to Meet

Third Ward Alderman Edwin Radel (D) explained that the special committee named at the regular June meeting to determine why the police board had not explained why it had eliminated the position ot police captain and also not filled a detective vacancy, had been unable to meet with the board prior to last night's meeting.

The committee will meet with the board Monday, he said. The police board was scheduled to meet in regular session today.

A council resolution adopted at the May session asked that both the police board and the civil service board explain why the department position were not filled.

Thomas J. Finnerty, president of the Municipal Civil Service Commission appeared at the regular June meeting to give that board's explanation and a state report was read then explaining that the local police board under the city charter has the right to abolish rank and designate the extent of its manpower.

Radel thanked Finnerty for explaining the civil service position and when he complained that "not one short note" had come from the police board the committee was named to investigate.

Radel indicated last night that the police board was unable to meet with the committee prior to the regular police board session today because of the mayor's absence from the city during the state mayor's conference upstate.

Charter Section Read

The alderman asked last night that the city clerk read a section of the city charter which gives the council the power of subpoena, and City Clerk Bernhardt Kramer complied. The section indicated that any board or public official failing to comply with a request to appear before or answer council demands for information is subject to arrest and possible penalty.

The seven-point resolution adopted at the May council meeting wanted to know particularly why the position of police captain was abandoned after civil service examinations had been held for that position and the ranks below down to patrolman.

The traffic committee report said that the police chief and the committee have been making a study of traffic problems in the central part of the city and the study is still continuing. Its recommendations adopted last night were:

That the block from Broadway to Prince street on the south side of Grand street in front of the post office be made a 15-minute parking zone; that parking of vehicles along the safety zone on Prince street and on Broadway between Grand and Dederick streets be limited to 15 minutes, and that "no parking" on the south side of Grand street be eliminated from Smith avenue to Broadway and parking be allowed on both sides of said street.

There are 92 known elements and it is believed no more can exist.

Hailstorm Today Threat to Phone And Power Service

Highways, telephone and electric service were nearly restored to normal this morning, but officials voiced their fears that a second storm which appeared about noon today might cause further damage.

Edwin T. Strong, Central Hudson Gas and Electric Corporation district manager, said at 11:30 a. m. today that he had been informed that it was storming heavily at Walden, in Orange county.

As he spoke, dark clouds were gathering and a few minutes later loud claps of thunder were being heard in Kingston.

At the time, all but six customers had had service restored to them after the Tuesday night storm, he said. They were in the Ulster Park-St. Remy area, where in many cases the power company had been unable to get trucks into damaged areas because of trees which had fallen across roads.

The New York Telephone Company reported all service restored except for a few scattered cases along the River road south of Port Ewen.

Traffic Still Detoured

Traffic was still being detoured around Cornell Hill, Route 32, just outside of Rosendale this morning, the New York State Department of Public Works reported. Repairs were being made to the highway, which had been undermined by heavy waters.

At 11:40 a. m. today, hailstones one-half inch or more in diameter fell in Kingston, momentarily making the ground white and causing office and store workers in the area to express concern for the finish on their parked automobiles. (An inspection of several cars parked in the lot at the uptown branch of The Freeman, however, disclosed no immediately apparent damage.)

Status Is Unchanged

New York, June 19 (AP)—Edward Corsi, state industrial commissioner, reported today that the number of New York state workers on Unemployment Insurance status in May remained practically unchanged from April at 248,000 despite a decline in manufacturing employment downstate. He said continued statewide hiring in construction, removing 12,000 building trades workers from the insurance rolls, counteracted the manufacturing slump. Seasonal upswings in trade, restaurants and hotels accounted for another 5,000 drop.

Will Take Examination

Seven applicants for four positions to be filled in the City of Kingston Laboratory will take the civil service examination in the office of the Kingston Municipal Civil Service Commission, 27 East O'Reilly street Tuesday, it was announced today. The jobs to be filled are blood bank nurse, laboratory aide, laboratory technician and laboratory assistant.

Newburgh Has Parking Lot for 102 Vehicles

Newburgh boasts it is the first city its size to operate a municipally owned parking lot for 102 vehicles, with constant police protection.

An announcement from the Newburgh Chamber of Commerce says the lot is on New Washington street, appropriately marked by signs so strangers may find it easily.

Large mercury vapor lamps and extensive safety walks, the chamber says, keep children safe at all times.

Two Decisions Ahead

Washington, June 19 (AP)—The House faced two labor policy decisions today as it took up amendments to a bill which would extend wage, price and rent controls another year. A powerful bi-partisan group favored joining the Senate in calling on President Truman to use the Taft-Hartley 80-day no-strike injunction procedure to end the steel strike.

To Attack Will

Houston, Tex., June 19 (AP)—Sheppard W. (Abdullah) King and his 18-year-old sister plan a court fight to break their mother's will and split the 2½ million dollar estate. King said yesterday that both he and his sister, Patricia, don't want to have to wait several years before they get the principal of the estate from oil royalties and other properties. King incurred his mother's wrath last fall when he wooed and married Egyptian dancer Samia Gamal in a highly publicized romance. Mrs. Bonner King died Sunday. In her will, filed yesterday for probate, the son was left one-fourth of the estate and his sister three-fourths.

Undertow Drowns Girl

Long Beach, N. Y., June 19 (AP)—A 15-year-old high school student, Janet Zimmerman of South Ozone Park, Queens, drowned yesterday when she was knocked down by a wave and dragged away from the beach by a strong undertow, police said. The girl, who was at the beach with two schoolmates from John Adams High School, could not swim. A nearby man bather, also unable to swim, tried futilely to grasp the girl before she disappeared.

They All Get Flowers

New York, June 19 (AP)—During the summer season, Staten Island ferry commuters to Manhattan—besides a big half hour ride for a nickel—get fresh-cut flowers from 77-year-old Charles Bang. Bang, a merchant in the salvage business, grows scads of flowers at his Staten Island home. Every week-day morning he makes the ferry trip to his Manhattan office laden with a bundle of blooms, and passes them out to fellow passengers. People often wonder why Bang takes such trouble to distribute his petalled cheer. Yesterday Bang handed the last of his posies to a teen-age girl, and said: "She paid the price. She smiled."

Hailstorm Today Threat to Phone And Power Service

Highways, telephone and electric service were nearly restored to normal this morning, but officials voiced their fears that a second storm which appeared about noon today might cause further damage.

Edwin T. Strong, Central Hudson Gas and Electric Corporation district manager, said at 11:30 a. m. today that he had been informed that it was storming heavily at Walden, in Orange county.

As he spoke, dark clouds were gathering and a few minutes later loud claps of thunder were being heard in Kingston.

At the time, all but six customers had had service restored to them after the Tuesday night storm, he said. They were in the Ulster Park-St. Remy area, where in many cases the power company had been unable to get trucks into damaged areas because of trees which had fallen across roads.

The New York Telephone Company reported all service restored except for a few scattered cases along the River road south of Port Ewen.

Traffic Still Detoured

Traffic was still being detoured around Cornell Hill, Route 32, just outside of Rosendale this morning, the New York State Department of Public Works reported. Repairs were being made to the highway, which had been undermined by heavy waters.

At 11:40 a. m. today, hailstones one-half inch or more in diameter fell in Kingston, momentarily making the ground white and causing office and store workers in the area to express concern for the finish on their parked automobiles. (An inspection of several cars parked in the lot at the uptown branch of The Freeman, however, disclosed no immediately apparent damage.)

Status Is Unchanged

New York, June 19 (AP)—Edward Corsi, state industrial commissioner, reported today that the number of New York state workers on Unemployment Insurance status in May remained practically unchanged from April at 248,000 despite a decline in manufacturing employment downstate. He said continued statewide hiring in construction, removing 12,000 building trades workers from the insurance rolls, counteracted the manufacturing slump. Seasonal upswings in trade, restaurants and hotels accounted for another 5,000 drop.

Will Take Examination

Seven applicants for four positions to be filled in the City of Kingston Laboratory will take the civil service examination in the office of the Kingston Municipal Civil Service Commission, 27 East O'Reilly street Tuesday, it was announced today. The jobs to be filled are blood bank nurse, laboratory aide, laboratory technician and laboratory assistant.

DIP OR PLUNGE?—Arabelle, 16-year-old model, fashions a double-duty bathing suit at the Paris Fair. It is designed for wear when taking a cooling dip in the sea, or for the plunge into matrimony.

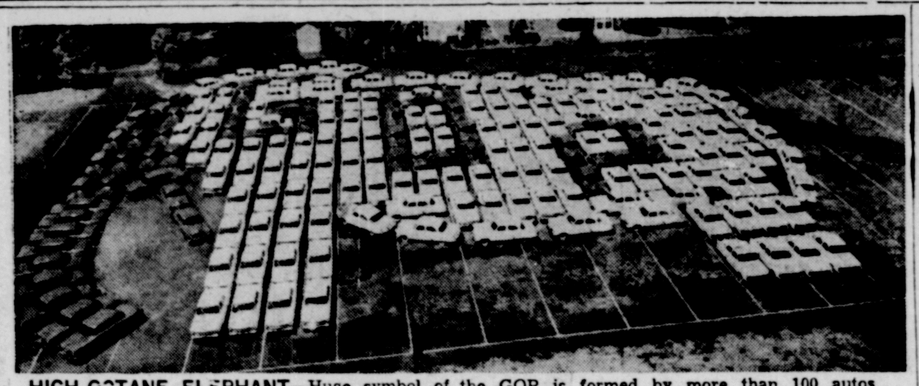
Newburgh Has Parking Lot for 102 Vehicles

Newburgh boasts it is the first city its size to operate a municipally owned parking lot for 102 vehicles, with constant police protection.

An announcement from the Newburgh Chamber of Commerce says the lot is on New Washington street, appropriately marked by signs so strangers may find it easily.

Large mercury vapor lamps and extensive safety walks, the chamber says, keep children safe at all times.

Helium was discovered in spectroscopic studies of the sun before it was found on earth.



HIGH-OCTANE ELEPHANT—Huge symbol of the GOP is formed by more than 100 autos assembled at Dyche Stadium of Northwestern University in Evanston, Ill. The "elephant's" component parts will be used by delegates to the forthcoming Republican National Convention in Chicago, which begins July 7.

Two Decisions Ahead

Washington, June 19 (AP)—The House faced two labor policy decisions today as it took up amendments to a bill which would extend wage, price and rent controls another year. A powerful bi-partisan group favored joining the Senate in calling on President Truman to use the Taft-Hartley 80-day no-strike injunction procedure to end the steel strike.

To Attack Will

Houston, Tex., June 19 (AP)—Sheppard W. (Abdullah) King and his 18-year-old sister plan a court fight to break their mother's will and split the 2½ million dollar estate. King said yesterday that both he and his sister, Patricia, don't want to have to wait several years before they get the principal of the estate from oil royalties and other properties. King incurred his mother's wrath last fall when he wooed and married Egyptian dancer Samia Gamal in a highly publicized romance. Mrs. Bonner King died Sunday. In her will, filed yesterday for probate, the son was left one-fourth of the estate and his sister three-fourths.

Undertow Drowns Girl

Long Beach, N. Y., June 19 (AP)—A 15-year-old high school student, Janet Zimmerman of South Ozone Park, Queens, drowned yesterday when she was knocked down by a wave and dragged away from the beach by a strong undertow, police said. The girl, who was at the beach with two schoolmates from John Adams High School, could not swim. A nearby man bather, also unable to swim, tried futilely to grasp the girl before she disappeared.

They All Get Flowers

New York, June 19 (AP)—During the summer season, Staten Island ferry commuters to Manhattan—besides a big half hour ride for a nickel—get fresh-cut flowers from 77-year-old Charles Bang. Bang, a merchant in the salvage business, grows scads of flowers at his Staten Island home. Every week-day morning he makes the ferry trip to his Manhattan office laden with a bundle of blooms, and passes them out to fellow passengers. People often wonder why Bang takes such trouble to distribute his petalled cheer. Yesterday Bang handed the last of his posies to a teen-age girl, and said: "She paid the price. She smiled."

Paltz Man Named By Second Convict

Trenton, N. J., June 19 (AP)—A second federal convict has testified he heard army Pvt. Robert L. Williams of New Paltz, N. Y., brag about the killing of a Ft. Dix sergeant.

The testimony was given yesterday by John R. Camara, 19, of Fall River, Mass., who said he listened to Williams while both were confined in a federal cell here.

Earlier, the jury heard similar testimony from Gary De Costa, 20, also of Fall River, Mass. Both men were being held on car theft charges which later resulted in two year jail sentences.

Camara said the 19-year-old Williams made his remarks as he was awaiting a preliminary hearing on charges of killing Sgt. Herman Wiener at Ft. Dix on Feb. 3.

"He told me," Camara said, "that if he got away with this he would be getting away with murder."

Camara said Williams told him that he struck the sergeant three times with a rod.

Williams was arrested in New Paltz, in possession of the sergeant's car. He denies the killing.

As Pegler Sees It

had made demands which Avery would not grant.

The colonel press-agent did his best to make the situation seem less nasty than it was. He was Abe H. Raskin, a reporter on union matters for the New York Times, and a member of the Newspaper Guild, of the CIO. The Guild has been a blood-red Communist front at most times in many places and Roosevelt's wife joined it when it was at its reddest, although she was not eligible under its constitution. She just wouldn't stay out. Raskin was not one of the Guild Communists nor did he color his stuff too much for a man in his curious position in the seizure and "occupation." Later he went to Europe, following up the fighters as press officer for a lot of unioneers who had absolutely no legitimate business cluttering up the scene, inasmuch as all the unions did back home was blackmail the people of the United States by thousands of strikes. After the war, Raskin went back to the Times. Recently, he reported, of all things, that the union racketeers were becoming uneasily aware that undesirable characters from the underworld were filtering into the noble labor movement.

This seizure caused a commotion with Roosevelt did have an actual war on his hands whereas Truman had pulled the rug from under himself in advance by insisting that his Korean disturbance was just a case of disorderly conduct calling for police action.

But, in both cases, the proposition is the same, namely this: That any union can create a "labor controversy" at any time simply by making extravagant demands. If the industry does not yield, it may be seized by the national government. A "labor controversy" may arise if some respectable employer throws some dirty rat downstairs for pinching the female help. Any dispute between any representative of the company and any member of the union over anything is legally a "labor controversy."

Francis Biddle, Roosevelt's attorney general, one of those peculiar Philadelphia Biddles, wrote an opinion that under his "aggregate war powers" Roosevelt could seize any "facility" in order to keep it in operation for the "war effort" whenever a "labor controversy" arose.

It was impossible to imagine anything that was not a "facility."

But the public seemed not to realize that a union might kick up a controversy for the deliberate purpose of throwing a company into the government's hands. The chances for looting by crooked bureaucrats from, say, Missouri, and for stealing trade secrets, such as lists of customers and confidential files, need no elaboration here.

Here is another interesting possibility that has never been touched upon by the covert Washington press-agents of the creeping socialism whose propaganda is published by the mile as a substitute for independent editorial opinion: If the steel union can create an artificial "emergency" by outrageous demands, then the coal and railroad, phone, telegraph, and marine unions can do the same. Obviously, there lies the power in the hands of a few dozen key pioneers who never were elected to any public trust, to bring about the absolute fascist or Communist state by "legal" means.

After Flight From Fatal Fire

Juan Colon, 33, stands outside his Brooklyn, New York city apartment early June 18 after fleeing a fire which claimed seven lives. Colon holds his artificial leg and a sack containing possessions. Awakened in his apartment, Colon smashed a window with his crutch but was prevented by flames from escaping by that route. His wife, Marie, their children, Juan, Jr., 3, and Nereida, 1, and Colon were rescued by a neighbor who guided them along an outside ledge to safety.

Vassar Teacher Is Given 2 Years For Contempt

Chicago, June 19 (AP)—A Vassar College teacher, charged with taking her young daughter out of Illinois in violation of a court order yesterday was sentenced to jail for two years on a contempt charge.

She is Mrs. Passqualina Manca Judd, 32, of Poughkeepsie, N. Y., former wife of Dr. Maurice Judd, of Chicago.

Circuit Judge Elmer Schnackenberg, who last year turned the child over to a legal guardian, ordered Mrs. Judd jailed for contempt of court.

The child, Mary Louise, 6, was taken from the home of her legal guardian in Chicago last Oct. 7. Witnesses testified Mrs. Judd took her to New York city by plane.

Dr. Judd went to Poughkeepsie March 15 and brought Mary Louise back to Chicago. Mrs. Judd, a teacher of languages at Vassar College, was seized on a fugitive warrant charging kidnaping.

Mrs. Judd testified that when she went to visit the child last October, Mary Louise appeared to be in ill health and undernourished.

Stayed in Apartment

She said she and the child stayed in New York until January, then moved to Poughkeepsie. There they lived in a small apartment with Mrs. Judd's mother, Mrs. Antoinette Manca.

Judge Schnackenberg said a doctor's report filed in circuit court in 1947 said Mrs. Manca had active tuberculosis and that it would be dangerous for Mary Louise to live with her.

"I have no sympathy with a mother who would take her child and live in a small apartment with a third person who has tuberculosis. It was very dangerous for the child," Judge Schnackenberg said in passing sentence.

Is at Ellis Island

He said Mrs. Manca, who came to the United States in April, 1946, now is on Ellis Island awaiting passage to Italy. She is charged with overstaying a temporary visa.

Robert Cantwell, Jr., attorney representing Mrs. Judd, said he intended to appeal the decision to the Appellate Court immediately.

Cantwell had asked Judge Schnackenberg for suspension of sentence, for probation, or for bond to enable the mother to see the child again and settle her affairs, but the judge refused every request.

Near Full Break

Belgrade, Yugoslavia, June 19 (AP)—Yugoslavia was only one step away from complete break with her hostile Cominform neighbor Bulgaria today, following recall of all but one member of the Yugoslav embassy staff in Sofia. Premier Marshal Tito's anti-Soviet government decided to strip the embassy of its regular staff because Bulgaria rejected three formal notes protesting the alleged kidnaping of an embassy employe, the official Belgrade radio said yesterday.

Paltz Man Named By Second Convict

Trenton, N. J., June 19 (AP)—A second federal convict has testified he heard army Pvt. Robert L. Williams of New Paltz, N. Y., brag about the killing of a Ft. Dix sergeant.

The testimony was given yesterday by John R. Camara, 19, of Fall River, Mass., who said he listened to Williams while both were confined in a federal cell here.

Earlier, the jury heard similar testimony from Gary De Costa, 20, also of Fall River, Mass. Both men were being held on car theft charges which later resulted in two year jail sentences.

Camara said the 19-year-old Williams made his remarks as he was awaiting a preliminary hearing on charges of killing Sgt. Herman Wiener at Ft. Dix on Feb. 3.

"He told me," Camara said, "that if he got away with this he would be getting away with murder."

Camara said Williams told him that he struck the sergeant three times with a rod.

Williams was arrested in New Paltz, in possession of the sergeant's car. He denies the killing.

As Pegler Sees It

had made demands which Avery would not grant.

The colonel press-agent did his best to make the situation seem less nasty than it was. He was Abe H. Raskin, a reporter on union matters for the New York Times, and a member of the Newspaper Guild, of the CIO. The Guild has been a blood-red Communist front at most times in many places and Roosevelt's wife joined it when it was at its reddest, although she was not eligible under its constitution. She just wouldn't stay out. Raskin was not one of the Guild Communists nor did he color his stuff too much for a man in his curious position in the seizure and "occupation." Later he went to Europe, following up the fighters as press officer for a lot of unioneers who had absolutely no legitimate business cluttering up the scene, inasmuch as all the unions did back home was blackmail the people of the United States by thousands of strikes. After the war, Raskin went back to the Times. Recently, he reported, of all things, that the union racketeers were becoming uneasily aware that undesirable characters from the underworld were filtering into the noble labor movement.

This seizure caused a commotion with Roosevelt did have an actual war on his hands whereas Truman had pulled the rug from under himself in advance by insisting that his Korean disturbance was just a case of disorderly conduct calling for police action.

But, in both cases, the proposition is the same, namely this: That any union can create a "labor controversy" at any time simply by making extravagant demands. If the industry does not yield, it may be seized by the national government. A "labor controversy" may arise if some respectable employer throws some dirty rat downstairs for pinching the female help. Any dispute between any representative of the company and any member of the union over anything is legally a "labor controversy."

Francis Biddle, Roosevelt's attorney general, one of those peculiar Philadelphia Biddles, wrote an opinion that under his "aggregate war powers" Roosevelt could seize any "facility" in order to keep it in operation for the "war effort" whenever a "labor controversy" arose.

It was impossible to imagine anything that was not a "facility."

But the public seemed not to realize that a union might kick up a controversy for the deliberate purpose of throwing a company into the government's hands. The chances for looting by crooked bureaucrats from, say, Missouri, and for stealing trade secrets, such as lists of customers and confidential files, need no elaboration here.

Here is another interesting possibility that has never been touched upon by the covert Washington press-agents of the creeping socialism whose propaganda is published by the mile as a substitute for independent editorial opinion: If the steel union can create an artificial "emergency" by outrageous demands, then the coal and railroad, phone, telegraph, and marine unions can do the same. Obviously, there lies the power in the hands of a few dozen key pioneers who never were elected to any public trust, to bring about the absolute fascist or Communist state by "legal" means.

After Flight From Fatal Fire

Juan Colon, 33, stands outside his Brooklyn, New York city apartment early June 18 after fleeing a fire which claimed seven lives. Colon holds his artificial leg and a sack containing possessions. Awakened in his apartment, Colon smashed a window with his crutch but was prevented by flames from escaping by that route. His wife, Marie, their children, Juan, Jr., 3, and Nereida, 1, and Colon were rescued by a neighbor who guided them along an outside ledge to safety.

Vassar Teacher Is Given 2 Years For Contempt

Chicago, June 19 (AP)—A Vassar College teacher, charged with taking her young daughter out of Illinois in violation of a court order yesterday was sentenced to jail for two years on a contempt charge.

She is Mrs. Passqualina Manca Judd, 32, of Poughkeepsie, N. Y., former wife of Dr. Maurice Judd, of Chicago.

Circuit Judge Elmer Schnackenberg, who last year turned the child over to a legal guardian, ordered Mrs. Judd jailed for contempt of court.

The child, Mary Louise, 6, was taken from the home of her legal guardian in Chicago last Oct. 7. Witnesses testified Mrs. Judd took her to New York city by plane.

Dr. Judd went to Poughkeepsie March 15 and brought Mary Louise back to Chicago. Mrs. Judd, a teacher of languages at Vassar College, was seized on a fugitive warrant charging kidnaping.

Mrs. Judd testified that when she went to visit the child last October, Mary Louise appeared to be in ill health and undernourished.

Stayed in Apartment

She said she and the child stayed in New York until January, then moved to Poughkeepsie. There they lived in a small apartment with Mrs. Judd's mother, Mrs. Antoinette Manca.

Judge Schnackenberg said a doctor's report filed in circuit court in 1947 said Mrs. Manca had active tuberculosis and that it would be dangerous for Mary Louise to live with her.

"I have no sympathy with a mother who would take her child and live in a small apartment with a third person who has tuberculosis. It was very dangerous for the child," Judge Schnackenberg said in passing sentence.

Is at Ellis Island

He said Mrs. Manca, who came to the United States in April, 1946, now is on Ellis Island awaiting passage to Italy. She is charged with overstaying a temporary visa.

Robert Cantwell, Jr., attorney representing Mrs. Judd, said he intended to appeal the decision to the Appellate Court immediately.

Cantwell had asked Judge Schnackenberg for suspension of sentence, for probation, or for bond to enable the mother to see the child again and settle her affairs, but the judge refused every request.

Near Full Break

Belgrade, Yugoslavia, June 19 (AP)—Yugoslavia was only one step away from complete break with her hostile Cominform neighbor Bulgaria today, following recall of all but one member of the Yugoslav embassy staff in Sofia. Premier Marshal Tito's anti-Soviet government decided to strip the embassy of its regular staff because Bulgaria rejected three formal notes protesting the alleged kidnaping of an embassy employe, the official Belgrade radio said yesterday.

Dump Fires Reported

Another dump fire gave firemen slight trouble last night. They were called out at 9:18 p. m., to check a blaze on the temporary dump near the city incinerator. Before that a dump fire in the Devil's Lake area, where the city had started a new dump, kept firemen busy from 8 p. m. Tuesday until 11:08 a. m. Wednesday. The Devil's Lake dump was discontinued shortly after the city was granted privilege to dump there.

NO DOUBT ABOUT IT—General Eisenhower comes out 100 per cent for his wife. Display of the big button was prompted by the "Ike Likes Me" button recently worn by Mrs. Eisenhower. Map behind Eisenhower hangs in his New York headquarters, and pinpoints location of some 2000 Eisenhower clubs in the United States.

Financial and Commercial

New York, June 19 (AP)—Broad leadership provided the inspiration today for an advancing stock market.

Steels, motors, and railroads combined to supply the incentive for a rise that extended to nearly every major section of the list.

Gains ran from fractions to nearly 2 points while losses were mostly small and seldom reached as much as a point.

Radio-television issues joined in the rise without too much trading vigor, but there was good selective strength shown.

General Motors was one of the more active issues with a gain of around a point. Other motors followed that lead with almost as much strength.

On the downside, Missouri Pacific preferred lost around a point, apparently under profit-taking after its yesterday advance of 3⅝.

Advancing stocks included Santa Fe, U. S. Steel, Chrysler, Zenith, Motorola, Air Reduction, Kennecott Copper, and American Telephone.

A block of 15,000 shares of American Natural Gas moved off ¼ at 32.

Electrol Presents Trophies

Morgan D. Ryan, (right), personnel manager of Electrol Incorported, this city, presents the first prize trophy for the Teen-Age Roadeo to Jack Doyle, chairman of the Kingston Junior Chamber of Commerce Teen-Age Road-e-o committee. The 25-inch tall, gold cup capped with the safety driver emblem is one of three trophies donated by Electrol to be awarded to three winners in the teen-age skillful driving contest to be held Saturday, June 21 at the Municipal Stadium, starting at 10 a. m. The cup is inscribed "Electrol Trophy, Teen Age Road-e-o, 1952, sponsored by Kingston Jaycees, 1st place" and will have the winner's name added after Saturday's competition. In addition to the three trophies, the Jaycees are awarding valuable automobile accessories, free gasoline, free lubrjcations and gift certificates to the winners. The contest is open to both girls and boys who are under 20 years of age. All teen-agers who have not yet made application and wish to enter the Road-e-o, may obtain entrance blanks at the local high school or Cerasaro's Sport Center.

Negligence Is Blamed

Bridgeport, Conn., June 19 (AP)—The death of a Yale freshman in a Merritt Parkway auto accident April 27, resulted from the gross, criminal negligence of a fellow student, Coroner Edgar W. Krentzman declared in a finding issued today. Held criminally liable by the coroner for the crash which cost the life of Thomas Whiting Frick, 20, of Sewickley, Pa., was Ross Banks MacDonald, 17, of Grosse Pointe Farms, Mich. A combination of excessive drinking, excessive speed and poor condition of tires, caused an auto driven by MacDonald, with Frick and three other students as passengers, to leave the Parkway and crash into a tree a quarter of a mile west of Congress street, Fairfield, the coroner said.

Beheading was regarded as an honorable form of execution by the Romans.

Strike Proposal Loses

Syracuse, June 19 (AP)—A proposal to call a strike at the General Electric Company's Electronics Parks plant was defeated today when the union failed by 46 votes to gain a two-thirds majority vote of its members. The International Union of Electrical Workers (CIO) said a tabulation of the votes cast last night and early today showed 798 in favor of a strike; 468 opposed and 13 void ballots. The union, which claims to represent more than 4,000 of the 10,000 workers at Electronics Parks, scheduled the strike vote after it said the company refused to settle local grievances.

Fabulous Wealth

Late Bulletin

Early reports following an electrical storm which lashed the area with hail and rain about noon today indicated scattered damage to telephohe and electric lines.

Damage, caused mostly by falling trees and limbs, at first reports, was minor compared to the widespread destruction during Tuesday's electrical storm.

The New York Telephone Company reported service interrupted in the Rosendale, High Falls and Shokan areas, and the Central Hudson Gas & Electric Corp., said its damage was mostly along the Sheldon Hill road, Olive Bridge and a part of Ulster Park.

The Ulster County Farm Bureau, which reported extensive damage to fruit crops in the southern part of Ulster county resulting from Tuesday's storm, indicated it was too early to determine today whether more damage resulted of hail and rain.

The storm Tuesday swept hail and rain over several areas in the county's fruit belt.

Local police received no reports of damage in the city and a spokesman for Lipsett Inc., contractor on the Broadway underpass project said there was no flooding there today as there was during the storm Tuesday.

Today's storm moved more swiftly than that of Tuesday.

GOP Dinners Planned

Philadelphia, June 19 (AP)—More than 5,000 Pennsylvania Republicans will dine tonight at $100 a plate "unity" dinners to be held here and at Harrisburg. The affairs will raise funds—estimated at upwards of $400,000—for the November presidential and state election campaigns in Pennsylvania. GOP leaders responsible for organizing the affairs have included backers of both major presidential candidates, Sen. Robert A. Taft and Gen. Dwight D. Eisenhower. And they have agreed that none of the money from the dinners will be used in campaigning for nomination.

Financial and Commercial

New York, June 19 (AP)—Broad leadership provided the inspiration today for an advancing stock market.

Steels, motors, and railroads combined to supply the incentive for a rise that extended to nearly every major section of the list.

Gains ran from fractions to nearly 2 points while losses were mostly small and seldom reached as much as a point.

Radio-television issues joined in the rise without too much trading vigor, but there was good selective strength shown.

General Motors was one of the more active issues with a gain of around a point. Other motors followed that lead with almost as much strength.

On the downside, Missouri Pacific preferred lost around a point, apparently under profit-taking after its yesterday advance of 3⅝.

Advancing stocks included Santa Fe, U. S. Steel, Chrysler, Zenith, Motorola, Air Reduction, Kennecott Copper, and American Telephone.

A block of 15,000 shares of American Natural Gas moved off ¼ at 32.

Happy Is The Day When Backache Goes Away . . . .

Nagging backache, loss of pep and energy, headaches and dizziness may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folks suffer nagging backache—feel miserable. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages.

Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

Guard Suspended For Snyder Escape

Albany, N. Y., June 19 (AP)—A Green Haven State Prison guard was under suspension today, charged with neglect of duty in the escape of a convict accused of slaying a 9-year-old girl hostage when pursuers closed in on him.

The suspension of Clayton S. Henning, "pending a determination of charges of neglect of duty which have been preferred against him by Warden (Edward M.) Fay," was announced yesterday by Edward J. Donovan, state correction commissioner.

Donovan told a reporter that Henning was accused specifically of "failing to keep his eye on" 22-year-old Donald H. Snyder, who fled from a prison road gang near Carmel June 10.

Little Betty Arnold died June 11 of knife wounds police said were inflicted by Snyder while he held her as a hostage in an attempt to avert capture. Snyder is recovering from bullet wounds he received when police encircled him.

Snyder has been indicted on a first-degree murder charge by a Putnam county grand jury and is scheduled to go on trial when he recovers.

After the girl's death, the Correction Department began an investigation. Donovan said yesterday that "the investigation is continuing fully to determine the possible existence of any failures on the part of other employes at Green Haven to properly perform their duties in conjunction with this matter."

1,300 Acres Burned

Forked River, N. J., June 19 (AP)—A rampaging forest fire scorched 1,300 acres of woodland near here last night and emitted billows of smoke that made travel hazardous on nearby highways. Fifty men battled the flames and managed to check further spread. The Forest Fire Service said the fire within the 1,300-acre area would burn throughout the night.

Macaroni Ring Is Inexpensive

By GAYNOR MADDOX
NEA Food and Markets Editor

To forget about potato problems and budget worries, decide on macaroni surprise ring for dinner. It uses elbow macaroni, tuna and canned green beans, all on the economy list.

Macaroni Surprise Ring
(Makes 4-6 servings)

One tablespoon salt, 3 quarts boiling water, 8 ounces elbow macaroni, 1 No. 2 can green beans, one 7-ounce can tuna, 3 tablespoons flour, 1 teaspoon salt, ¼ cup chopped parsley, ¼ cup chopped pimientos, 2 eggs, slightly beaten, ½ cup grated processed American cheese, 2 tablespoons butter, ¼ teaspoon salt, freshly ground pepper.

Add 1 tablespoon salt to rapidly boiling water. Gradually add macaroni so that water continues to boil. Cook uncovered, stirring occasionally, until tender. Drain in colander. Drain liquid from green beans and measure 1 cup of liquid. Drain and reserve oil from tuna; flake tuna.

In a saucepan, pour tuna oil; place over low heat. Add flour and blend. Add 1 cup green bean liquid and cook until thick, stirring constantly. Add 1 teaspoon salt, parsley, pimientos, eggs, cheese and tuna, mix thoroughly. Stir in cooked macaroni, mixing lightly.

Turn into greased 1-quart ring mold. Place in pan of hot water and bake in moderate oven (350 degrees F.) 45 minutes. Meanwhile, in a saucepan, combine drained green beans, butter, ¼ teaspoon salt and pepper. Cover; place over low heat and heat thoroughly. To serve, unmold macaroni-tuna ring on heated platter and turn green beans into center. Serve piping hot.

TOMORROW'S MENU

BREAKFAST: Tomato juice with lemon wedges, poached eggs on toast, coffee cake, coffee, milk.

LUNCHEON: Split pea soup with croutons, tomatoes stuffed with cottage cheese, hot buttered toast, fresh plums, lemon cookies, tea, milk.

DINNER: Macaroni surprise ring, broiled tomato halves, hard rolls, butter or magarine, lettuce and cucumber salad, blackberry tarts, coffee, milk.

NEW HURLEY

New Hurley, June 18—Germain Smith and granddaughter, Mary Lou Schoonmaker, have been visiting friends and relatives in Castile.

The New Hurley Missionary Society invites members of the congregation to attend the annual June tea to be held at the church Thursday at 2:30 p. m. The Rev. Richard Vanden Berg, DD, secretary of the Board of Domestic Missions, will be the speaker.

Subscriptions to the Church Herald are now due. Anyone wishing to subscribe is requested to sign his name on a list in the back of the church or hand the money to Roscoe Pickens, treasurer of the church.

Ten young people from the New Hurley Church have registered for the Oakwood Conference which begins June 23. Miss Frances Countryman will be a member of the faculty.

There will be regular preaching services in the church Sunday at 11 a. m. and Sunday school at 10 a. m. with classes for all ages. All are cordially invited to attend these services.

All those who have church building banks which were handed out a few days ago in Sunday school are requested to return them by July 6.

Mr. and Mrs. Wesley Crumn and daughter of Dover, N. J., called at the home of their aunt, Mrs. Mary Murgittroyd, Sunday afternoon.

The Rev. and Mrs. John W. Tysse and family attended the installation service of their brother-in-law, the Rev. Clarence Howard, as pastor of the Wynantskill Reformed Church at Wynantskill. The Rev. Mr. Tysse gave the charge to the pastor.

Moving Up Day will be observed in the Sunday school Sunday. All members are requested to be present and to meet in the church sanctuary for the worship service.

John Kvamme is a patient at the U. S. Naval Hospital at Portsmouth, Va.

Guard Suspended For Snyder Escape

Albany, N. Y., June 19 (AP)—A Green Haven State Prison guard was under suspension today, charged with neglect of duty in the escape of a convict accused of slaying a 9-year-old girl hostage when pursuers closed in on him.

The suspension of Clayton S. Henning, "pending a determination of charges of neglect of duty which have been preferred against him by Warden (Edward M.) Fay," was announced yesterday by Edward J. Donovan, state correction commissioner.

Donovan told a reporter that Henning was accused specifically of "failing to keep his eye on" 22-year-old Donald H. Snyder, who fled from a prison road gang near Carmel June 10.

Little Betty Arnold died June 11 of knife wounds police said were inflicted by Snyder while he held her as a hostage in an attempt to avert capture. Snyder is recovering from bullet wounds he received when police encircled him.

Snyder has been indicted on a first-degree murder charge by a Putnam county grand jury and is scheduled to go on trial when he recovers.

After the girl's death, the Correction Department began an investigation. Donovan said yesterday that "the investigation is continuing fully to determine the possible existence of any failures on the part of other employes at Green Haven to properly perform their duties in conjunction with this matter."

1,300 Acres Burned

Forked River, N. J., June 19 (AP)—A rampaging forest fire scorched 1,300 acres of woodland near here last night and emitted billows of smoke that made travel hazardous on nearby highways. Fifty men battled the flames and managed to check further spread. The Forest Fire Service said the fire within the 1,300-acre area would burn throughout the night.

Macaroni Ring Is Inexpensive

By GAYNOR MADDOX
NEA Food and Markets Editor

To forget about potato problems and budget worries, decide on macaroni surprise ring for dinner. It uses elbow macaroni, tuna and canned green beans, all on the economy list.

Macaroni Surprise Ring
(Makes 4-6 servings)

One tablespoon salt, 3 quarts boiling water, 8 ounces elbow macaroni, 1 No. 2 can green beans, one 7-ounce can tuna, 3 tablespoons flour, 1 teaspoon salt, ¼ cup chopped parsley, ¼ cup chopped pimientos, 2 eggs, slightly beaten, ½ cup grated processed American cheese, 2 tablespoons butter, ¼ teaspoon salt, freshly ground pepper.

Add 1 tablespoon salt to rapidly boiling water. Gradually add macaroni so that water continues to boil. Cook uncovered, stirring occasionally, until tender. Drain in colander. Drain liquid from green beans and measure 1 cup of liquid. Drain and reserve oil from tuna; flake tuna.

In a saucepan, pour tuna oil; place over low heat. Add flour and blend. Add 1 cup green bean liquid and cook until thick, stirring constantly. Add 1 teaspoon salt, parsley, pimientos, eggs, cheese and tuna, mix thoroughly. Stir in cooked macaroni, mixing lightly.

Turn into greased 1-quart ring mold. Place in pan of hot water and bake in moderate oven (350 degrees F.) 45 minutes. Meanwhile, in a saucepan, combine drained green beans, butter, ¼ teaspoon salt and pepper. Cover; place over low heat and heat thoroughly. To serve, unmold macaroni-tuna ring on heated platter and turn green beans into center. Serve piping hot.

TOMORROW'S MENU

BREAKFAST: Tomato juice with lemon wedges, poached eggs on toast, coffee cake, coffee, milk.

LUNCHEON: Split pea soup with croutons, tomatoes stuffed with cottage cheese, hot buttered toast, fresh plums, lemon cookies, tea, milk.

DINNER: Macaroni surprise ring, broiled tomato halves, hard rolls, butter or magarine, lettuce and cucumber salad, blackberry tarts, coffee, milk.

NEW HURLEY

New Hurley, June 18—Germain Smith and granddaughter, Mary Lou Schoonmaker, have been visiting friends and relatives in Castile.

The New Hurley Missionary Society invites members of the congregation to attend the annual June tea to be held at the church Thursday at 2:30 p. m. The Rev. Richard Vanden Berg, DD, secretary of the Board of Domestic Missions, will be the speaker.

Subscriptions to the Church Herald are now due. Anyone wishing to subscribe is requested to sign his name on a list in the back of the church or hand the money to Roscoe Pickens, treasurer of the church.

Ten young people from the New Hurley Church have registered for the Oakwood Conference which begins June 23. Miss Frances Countryman will be a member of the faculty.

There will be regular preaching services in the church Sunday at 11 a. m. and Sunday school at 10 a. m. with classes for all ages. All are cordially invited to attend these services.

All those who have church building banks which were handed out a few days ago in Sunday school are requested to return them by July 6.

Mr. and Mrs. Wesley Crumn and daughter of Dover, N. J., called at the home of their aunt, Mrs. Mary Murgittroyd, Sunday afternoon.

The Rev. and Mrs. John W. Tysse and family attended the installation service of their brother-in-law, the Rev. Clarence Howard, as pastor of the Wynantskill Reformed Church at Wynantskill. The Rev. Mr. Tysse gave the charge to the pastor.

Moving Up Day will be observed in the Sunday school Sunday. All members are requested to be present and to meet in the church sanctuary for the worship service.

Children's Home to Dedicate Dormitory Saturday

The Children's Home, 77 East Chester street, which will hold a benefit card party Saturday, June 21, and will also celebrate the opening of the new girls dormitory, designated as Highcliff. Mayor Oscar V. Newkirk will participate in the dedication of the charming new quarters for the Home's 16 girls.

Benefit Card Party Planned

The Children's Home, 77 East Chester street, will hold a Benefit Day Saturday, June 21, to assist its "sorely pressed" budget.

It will be the occasion also for ceremonies officially opening Highcliff Cottage, a charming dormitory on the grounds for the Home's 16 girls. Mayor Oscar V. Newkirk will officiate at the ceremonies. Also attending will be Ulster County Commissioner of Welfare Edward Murray and others.

The Home's board of managers has arranged a benefit card party for the occasion. There will also be a food sale of "goodies" made by some of the 25 ladies on the board and games will be provided for the children.

In addition to the Home's 16 girls, ranging in age from eight to 17, there are 22 boys ranging from five to 17. The boys are divided into three departments, junior, intermediate and senior. The junior department consists of boys between the ages of five and 10, the intermediate of boys between 10 and 13 and the senior of boys from 13 to 17. The Home can handle as many as ten boys in each of these three departments.

75th Anniversary

Benefit Day will also be the occasion for the celebration of the 75th anniversary of the founding of the Home, known originally as the Industrial Home. Since Jan. 8, 1877, when the petition for incorporation was first filed, over 1,300 children have passed through its doors.

The Home was originally planned and endowed by a group of influential citizens for the care of children and the elderly in Kingston and Ulster county.

Frank M. White, executive director of the Home for the past ten months, formerly with the Children's Village in Westchester county for 18 years, explains that the purpose of the Home is to take care of dependent, neglected children. He points out the importance of such a Home in the community, the need to assist teen-age children as the result of separations, divorces, poverty, etc.

A "Large Family"

White explains that the Home derives approximately one-fourth of its income from a trust department built up through gifts and legacies and about half its income from the Ulster County Welfare Department. The other 25 per cent has to come from the gifts of individuals and organizations.

"We try to take care of children here in the same way you would in an ordinary home," White says, "just as a large family." There is one house parent living in each department.

The children attend Schools Nos. 2 and 5, several are in the Myron J. Michael School and four are in Kingston High School. The majority of the children in the Home will, of necessity, have to earn their own living, White points out, explaining that every effort is made to prepare the child for adult life and responsibility. Before accepting a child, White says, every effort is made to keep the child in his own home. Often the child has to be separated from his own home, however, for his own good.

Highcliff Is Charming

What Frank White has accomplished at the Home during the past 10 months is little short of remarkable. Not a little of the physical change in the appearance of the Home has been due to his own personal labor with hammer, saw and paint brush. The reporter was most impressed, of course, with the new girls' dormitory, Highcliff, a really cozy and attractive little home, beautifully appointed and decorated by White's energetic and charming wife. The children at the Home are fortunate to have such "parents" as the Whites who, incidentally, have a two-year-old son of their own.

Even the third floor of the new dormitory has been renovated and furnished and now has five girls quartered there. White praises George C. Swart, contractor for renovations at Highcliff, for his consideration and fine work.

Need Bath Facilities

Despite many improvements the Home is still badly in need of many things, not the least of which is adequate lavatory facilities. Until the girls were moved to Highcliff recently they were using a bathroom with only one bathtub and two toilets. The 11 boys in the senior department are presently using one shower. White would like to see a shower stall built into the present bathroom, with two spray nozzles.

White said that all the children attend Sunday School and church and that the home took advantage of all community facilities "to try to weave the children into the normal routine of the community." He had the highest praise for Miss Mary O'Toole of Port Ewen, a registered nurse who has been with the Home for the past 30 years and sleeps there at night.

White expressed some concern over the fact that in recent years the Home has had to dip into its principal to meet costs, and hopes that gifts in the future will make it unnecessary to continue the practice. It costs approximately $45,000 a year to operate the Home.

Dodge Will Wed

Cannes, France, June 19 (AP)—Automobile heir Horace E. Dodge is to marry Miss Gregg Sherwood, formerly of Beloit, Wis., as soon as his divorce from his present wife is final, friends of the couple said today. Asked about the report, Miss Sherwood told a reporter "we have no statement to make now, because Mr. Dodge's divorce still is not final. We hope to make a statement soon." Dodge, about 50, and 25-year-old Miss Sherwood were guests at a Riviera party last night at which Dodge gave her a ring.

Thruway Plans Anticipated by First of December

A. R. Erskine, engineer of the New York State Thruway Authority at Poughkeepsie, said today that plans for a section of the thruway south of Kingston should be ready to submit to the authority by Dec. 1.

It was announced earlier that plans for the section extending from the Sawkill area to Route 28, the Onteora Trail, will be ready in the near future, and the next section for which plans are scheduled to be ready in December will extend from Route 28 to Whiteport.

Bertram D. Tallamy, chairman of the Thruway Authority, announced yesterday at Rochester that the entire 500-mile thruway will be under construction contract by next March 31.

Erskine said today it is planned to get as many plans as possible ready by Dec. 1 so that the letting of contracts can take place during the winter and there may by plans for other sections in Ulster county and vicinity ready by Dec. 1 along with that extending from Kingston to Whiteport.

It is expected that the contract for the section from Sawkill to Kingston will provide for a temporary connection with Route 28 before the interchange system is completed. Plans also call for relocation of a section of the Esopus creek bed at about the time the interchange is built.

Plans Made Again For Vassar to Give Polio Treatment

At a recent regional meeting held at Vassar Brothers Hospital in Poughkeepsie, plans were made again to establish a treatment center for poliomyelitis at that institution. Counties participating in the program are Ulster, Dutchess, Orange and Sullivan and those counties will be served by this center. This facility was used satisfactorily last season.

The report of the Ulster County Health Department for May reveals a continuation of measles and mumps in the city and county. During May there were 13 cases of measles reported in the city and 21 in the county. During that month there were 17 cases of mumps in the city and eight reported from the county. Both of these diseases are beginning to taper off.

A total of 20 cases of chickenpox was reported in May, nine being from the city and 11 from the county. There were 34 cases of cancer reported. One case of scarlet fever was reported in Kingston and five from the county.

Other reportable diseases were at a minimum during May. Only two cases of German measles were reported during the month.

HERE'S THE SOAP WITH THE NEW

Miracle Ingredient HEXACHLOROPHENE*

GIVES YOU EXTRA PROTECTION

by destroying the skin bacteria that cause embarrassing body odor, yet it is so mild it is safe for even the most delicate, sensitive skin

CHARM, different from ordinary soaps, gives you needed *extra* protection . . . overall deodorant protection. CHARM'S active ingredient, Hexachlorophene, destroys odor-producing bacteria but does not interfere with normal perspiration. CHARM is a family bath and toilet soap. Its gentle effective lather safely cleanses the tenderest skin. The use of Charm assures the entire family of overall deodorant protection. The family budget will be happy, too, for Charm is hard-milled, which compresses out excess moisture and air; your bar of Charm lasts longer than ordinary soaps.

CHARM IS GENTLE and safe for even the skin of a baby. It soothes minor skin irritations and reduces the possibility of infection.

* HEXACHLOROPHENE is an amazing new deodorant compound, powerful, yet so mild it cannot injure the most delicate, sensitive skin. The antiseptic action of Hexachlorophene combats and destroys odor-producing skin bacteria, thus eliminating embarrassing body odor. Scientific tests show that CHARM with Hexachlorophene quickly reduces skin bacteria and gives you increasing protection from unpleasant body odor the longer you use it.

WHATEVER WORK YOU DO — Charm's deodorant action keeps you clean and fresh, at home, in the factory, at the office, and at play.

Children's Home to Dedicate Dormitory Saturday

Benefit Card Party Planned

The Children's Home, 77 East Chester street, will hold a Benefit Day Saturday, June 21, to assist its "sorely pressed" budget.

It will be the occasion also for ceremonies officially opening Highcliff Cottage, a charming dormitory on the grounds for the Home's 16 girls. Mayor Oscar V. Newkirk will officiate at the ceremonies. Also attending will be Ulster County Commissioner of Welfare Edward Murray and others.

The Home's board of managers has arranged a benefit card party for the occasion. There will also be a food sale of "goodies" made by some of the 25 ladies on the board and games will be provided for the children.

In addition to the Home's 16 girls, ranging in age from eight to 17, there are 22 boys ranging from five to 17. The boys are divided into three departments, junior, intermediate and senior. The junior department consists of boys between the ages of five and 10, the intermediate of boys between 10 and 13 and the senior of boys from 13 to 17. The Home can handle as many as ten boys in each of these three departments.

75th Anniversary

Benefit Day will also be the occasion for the celebration of the 75th anniversary of the founding of the Home, known originally as the Industrial Home. Since Jan. 8, 1877, when the petition for incorporation was first filed, over 1,300 children have passed through its doors.

The Home was originally planned and endowed by a group of influential citizens for the care of children and the elderly in Kingston and Ulster county.

Frank M. White, executive director of the Home for the past ten months, formerly with the Children's Village in Westchester county for 18 years, explains that the purpose of the Home is to take care of dependent, neglected children. He points out the importance of such a Home in the community, the need to assist teen-age children as the result of separations, divorces, poverty, etc.

A "Large Family"

White explains that the Home derives approximately one-fourth of its income from a trust department built up through gifts and legacies and about half its income from the Ulster County Welfare Department. The other 25 per cent has to come from the gifts of individuals and organizations.

"We try to take care of children here in the same way you would in an ordinary home," White says, "just as a large family." There is one house parent living in each department.

The children attend Schools Nos. 2 and 5, several are in the Myron J. Michael School and four are in Kingston High School. The majority of the children in the Home will, of necessity, have to earn their own living, White points out, explaining that every effort is made to prepare the child for adult life and responsibility. Before accepting a child, White says, every effort is made to keep the child in his own home. Often the child has to be separated from his own home, however, for his own good.

Highcliff Is Charming

What Frank White has accomplished at the Home during the past 10 months is little short of remarkable. Not a little of the physical change in the appearance of the Home has been due to his own personal labor with hammer, saw and paint brush. The reporter was most impressed, of course, with the new girls' dormitory, Highcliff, a really cozy and attractive little home, beautifully appointed and decorated by White's energetic and charming wife. The children at the Home are fortunate to have such "parents" as the Whites who, incidentally, have a two-year-old son of their own.

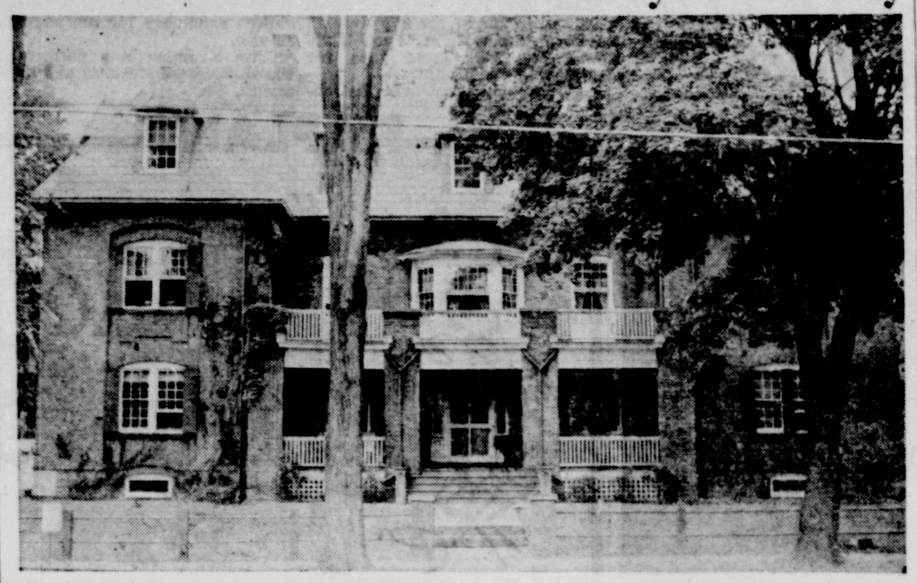
Even the third floor of the new dormitory has been renovated and furnished and now has five girls quartered there. White praises George C. Swart, contractor for renovations at Highcliff, for his consideration and fine work.

Need Bath Facilities

Despite many improvements the Home is still badly in need of many things, not the least of which is adequate lavatory facilities. Until the girls were moved to Highcliff recently they were using a bathroom with only one bathtub and two toilets. The 11 boys in the senior department are presently using one shower. White would like to see a shower stall built into the present bathroom, with two spray nozzles.

White said that all the children attend Sunday School and church and that the home took advantage of all community facilities "to try to weave the children into the normal routine of the community." He had the highest praise for Miss Mary O'Toole of Port Ewen, a registered nurse who has been with the Home for the past 30 years and sleeps there at night.

White expressed some concern over the fact that in recent years the Home has had to dip into its principal to meet costs, and hopes that gifts in the future will make it unnecessary to continue the practice. It costs approximately $45,000 a year to operate the Home.



The Children's Home, 77 East Chester street, which will hold a benefit card party Saturday, June 21, and will also celebrate the opening of the new girls dormitory, designated as Highcliff. Mayor Oscar V. Newkirk will participate in the dedication of the charming new quarters for the Home's 16 girls.

Dodge Will Wed

Cannes, France, June 19 (AP)—Automobile heir Horace E. Dodge is to marry Miss Gregg Sherwood, formerly of Beloit, Wis., as soon as his divorce from his present wife is final, friends of the couple said today. Asked about the report, Miss Sherwood told a reporter "we have no statement to make now, because Mr. Dodge's divorce still is not final. We hope to make a statement soon." Dodge, about 50, and 25-year-old Miss Sherwood were guests at a Riviera party last night at which Dodge gave her a ring.

Thruway Plans Anticipated by First of December

A. R. Erskine, engineer of the New York State Thruway Authority at Poughkeepsie, said today that plans for a section of the thruway south of Kingston should be ready to submit to the authority by Dec. 1.

It was announced earlier that plans for the section extending from the Sawkill area to Route 28, the Onteora Trail, will be ready in the near future, and the next section for which plans are scheduled to be ready in December will extend from Route 28 to Whiteport.

Bertram D. Tallamy, chairman of the Thruway Authority, announced yesterday at Rochester that the entire 500-mile thruway will be under construction contract by next March 31.

Erskine said today it is planned to get as many plans as possible ready by Dec. 1 so that the letting of contracts can take place during the winter and there may by plans for other sections in Ulster county and vicinity ready by Dec. 1 along with that extending from Kingston to Whiteport.

It is expected that the contract for the section from Sawkill to Kingston will provide for a temporary connection with Route 28 before the interchange system is completed. Plans also call for relocation of a section of the Esopus creek bed at about the time the interchange is built.

Plans Made Again For Vassar to Give Polio Treatment

At a recent regional meeting held at Vassar Brothers Hospital in Poughkeepsie, plans were made again to establish a treatment center for poliomyelitis at that institution. Counties participating in the program are Ulster, Dutchess, Orange and Sullivan and those counties will be served by this center. This facility was used satisfactorily last season.

The report of the Ulster County Health Department for May reveals a continuation of measles and mumps in the city and county. During May there were 13 cases of measles reported in the city and 21 in the county. During that month there were 17 cases of mumps in the city and eight reported from the county. Both of these diseases are beginning to taper off.

A total of 20 cases of chickenpox was reported in May, nine being from the city and 11 from the county. There were 34 cases of cancer reported. One case of scarlet fever was reported in Kingston and five from the county.

Other reportable diseases were at a minimum during May. Only two cases of German measles were reported during the month.

Miss Dederick Opens Parnassus Studios

Woodstock, June 17 — Miss Frances Dederick, director of Parnassus Square, has returned from California and reopened her group of studios on Rock City road. Returning to this village after several months' absence, Miss Dederick observed that she was immediately impressed by the "spruced up" appearance of this village.

Sketch classes, with life models, at Parnassus Square will begin tonight and will be held as usual Tuesday and Wednesday evenings from 8 to 10 p. m.

A new class in portrait painting has been announced, with Kenneth Van Rensselaer, instructor. Well known as a painter of portraits and extremely popular as a teacher, he believes that a thorough knowledge of the craft is necessary to enable the artist to express himself effectively. Van Rensselaer studied privately with Nicholas Vassaliaf, at the Art Students League and the National Academy, with Ernest Fiene, Sidney Dickinson and Ivan Olinsky. He has been awarded numerous prizes including a Tiffany Fellowship.

Miss Dederick will herself instruct a new class in interior decoration. Well known for her decorating work, she is experienced in the field having studied fine and applied arts and decorating at Pratt Institute and at various summer schools. For the past two years she has been teaching a decorating class in Adult Education at Vallejo, Calif., as well as doing decorating work there.

The first group show of paintings will open at Parnassus Square June 30, to continue through July 12, and the permanent gallery will also open on that date. Miss Dederick will have as her co-director Mrs. Joan Stowater.

Plans for Graduation, June 23, Completed

Woodstock, June 17—Plans for the graduation exercises at the Woodstock School, at 7:30 p. m. Monday, June 23, have been completed as well as those for the party afterwards for the graduates, sponsored by the Parent-Teacher Association.

Regent examinations at the school were completed Wednesday afternoon, and school will close for the summer at noon Friday.

According to Walter Van Wagenen, principal and also a member of the recreation committee, the new swimming pool at the recreation field is at present being painted, and grass is being planted in the surrounding area. The pool and the recreation field will open for the summer July 1.

Town House Offers Mark Vukovic Show

Woodstock, June 17 — Second exhibition of the season, a one-man show of paintings by Mark Vukovic, which opened last Friday at the Town House, offers a colorful excursion through the Woodstock, Zena and Kingston areas. From the dashing Mountain stream, to the quiet frozen brook in Winter in Zena, and the picturesque brick kilns and buildings in Near Kingston, Vukovic has sought out characteristic and appealing scenes in this area. Another Zena landscape captures a jewel-like quality in the perfection of the small buildings and vivid countryside. Turning to the sea, he has created a vibrant view of headland and scudding clouds in The Cove. Also notable are his beguiling flower pieces. The show will remain at the Town House through Thursday, June 26.

Millman Is Appointed Arkansas Professor

Woodstock, June 17 — Edward Millman, eminent Woodstock artist, has just been appointed as visiting professor of art at the new two-million dollar Fine Arts Center at the University of Arkansas, Fayetteville. Millman will spend the months of February, March, April and May, the spring semester at the new center. Last winter Millman was visiting artist at the University of Indiana, and during the 1950-51 season held the same post at the Clearwater, Fla., Art Center. He has lectured extensively at various colleges throughout the country.

Overlook Home Bureau Holds Last Meeting

Woodstock, June 17—The last regular monthly meeting of the Overlook Home Bureau was held last Thursday night at the home of Mrs. Gerald Green.

The group discussed plans for the various fall projects. It was decided that there would be a class in furniture refinishing, with Mrs. Warren Graver and Mrs. Robert Gordon, serving as leaders. The class will start within the next two weeks.

Regular meetings of the unit will resume in September.

Legion Post Holds Meeting Tonight

Woodstock, June 17—A special meeting of the Woodstock Post, No. 1026, American Legion, will be held at the club house Tuesday, June 17, at 8 p. m. Albert McC. Wangler, post commander, has requested that all members attend this important meeting, when election of officers will take place and final plans will be made for the July 5th fireworks.

Business Association Will Meet Wednesday

Woodstock, June 17—The regular meeting of the Woodstock Business Association, Inc., will be held at the Town House, Wednesday at 8 p. m. There will be an election of ten directors for the ensuing meeting.

Antique Shop Opened By Madeline Citroen

Woodstock, June 17 — An antique shop on the village green has recently been opened by Madeline Citroen. Mrs. Citroen is specializing in fine European antiques which include occasional furniture, porcelains, bronzes, lamps, chandeliers, silver and other decorative accessories. Antique jewelry may also be obtained at the shop.

Village Notes

Woodstock, June 17—Mr. and Mrs. Millard Halterman, of East Meadows, L. I., formerly of this village, visited Mr. and Mrs. Joseph Holdridge, Jr., this weekend.

Mr. and Mrs. Robert F. Denniston have returned from Florida to their home in Bearsville.

Guests at the Town House over the past weekend were Mrs. Linenthal, and her daughter Dora, of New York, who are going to Europe for six weeks and will return here in August; Miss Dorothy Jennings, Mr. and Mrs. Robert Macauley, all of New York; Dan Negler of Jackson Heights; Mr. and Mrs. George J. Campo, of Forest Hills, L. I; William G. Gautier, Miss Margaret Paget of New York; and Mrs. Fanny Ganso, of the Ganso Gallery, who will return Wednesday to this village and stay for the summer.

La Monte V. Simpkins has been in Cooperstown attending a Masonic meeting, and is expected to return today.

Miss Lois Wilcox has returned to her home on Rock City road for the summer.

Nelson Shultis made the highest score in the turkey shoot with muzzle loader gun at the Wittenberg Sportsmans Club Sunday afternoon, and was awarded the turkey.

Paul Van Wagenen, son of Mr. and Mrs. Walter Van Wagenen, has returned from the Citadel, Charleston, S. C., to spend the summer vacation.

The former Mulholland place on Glasco Turnpike has recently been purchased by Richard E. Eschmann. Mr. and Mrs. Eschmann and their family moved to their new home about three weeks ago.

City Is Enrolled In Summer Better Fishing Program

The City of Kingston has enrolled in the 1952 Boy and Girl National Better Fishing Program, it was announced today by Andrew J. Murphy, 3rd, director of city recreation.

In a letter received by Murphy this week B. F. Deppe, coordinator of the program, Chicago, Ill., welcomed Kingston to the program. "May the Junior citizens of your community enjoy many 'tight lines', and may you and the co-sponsors of your program be successful in attaining the 1952 Kingston fishing quota of 576 participating boys and girls."

Grand awards, contributed by Better Fishing, Inc., are presented to the boy and girl catching the heaviest salt or fresh water fish on a specified date in late August. The date will be announced. Awards consist of fine fishing outfits, rod, reel, line, lures, etc.

The national youth education-recreation program centers the attention of civil authorities and civic organizations of the health and character building values provided by fishing for boys and girls under state fishing license age.

The field program functions during vacation periods and strives to stimulate interest in outdoor activities and to build happier and more useful lives for young people.

Law Against Fascists

Rome, June 19 (AP)—A tough new law giving the Italian government power to break up the nation's reviving Fascist party today needed only presidential signature and publication to become effective. The Italian Social Movement (MSI), an openly Fascist political force which in last month's local elections moved up to third place among the country's political parties, could be disbanded under the law. The MSI has promised, however, that it would reorganize under a new name within 24 hours after any governmental action against it.

Town House Offers Mark Vukovic Show

Woodstock, June 17 — Second exhibition of the season, a one-man show of paintings by Mark Vukovic, which opened last Friday at the Town House, offers a colorful excursion through the Woodstock, Zena and Kingston areas. From the dashing Mountain stream, to the quiet frozen brook in Winter in Zena, and the picturesque brick kilns and buildings in Near Kingston, Vukovic has sought out characteristic and appealing scenes in this area. Another Zena landscape captures a jewel-like quality in the perfection of the small buildings and vivid countryside. Turning to the sea, he has created a vibrant view of headland and scudding clouds in The Cove. Also notable are his beguiling flower pieces. The show will remain at the Town House through Thursday, June 26.

Local Marine Station Has Medal Display

A collection of World War 2 medals is on display at the Marine Corps recruiting station in the central post office as a convenience to those who earned awards but were discharged without receiving them.

Sergeant Charles Awkerman has information relative to application for the medals and will be glad to assist those desiring to send for them.

Awkerman pointed out that most of the authorized ribbons rated by individuals have medals that go with them and will be issued upon application.

City Is Enrolled In Summer Better Fishing Program

The City of Kingston has enrolled in the 1952 Boy and Girl National Better Fishing Program, it was announced today by Andrew J. Murphy, 3rd, director of city recreation.

In a letter received by Murphy this week B. F. Deppe, coordinator of the program, Chicago, Ill., welcomed Kingston to the program. "May the Junior citizens of your community enjoy many 'tight lines', and may you and the co-sponsors of your program be successful in attaining the 1952 Kingston fishing quota of 576 participating boys and girls."

Grand awards, contributed by Better Fishing, Inc., are presented to the boy and girl catching the heaviest salt or fresh water fish on a specified date in late August. The date will be announced. Awards consist of fine fishing outfits, rod, reel, line, lures, etc.

The national youth education-recreation program centers the attention of civil authorities and civic organizations of the health and character building values provided by fishing for boys and girls under state fishing license age.

The field program functions during vacation periods and strives to stimulate interest in outdoor activities and to build happier and more useful lives for young people.

Law Against Fascists

Rome, June 19 (AP)—A tough new law giving the Italian government power to break up the nation's reviving Fascist party today needed only presidential signature and publication to become effective. The Italian Social Movement (MSI), an openly Fascist political force which in last month's local elections moved up to third place among the country's political parties, could be disbanded under the law. The MSI has promised, however, that it would reorganize under a new name within 24 hours after any governmental action against it.

Will Address Kerhonkson Graduates

DR. PAUL N. ELBIN

RABBI HERBERT I. BLOOM

Among the speakers scheduled to address members of the Kerhonkson Public Schools graduation class this year are Dr. Paul N. Elbin, president of the West Liberty State College, Wheeling, W. Va., who will be the commencement speaker and Rabbi Herbert I. Bloom of Temple Emanuel, Kingston, who will be the featured baccalaureate service speaker.

26th Kerhonkson High School Commencement Exercises Are Scheduled Monday, June 23

The Kerhonkson Public Schools will hold their 26th commencement as an accredited secondary school in the state Monday, June 23, at 8 p. m. in the new Kerhonkson High School Auditorium.

Dr. Paul N. Elbin of the West Liberty State College, Wheeling, W. Va., will deliver the address on the topic Roots and Ruts.

On Sunday, June 22, the 26th Baccalaureate services will be held at 8 p. m. in the Kerhonkson High School Auditorium. The Rev. George Wood of Accord will be the officiating minister and Rabbi Herbert I. Bloom of Kingston will deliver the sermon.

Roland A. Riegel, supervising principal, pointed out today that, as in the past, an effort was made to have all faiths represented at the Baccalaureate service but due to religious commitments, it has been impossible to secure the services of the Catholic representative for this program.

Recognized As Author

Dr. Elbin, the commencement speaker, in addition to being president of West Liberty State College, is a noted radio and newspaper personality having been music editor for the Wheeling News Register and moderator of the Junior Town Meeting of the Air.

He also, for a period of seven years, conducted the Bible Question Bee, a popular quiz program broadcast weekly on Station WWVA. Dr. Elbin is recognized also as an author He has published five books, the most noted of which is Brotherhood Through Religion. He also has written numerous magazine articles.

In view of the large seating capacity of the new Kerhonkson High School Auditorium, both the Baccalaureate and commencement exercises will be open to the public and all area residents are invited to attend.

Certain reserve sections, however, will be set aside for the graduating class, their parents, the board of education and members of the teaching staff.

The public has been invited to attend the exercises.

Delegates Demand School Equality Aid

At the 66th biennial New York state convention of the Ancient Order of Hibernians and Auxiliaries, held June 10 to 13, in the Seneca Hotel, Rochester, 500 delegates including those from this area, voted to demand that any free service or aid given to public school children, be extended to those attending the parochial schools.

Continuing an attack against British policy in Northern Ireland, the delegates asked that partition of Ireland be ended, and "that the United States use its good offices to ask for the withdrawal of British troops from Northern Ireland's six counties."

Greetings were received from Mayor Vincent Impelliteri of New York city, Eamond De Valera, prime minister of Ireland, and Sean McBride, Irish consul in New York.

The auxiliary delegates from this area were Mrs. Lincoln Crosby, county president; Mrs. John Hogan, Sr., division 4; and Mrs. John McNierney, division 5.

The 1954 convention will be held in Troy.

Youth Center Dance

During the summer months, the weekly Youth Center dance at the YMCA will be held Thursday evenings, beginning tonight from 8 to 11:45 p. m. Jim Goins and his orchestra will supply the music.

Honor Students at Immaculate Conception

The invocation and benediction will be given by the Rev. John Dykstra.

Alan Harford will present advice to underclassmen while Doris Schenck will make a reply. Class presentation will be given by Ernest Myer.

The public has been invited to attend the exercises.

Delegates Demand School Equality Aid

At the 66th biennial New York state convention of the Ancient Order of Hibernians and Auxiliaries, held June 10 to 13, in the Seneca Hotel, Rochester, 500 delegates including those from this area, voted to demand that any free service or aid given to public school children, be extended to those attending the parochial schools.

Continuing an attack against British policy in Northern Ireland, the delegates asked that partition of Ireland be ended, and "that the United States use its good offices to ask for the withdrawal of British troops from Northern Ireland's six counties."

Greetings were received from Mayor Vincent Impelliteri of New York city, Eamond De Valera, prime minister of Ireland, and Sean McBride, Irish consul in New York.

The auxiliary delegates from this area were Mrs. Lincoln Crosby, county president; Mrs. John Hogan, Sr., division 4; and Mrs. John McNierney, division 5.

The 1954 convention will be held in Troy.

Youth Center Dance

During the summer months, the weekly Youth Center dance at the YMCA will be held Thursday evenings, beginning tonight from 8 to 11:45 p. m. Jim Goins and his orchestra will supply the music.

Honor Students at Immaculate Conception

Miss Nancy Demski and Thomas Mooney have been named by the Immaculate Conception School for the honors of valedictorian and salutatorian, respectively, at the graduation exercises which will take place Sunday at the White Eagle hall. *(Freeman photo)*

HARRY F. BAILEY

Harry F. Bailey, son of Mr. and Mrs. Charles Bailey, 154 Spring street, was awarded a bachelor of science degree, cum laude, in industrial arts, at the recent 81st commencement exercises of the State University College for Teachers in Buffalo.

As an undergraduate, he served as president of Delta Kappa fraternity; vice-president of Epsilon Pi Tau, and member of Kappa Delta Pi. He received the Walter H. Weber award given to the outstanding industrial arts' senior.

Part of his last semester was spent as acting instructor of industrial arts at the college. He has accepted a teaching position at Orchard Park High School, Orchard Park.

Bridal Shower

In some rural parishes, wheat is thrown over the bridal couple with the cry: "Bread for life and pudding for ever," according to the Encyclopedia Britannica.

Graduation Program Named for Immaculate Conception Exercises

The graduating class of Immaculate Conception School will be conducted to the church on Sunday morning by Robert Corcoran and Elaine Szczypkowski, where the members will attend Mass and receive Communion. The Rev. Joseph J. Sieczek, pastor, will be the celebrant.

Following Mass, the children will enjoy their annual picnic at Hasbrouck Park.

The Mothers' Club has given a Mass stipend in thanksgiving for God's blessing upon the children during the school year and for protection during the summer months.

Commencement exercises will take place Sunday evening at the White Eagle hall.

The program:

National anthem; school hymn, Mother Beloved.

Salutatory by Thomas Mooney.

Operetta, Tulip Time, in observance of the 300th anniversary of the founding of the city.

Tap Dance by Antoinette Sieczek.

Piano duets by Nancy Demski and Catherine Szymanski; and Elizabeth Hudela and Phyllis Madajewski.

....

End of a Perfect Day to be sung by the graduates.

Valedictory by Nancy A. Demski.

Address to the graduates, the Rev. Joseph J. Sieczek.

May The Dear Lord Bless and Keep You to be sung by the entire group.

Rondout Service Club

The Service Club of the Rondout Presbyterian-Wurts Street Baptist Church will hold its annual picnic on Monday, June 23, at the Wagon Wheel, the summer home of Mr. and Mrs. Conrad J. Heiselman.

Mrs. Harold Darling, the newly elected president and her committee are making the arrangements.

Miss Margaret Harder Becomes Bride of Warner Steele Davis

Miss Margaret Frances Harder, daughter of Mr. and Mrs. Arthur J. Harder of Hurley, became the bride of Warner Steele Davis, son of Mrs. Anna Davis and the late Raymond Davis of Chicago, Ill., in a garden wedding at 2 o'clock on Saturday afternoon, June 14, at the Sleepy Hollow Camp, Hurley. The Rev. John Dykstra, pastor of the Reformed Church of Hurley, officiated at the double ring ceremony. A reception for 100 guests followed.

The wedding march was played by Mrs. William Wood, cousin to the bride. Miss Joan Ten Eyck sang Oh Promise Me, and Through the Years.

Escorted by her father, the bride wore a white organdy eyelet gown and rose-bud adorned headpiece and veil.

Miss Barbara Harder was her sister's maid of honor. She was attired in a yellow taffeta gown and carried red roses.

William King, Chicago, Ill., was best man.

Uon their return from a wedding trip to the Adirondacks, the couple will reside in Hurley until fall when they will make their nome in Missouri. For traveling, the bride chose a gold colored suit with navy blue accessories.

Mrs. Davis attended Drury College in Springfield, Mo., where she was a member of the Alpha Phi Sorial Fraternity.

Mr. Davis was graduated from Drury College this month.

Legality Challenged

Hudson, N. Y., June 19 (AP)—Two men accused of operating lotteries and dice games here today challenged the legality of special grand jury that returned indictments against them. Counsel for Edward J. Dillon, 56, of Hudson, and William Mezick, of Cleveland, Fla., formerly of Hudson, entered a motion to dismiss gambling charges against them. Dillon and Mezick thus became the sixth and seventh persons to challenge indictments on the ground that the grand jury, investigating gambling in Columbia county, was impanneled illegally. R. Waldron Herzberg, attorney for the pair, contends that the prosecution compiled special dossiers for each grand juror.

Haver Will Tell GOP Women What They Can Do for Country, to Discuss Election Issues

N. LeVAN HAVER

City Republican leader and former district attorney, N. LeVan Haver will address the Ulster County Women's Republican Club at a regular meeting on Tuesday, June 24, at 8 p. m. in the Governor Clinton Hotel. His topic, What Can You Do For Your Country, will be augmented with a discussion of the issues involved in the forthcoming national elections.

A natural ability enhanced by years of training and experience have earned for Mr. Haver a deserved reputation as one of the area's outstanding and most successful attorneys. This, combined with many years of service in public office, has endowed him with a keen insight to the problems confronting the nation today. Attorney Haver is well qualified to impart the timely advice expected when he addresses the large assemblage anticipated at Tuesday's meeting.

Before entering Albany Law School in September, 1925, Mr. Haver had the immeasurable advantage of taking his three-year pre-law training under the skillful guidance of Judge Traver, then district attorney of Ulster county, who was regarded as one of the county's greatest district attorneys.

Attorney Haver was graduated with the degree of LL.B. in June, 1928, and was admitted to the practice of law in September of that year.

He soon advanced to an enviable position in the legal field, and in 1939 was nominated by the Republican party for the office of district attorney and was elected to the office at the general election that fall. On January 1, 1940, he assumed the duties of the office, being re-elected in 1942 and again in 1945. Prior to 1940, he had served as assistant district attorney under the late Cleon B. Murray, from 1933 until 1938. He resigned from the office of district attorney, effective April 1, 1946, to continue his private practice.

In March of this year, State Senate Majority Leader Arthur H. Wicks, as chairman of the Ulster County Republican Central Committee, announced the appointment of Mr. Haver as city Republican leader, to succeed Attorney Vincent G. Connelly, who resigned because of his appointment as law clerk to Supreme Court Justice Roscoe V. Elsworth.

Prior to Mr. Haver's address, reports of various committees will be given and officers elected for the ensuing year. Miss Alice M. Scardefield, acting president, will preside at the meeting.

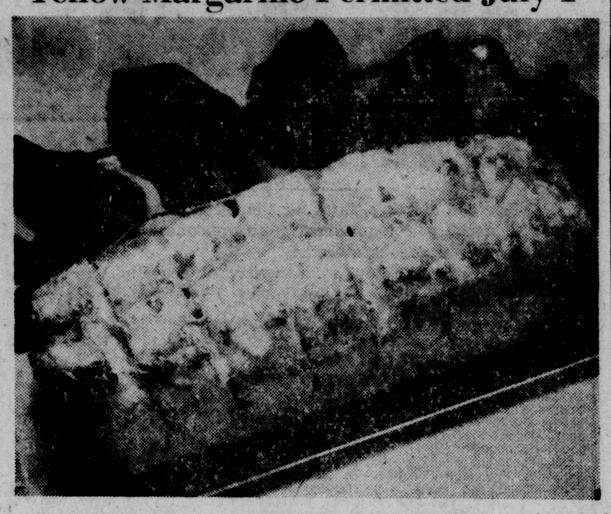
Yellow Margarine Permitted July 1



Plan to use yellow margarine to perk up summer vegetables and to add extra goodness to breads.

Beginning July 1 when the sale of yellow margarine is permitted, you can plan to use it with a lavish hand for cooking and baking as well as a topper for vegetables and as a table spread. The yellow product is as economical to use as the white product we have had and we are free from the messy coloring job which required, according to estimates, an average of 10 minutes per pound. In addition, the foil wrapping of the quarters of colored margarine protects the product during its refrigerator life from off-flavors from other foods stored nearby.

Each pound of quality margarine is fortified with 15,000 USP units of Vitamin A. You can serve this economical spread with a free hand, knowing you also are serving your family a food that is a daily essential. They will cheer the delicate, natural flavor of the margarine also.

Vary your service of vegetables with melted margarine. For hot cooked asparagus, pan-fry slivered almonds in yellow margarine until lightly browned or heat equal portions of margarine and catsup to serve with hot cooked cabbage. A bit of lemon juice added to melted margarine is a tempting topper for hot cooked broccoli. Cooked green beans take on fresh interest when served with a quick sauce of two tablespoons finely chopped onion which has been pan-fried in one-fourth cup margarine, combined with two tablespoons of dry bread crumbs.

Seymour Hearing Due In City Court Friday

Wilfred Seymour, 29, of 305 South avenue, Poughkeepsie, who was arrested early Tuesday on a charge of abduction for allegedly having taken a 12-year-old girl from her Van Buren street home, will be given preliminary hearing before City Judge Raymond J. Mino tomorrow morning.

Seymour, represented by Attorney Andrew J. Cook, Jr., asked for the hearing when he appeared in city court this morning. Attorney John Larkin appeared for the district attorney's office.

Authorities charge that Seymour took the child from her home after representing himself as a friend of the family and saying he was taking her to look for her parents. District Attorney Louis G. Bruhn said his office had statements and information alleging that the child was molested.

Alex Gerlak Shoots 78 in First Round of PGA Tournament at Louisville

Twaalfskill Pro's Slump on Back Nine May Be Disastrous

Needs Sub-Par Round Today to Stay Alive

A disastrous 41 on the back nine of the Big Springs layout at Louisville yesterday left Alex Gerlak, Twaalfskill pro, in a precarious position for today's second 18-hole qualifying round in the National PGA tournament. He carded a 37-41-78, well off the pace.

Gerlak opened with a 37 and a repetition of that score would have put him within striking distance of the magic "63." However, he needs close to 68 or 69 today to keep him in the running.

The best guess was that it would take about 146 or 147 to get into the inevitable playoff for the last few places in the bracket of 64. Defending champion, Sam Snead, is automatically qualified and 63 others are chosen by the qualifying round.

Marusic Stars

While Gerlak was slumping to 41, his Northeastern PGA partner, Milon Marusic of Herkimer, finished among the leaders with a rousing 68. He shot a pair of 34s, two strokes off the blistering pace set by Robert Gajda, an unknown assistant professional of Birmingham, Mich.

Badja posted 35 and 31 to finish ahead of such stalwarts as Dutch Harrison and Cary Middlecoff.

The results turned in over Louisville's Big Springs course yesterday indicates the 1952 PGA will be one of the lowest scoring in history.

One of the "unknowns" tall, lean Bob Gajda, went out early in the day and posted a six-under-par of 66 for them to shoot at. The rest threatened that score and the course record all day but couldn't beat either. However, what they did to par shouldn't happen on any golf course.

Par Is Wrecked

There were three 67s, five 68s and three 69s and going into today's second 18-hole qualifying round it looked as if the ones who couldn't match par for the 36 holes wouldn't get into the first of tomorrow's "sudden death" matches.

Among those who looked as if they might not make it were Ed (Porky) Oliver, runner-up to Julius Boros for the Open title last week; Denny Shute, the last player to win two PGA titles in succession 15 years ago; and Charlie Bassler, a giant-killing semi-finalist in last year's tourney. They all had 75's. Former Open champion Lew Worshm and Buck White shot 76's and Skip Alexander a 79.

Bracketed at 68 were Argentina's long-hitting Roberto De Vicenzo, Milon Marusic, Marty Furgol, Claude Harmon and Jim Turnesa. And the 69's went to Dave Douglas, another tournament regular, Ray Honsberger of Clarkston, Wash., who got in as an alternate, and Charles Lepre of Doylestown, Pa., who has played only in local tournaments.

London—Vic Seixas of Philadelphia and lightly regarded Irvin Dorfman, New York, advanced to the quarter-final round of the London Grass Courts championships.

Tournament Pairings Announced

Pairings and starting times for the second annual Father Herdegen Memorial golf tournament were announced today by Ralph E. Gardner, tournament secretary.

Play will start at 1 p. m. Saturday at the Rip Van Winkle Country Club in Palenville and at 10 a. m. Sunday at the Woodstock Country Club.

Thirty-eight players, two more than last year, have been registered. A 39th player is expected today to complete 12 three-somes. The schedule and pairings:

Fraternal Youth League Names Player Lists for Five Teams

The names of 75 players selected for the five teams in the Fraternal Youth League were announced today by Andrew Murphy 3rd, director of Recreation, and league organizer.

The five-team circuit is for players in the 13 to 15 age bracket and is sponsored by five local service and fraternal organizations, including the Elks Club, Veterans of Foreign Wars, American Legion, Rotary and the Kingston Patrolmen's Association.

Four standout players of last year's Little League landed on the Elks Club roster. Tony Turck, the best pitcher in the Little League, is on the club along with Bill Cragan, hard hitting outfielder, Nick Kearney, the peppery little third sacker and Tom "Fibber" Davitt, the Fancy Dan first sacker.

VFW Gets Ashdowns

The Veterans of Foreign Wars drew the two Ashdown brothers—Ronald and Donald—both excellent hitters and Joe Hoffman, Jr., who made his Little League debut with three homers and five doubles in five trips to the plate.

Tony Amato, the young ballad singer and an excellent all-round player, Donald and Ronald Ferraro and Joe Reynolds are on the American Legion roster.

Rotary figures to have one of the strongest batteries in the league in Jack Houghtaling and Peter Blanschan. Richie Nagele, Bill Guldy, Charlie Diers and Jim Uhl also add power to the club.

The Kingston Patrolmen's club picked up three star pitchers in Lorenzo Giannuzzi and Seymour Semilof. The latter can also play the infield. Ernie Madison, a strong right hander, Richie Amato, Bruce Bechtold and Jack Dawkins also figure to make the KPA team a real powerhouse.

The team selection as determined by the official draft:

ELKS CLUB—Tony Turck, Alo Saluste, John Redmond, Bill Cragan, Nick Kearney, Dick Hornbeck, Robert Burns, Tom Davitt, James Nerone, Donald Davis, Eric Blackwell, Ronald Jansen, James Palumbo, George Thomas, Dave Schwartz.

VFW—Francis Turck, Joe Pino, Ronald Ashdown, Donald Ashdown, Robert G. Bailey, Joseph E. Hoffman, John Stenson, Bob Dawkins, John Tomaseskie, Bob Roosa, Robert Millett, Augie Colao, Robert C. Dudek, Charlie Bishop, Tony Sinagra, Frank Sottile, John D. Atkins.

AMERICAN LEGION—Frank Reis, Robert Maines, Donald Ferraro, Robert Dykes, Bob Mannello, Jacob Senor, Robert Weishaupt, Ronald Ferraro, Robert Smith, Anthony Amato, Jim Leonardo, Donald Van Buren, Joe Reynolds, Paul Sepesy, Donald Duffy.

ROTARY—Jim Uhl, Charles Diers, Jack Houghtaling, John Turck, Ernest Smith, Bill Guldy, Peter Blanschan, Ed Lindhurst, Richard Nagele, Richard Riozzi, John Schoonmaker, John Buzzanco, Joe Machione, John Woods, John Culjak.

KPA—Lorenzo Giannuzzi, Bob Raible, Bruce Bechtold, Seymour Semilof, Jack Dawkins, Arthur Moshis, Edward Hearst, John Ferra, Bob Tellier, Larry Dachenhausen, John Weeks, Robert Whittaker, Richard Amato, Ernie Madison, Ken Hyatt, Jr.

Men's Night

Wiltwyck Golf Club will stage another of the series of popular "Men's Night" this afternoon and tonight. After informal matches during the afternoon, several special contests are scheduled tonight, including pitching and putting. A corn beef and cabbage dinner will be served at 8 p. m.

Baseball Drills

All members of the Kingston Patrolmen's Association and Elks Club teams of the Fraternal Youth League are requested to report to municipal stadium for practice today at 6:15 p. m.

Gagne's Sleeper Hold Ends Bout With Verdi

Italian Champion Just Another Victim

Vern Gagne, the middle west bobby-sock wrestling sensation, applied his famous "sleeper hold" on Angelo Verdi, 215, of Naples, Italy, in 14:07 of the third fall to terminate last night's wrestling card at municipal stadium.

A slim crowd watched Promoter Ted Bayly's behemonths perform in three lively bouts but the attendance came as a jolt, especially with Gagne in the starring role.

In his first appearance here, the former Minnesota gridder had jam packed municipal auditorium.

Gagne filipped Verdi, the Italian champion in seven minutes with a couple of flying blocks and a body slam. Verdi gained a fall to square the match when Gagne was disqualified for an illegal hold at 13:06. Then came the famed "sleeper" and Verdi sank to the canvas for a few moments of repose.

Schmidt Beats Leiper

Hans Schmidt, 248, of Munich, Germany, defeated Billy Leiper, 230, Buffalo, in a hectic semi-final. Schmidt won the first fall in 13:06 and the deciding one at 14:07. Leiper scored the middle fall in 8:03.

Bobby Lane, 230, St. Joseph's, Mo., polished off Ronnie Etchison, 232½ of Tampa, Fla., in the 16:10 of the curtain raiser. It was a wild bout with both contestants resorting freely to pugilistic tactics and both made quite a few trips out of the ring.

Despite the poor turnout, Promoter Ted Mayly said he would bring the sensational Ifish Pat O'Connor to Kingston for an indoor bout in about three weeks.

Officials for the card were Willie Glickman, Troy, referee; Tony Muscatello, Troy, and Barney Williams, Highland, judges; Fred Eisler, Kingston, timekeeper; and Dick McCarthy, announcer.

18 Places Open In State Amateur

Albany, N. Y., June 19 (AP)—Only 18 of the 128 berths in the State Amateur golf championship tournament remain to be filled.

Fifty-four golfers in four sections of the state qualified yesterday for the tourney, to be held July 8-12 at Wolfert's Roost Country Club here. They brought to 108 the number qualifying for the 126 spots earned in qualifying play.

The other two openings are for automatic qualifiers — defending champion Billy Shields of Albany and Willie Turnesa of White Plains, a former National and British Amateur champion.

The last 18 berths were to be filled today in qualifying tests at the Appawamis Country Club in Rye.

Ron Brownell shot a par 70 yesterday to lead a field of seven qualifiers at Utica's Yahndassis Country Club.

Jack Mollica topped a list of 17 qualifiers at the Syracuse Yacht and Country Club by carding a 73.

William Gormley of Amsterdam and John Moynihan, Jr., of Troy each shot a 75 at the Troy Country Club, where 23 qualified. Gormley took the medal by winning a two-hole playoff.

At Jamestown, Ben Bishop, winner of the Chautauqua County Amateur championship last year, shot a 78, best of six qualifying scores.

Ray Graham of Westbury's Meadowbrook Club won a berth with a 77 over the Nasau Country Club course at Glen Cove.

Phoenix, Ariz.—Charlie Salas, 151 Phoenix, outpointed Willie Vaughan, 155, Los Angeles, 10.

Fraternal Youth League Names Player Lists for Five Teams

The names of 75 players selected for the five teams in the Fraternal Youth League were announced today by Andrew Murphy 3rd, director of Recreation, and league organizer.

The five-team circuit is for players in the 13 to 15 age bracket and is sponsored by five local service and fraternal organizations, including the Elks Club, Veterans of Foreign Wars, American Legion, Rotary and the Kingston Patrolmen's Association.

Four standout players of last year's Little League landed on the Elks Club roster. Tony Turck, the best pitcher in the Little League, is on the club along with Bill Cragan, hard hitting outfielder, Nick Kearney, the peppery little third sacker and Tom "Fibber" Davitt, the Fancy Dan first sacker.

VFW Gets Ashdowns

The Veterans of Foreign Wars drew the two Ashdown brothers—Ronald and Donald—both excellent hitters and Joe Hoffman, Jr., who made his Little League debut with three homers and five doubles in five trips to the plate.

Tony Amato, the young ballad singer and an excellent all-round player, Donald and Ronald Ferraro and Joe Reynolds are on the American Legion roster.

Rotary figures to have one of the strongest batteries in the league in Jack Houghtaling and Peter Blanschan. Richie Nagele, Bill Guldy, Charlie Diers and Jim Uhl also add power to the club.

The Kingston Patrolmen's club picked up three star pitchers in Lorenzo Giannuzzi and Seymour Semilof. The latter can also play the infield. Ernie Madison, a strong right hander, Richie Amato, Bruce Bechtold and Jack Dawkins also figure to make the KPA team a real powerhouse.

The team selection as determined by the official draft:

ELKS CLUB—Tony Turck, Alo Saluste, John Redmond, Bill Cragan, Nick Kearney, Dick Hornbeck, Robert Burns, Tom Davitt, James Nerone, Donald Davis, Eric Blackwell, Ronald Jansen, James Palumbo, George Thomas, Dave Schwartz.

VFW—Francis Turck, Joe Pino, Ronald Ashdown, Donald Ashdown, Robert G. Bailey, Joseph E. Hoffman, John Stenson, Bob Dawkins, John Tomaseskie, Bob Roosa, Robert Millett, Augie Colao, Robert C. Dudek, Charlie Bishop, Tony Sinagra, Frank Sottile, John D. Atkins.

AMERICAN LEGION—Frank Reis, Robert Maines, Donald Ferraro, Robert Dykes, Bob Mannello, Jacob Senor, Robert Weishaupt, Ronald Ferraro, Robert Smith, Anthony Amato, Jim Leonardo, Donald Van Buren, Joe Reynolds, Paul Sepesy, Donald Duffy.

ROTARY—Jim Uhl, Charles Diers, Jack Houghtaling, John Turck, Ernest Smith, Bill Guldy, Peter Blanschan, Ed Lindhurst, Richard Nagele, Richard Riozzi, John Schoonmaker, John Buzzanco, Joe Machione, John Woods, John Culjak.

KPA—Lorenzo Giannuzzi, Bob Raible, Bruce Bechtold, Seymour Semilof, Jack Dawkins, Arthur Moshis, Edward Hearst, John Ferra, Bob Tellier, Larry Dachenhausen, John Weeks, Robert Whittaker, Richard Amato, Ernie Madison, Ken Hyatt, Jr.

Men's Night

Wiltwyck Golf Club will stage another of the series of popular "Men's Night" this afternoon and tonight. After informal matches during the afternoon, several special contests are scheduled tonight, including pitching and putting. A corn beef and cabbage dinner will be served at 8 p. m.

Baseball Drills

All members of the Kingston Patrolmen's Association and Elks Club teams of the Fraternal Youth League are requested to report to municipal stadium for practice today at 6:15 p. m.

Merchants Beat Boulevard, 5-2 On George Telepas' 3-Hitter

High School Hurler Also Raps Two Hits

Manager Pucker Davis' unpredictables turned up with another unexpected victory in the City League yesterday, downing Boulevard Gulf, 5 to 2, on a brilliant three-hit pitching performance by George Telepas, late of the KHS hurling corps.

It was a singular triumph, literally and figuratively. The Merchants, who evened their season's record at 2 and 2, scored single tallies in five different innings.

Telepas walked only two batters, struck out three and left only two Boulevard runners on the basepaths. Only one of the Gulfmen's rallies was earned.

The Merchants collected eight hits off the combined offerings of Matty Weishaupt and George Magley. Orlando Felipe starred with a triple and single and Telepas aided his own cause with a pair of singles. Novachek rapped a triple. Joe Shattan who had a triple and single accounted for two-thirds of the Boulevard hit total.

Robert Post's infield out behind Novachek's triple sent the Merchants off winning to a 1-0 lead in the first. Post knocked in his second run with an infield single in the third.

Double By Dunham

Telepas carried the third Merchant marker across in the fourth when he singled and comwhen Telepas singled and completed the circuit on two boots during an attempted double play. There was a stamp of authenticity to the Merchants' tally in the sixth when Telepas led off with a single for the second time and scored on Dunham's double to the right field corner. Dunham was out at third trying for a triple.

In the Merchant seventh, Magley was touched for a run when Schryver, the Gulfmen's right fielder, fell chasing Felipe's high drive and it went for a triple. He scored a moment later on Novachek's infield out.

Boulevards registered a tainted tally off Telepas in the first. Crosby walked and Andy Juhl's attempted pickoff went through first baseman, Dunham. Crosby reached third and rode home on Shattan's single.

There was nothing cheesey about the Gulfmen's second run. Joe Shattan boomed a triple and trotted home on Rod Sagendorf's loft to deep left.

Sunday's contest which starts at the new time of 6 p. m. pairs Jones Dairy and Boulevard Gulf.

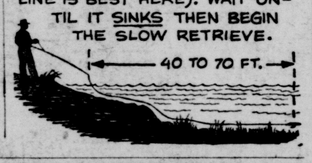
FISHING BUCKTAILS IN A LAKE FOR BASS

A MICKEY FINN BUCKTAIL (ABOVE), RED AND WHITE, GREY, YELLOW, BROWN AND BLACK BUCKTAILS OR STREAMERS ARE PREFERED IN SIZES 2 OR 4 ALTHOUGH OTHER SIZES MAY BE USED.

IF FLOATING BASS BUGS ARE UNPRODUCTIVE, TRY FIRST THE 5 TO 20 FT. DEPTHS WITH ANY OF THE ABOVE FLIES, USING SPLIT SHOT IF NEEDED TO SINK IT, LEADER AND LINE TO THE BOTTOM. TRY ALONG THE SHORE FIRST THEN FARTHER OUT WITH LONG CASTS (TORPEDO LINE IS BEST HERE). WAIT UNTIL IT SINKS THEN BEGIN THE SLOW RETRIEVE.



THE SCOREBOARD

R H E

By JACK HAND
Associated Press Sports Writer

If Marty Marion is handling his St. Louis Browns with kid gloves, it seems to be the right system.

Since Marion took over as Rogers Hornsby's successor, the Brownie have won five of eight, including their last four in a row. Only eight games off the pace in the muddled American League race, they still can raise hob with the leaders.

Marion's secret weapon appears to be shortstop Marty Marion. With Marion playing shortstop—not just appearing as a pinch runner or a part-time player—the Browns' record is 21-18. Without Marty, it's 6-13.

The old master came through last night with one of his specials—a drooping single that barely fell safely along the right field line. Marion's hit followed Dick Kryhoski's leadoff double in the last of the ninth to give St. Louis a 4-3 win over Boston.

In addition to knocking home the winning run, Marion chipped in on two of three St. Louis double plays that helped Duane Pillette annex his sixth win.

Up front in the league, the New York Yankees widened their lead to 2½ games over the Red Sox by turning on the home run power at Detroit in a 10-6 crusher. Gene Woodling, Billy Martin and Yogi Berra blasted Art Houtteman, the ex-soldier, for his eighth straight knockout. Washington shoved slumping Cleveland down a peg to fourth place, behind idle Chicago, with a 3-2 decision for Spec Shea, his first win since May 16.

Musial Raps 1900th

Brooklyn and New York continued to pull away from the field in the National. The Dodgers nipped Chicago, 6-5, scoring the winning run in the 10th without a hit, and the Giants thumped Pittsburgh, 5-2, with Bobby Thomson rapping four hits, including two homers.

Stan Musial collected his 1,900th major league hit as Joe Pesko set down the Phillies with five hits for a 7-1 St. Louis Card victory that pulled them up even with the .500 mark.

Cincinnati knocked off the Boston Braves in both ends of a twi-night doubleheader, 7-6, and 3-1. In the second game, Kenny Raffensberger overcame 11-strikeout pitching by Warren Spahn to cop his eighth. Spahn, who fanned 18 Saturday in losing a 15-inning game to Chicago, now leads the league in strikeouts with 79 to 70 for Chicago's Bob Rush.

Philadelphia and Chicago were idle in the American League.

Johnny Sain won another for the Yanks, his seventh, although he needed help from Bobby Hogue when the Tigers rallied in the eighth.

Berra's 10th homer came in the sixth. Woodling's smash in the eighth with Mickey Mantle on base, followed by Martin's first homer of the season ruined Houtteman.

Shea nudged the Indians lower than third for the first time this year as Washington made it six out of 10 over Cleveland. Jackie Jensen led the attack on loser Mike Garcia and Lou Brissie with four singles and Eddie Yost contributed a homer and two singles.

Jackie Robinson's base-running helped the Brooks over Chicago. After pinch hitter Bob Addis' three-run homer gave the Cubs a 5-4 edge in the ninth, the Brooks tied it in their half when Carl Furillo and Duke Snider hit back-to-back double. Robinson went to work in the 10th. He worked Dutch Leonard for a walk and stole second base. When catcher Toby Atwell dropped a third strike on Roy Campanella that let the Dodger catcher reach first, Robinson sped to third. He scored on Gil Hodges' fly to give reliefer Billy Loes his sixth victory.

Thomson's hitting and Jim Hearn's seven-hit pitching told the story for the Giants against Bob Friend. Thomson boosted his RBI total to 54, second only to Hank Sauer's 60.

Duke Top Choice

Westbury, N. Y., June 19 (AP)—Duke of Lullwater, a fast-stepping brown colt from the stable of Walter T. Candler, stood out today as the clear favorite for the $90,000 Hambletonian Stake at Goshen, N. Y., in August. The Duke came from behind last night at Roosevelt Raceway with a spurt in the final 50 yards to defeat the Arden Homestead Stable's Hit Song in the $11,650 Old Westbury Trot for three-year-olds. Diplomat Hanover, L. E. Lake, Colfax, Ind., was third.

FLANAGANS' DISPLAYS WOODSTOCK TROPHIES

Trophies which will be awarded at the Woodstock Riding Club's sixth annual horse show scheduled for Sunday, June 29, 9:30 a. m. to 6:30 p. m., are now on display in the window of Flanagan's store on Wall street. They will remain there until the end of this week when the display will be removed to Woodstock.

The event, recognized by the American Horse Shows Association, Inc., of which the club is a regular show member, will take place in the Ohayo mountain ring, Woodstock. *(Freeman photo)*

Musial Remains Top All-Star Vote Getter

Chicago, June 19 (AP)—Stan Musial, St. Louis Cardinals' slugging outfielder, today increased his lead as the most popular vote getter in the all-star baseball poll.

Musial's total votes rose to 194,787. This gave him an edge of 4,465 over Dom DiMaggio, Boston Red Sox center fielder, and 8,633 more than the erstwhile popularity leader, left fielder Hank Sauer of the Chicago Cubs.

The nationwide poll of fans to determine the starting lineups for the All-Star game in Philadelphia July 8 will end at midnight June 27. The total vote now is 623,459.

Musial was the biggest vote getter in 1951.

Yesterday's Stars

Batting — Bobby Thompson, Giants—Hit two home runs and two singles to drive in three runs for a perfect day as New York downed Pittsburgh, 5-2.

Pitching—Spec Shea, Senators—Ended month-long winless stretch by dumping Cleveland into fourth place with six-hitter, 3-2.

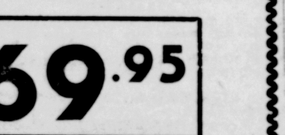
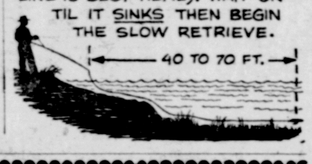
FISHING BUCKTAILS IN A LAKE FOR BASS



A MICKEY FINN BUCKTAIL (ABOVE), RED AND WHITE, GREY, YELLOW, BROWN AND BLACK BUCKTAILS OR STREAMERS ARE PREFERED IN SIZES 2 OR 4 ALTHOUGH OTHER SIZES MAY BE USED.

IF FLOATING BASS BUGS ARE UNPRODUCTIVE, TRY FIRST THE 5 TO 20 FT. DEPTHS WITH ANY OF THE ABOVE FLIES, USING SPLIT SHOT IF NEEDED TO SINK IT, LEADER AND LINE TO THE BOTTOM. TRY ALONG THE SHORE FIRST THEN FARTHER OUT WITH LONG CASTS (TORPEDO LINE IS BEST HERE). WAIT UNTIL IT SINKS THEN BEGIN THE SLOW RETRIEVE.



THE SCOREBOARD

R H E

By JACK HAND
Associated Press Sports Writer

If Marty Marion is handling his St. Louis Browns with kid gloves, it seems to be the right system.

Since Marion took over as Rogers Hornsby's successor, the Brownie have won five of eight, including their last four in a row. Only eight games off the pace in the muddled American League race, they still can raise hob with the leaders.

Marion's secret weapon appears to be shortstop Marty Marion. With Marion playing shortstop—not just appearing as a pinch runner or a part-time player—the Browns' record is 21-18. Without Marty, it's 6-13.

The old master came through last night with one of his specials—a drooping single that barely fell safely along the right field line. Marion's hit followed Dick Kryhoski's leadoff double in the last of the ninth to give St. Louis a 4-3 win over Boston.

In addition to knocking home the winning run, Marion chipped in on two of three St. Louis double plays that helped Duane Pillette annex his sixth win.

Up front in the league, the New York Yankees widened their lead to 2½ games over the Red Sox by turning on the home run power at Detroit in a 10-6 crusher. Gene Woodling, Billy Martin and Yogi Berra blasted Art Houtteman, the ex-soldier, for his eighth straight knockout. Washington shoved slumping Cleveland down a peg to fourth place, behind idle Chicago, with a 3-2 decision for Spec Shea, his first win since May 16.

Musial Raps 1900th

Brooklyn and New York continued to pull away from the field in the National. The Dodgers nipped Chicago, 6-5, scoring the winning run in the 10th without a hit, and the Giants thumped Pittsburgh, 5-2, with Bobby Thomson rapping four hits, including two homers.

Stan Musial collected his 1,900th major league hit as Joe Pesko set down the Phillies with five hits for a 7-1 St. Louis Card victory that pulled them up even with the .500 mark.

Cincinnati knocked off the Boston Braves in both ends of a twi-night doubleheader, 7-6, and 3-1. In the second game, Kenny Raffensberger overcame 11-strikeout pitching by Warren Spahn to cop his eighth. Spahn, who fanned 18 Saturday in losing a 15-inning game to Chicago, now leads the league in strikeouts with 79 to 70 for Chicago's Bob Rush.

Philadelphia and Chicago were idle in the American League.

Johnny Sain won another for the Yanks, his seventh, although he needed help from Bobby Hogue when the Tigers rallied in the eighth.

Berra's 10th homer came in the sixth. Woodling's smash in the eighth with Mickey Mantle on base, followed by Martin's first homer of the season ruined Houtteman.

Shea nudged the Indians lower than third for the first time this year as Washington made it six out of 10 over Cleveland. Jackie Jensen led the attack on loser Mike Garcia and Lou Brissie with four singles and Eddie Yost contributed a homer and two singles.

Jackie Robinson's base-running helped the Brooks over Chicago. After pinch hitter Bob Addis' three-run homer gave the Cubs a 5-4 edge in the ninth, the Brooks tied it in their half when Carl Furillo and Duke Snider hit back-to-back double. Robinson went to work in the 10th. He worked Dutch Leonard for a walk and stole second base. When catcher Toby Atwell dropped a third strike on Roy Campanella that let the Dodger catcher reach first, Robinson sped to third. He scored on Gil Hodges' fly to give reliefer Billy Loes his sixth victory.

Thomson's hitting and Jim Hearn's seven-hit pitching told the story for the Giants against Bob Friend. Thomson boosted his RBI total to 54, second only to Hank Sauer's 60.

Duke Top Choice

Westbury, N. Y., June 19 (AP)—Duke of Lullwater, a fast-stepping brown colt from the stable of Walter T. Candler, stood out today as the clear favorite for the $90,000 Hambletonian Stake at Goshen, N. Y., in August. The Duke came from behind last night at Roosevelt Raceway with a spurt in the final 50 yards to defeat the Arden Homestead Stable's Hit Song in the $11,650 Old Westbury Trot for three-year-olds. Diplomat Hanover, L. E. Lake, Colfax, Ind., was third.

FLANAGANS' DISPLAYS WOODSTOCK TROPHIES

Trophies which will be awarded at the Woodstock Riding Club's sixth annual horse show scheduled for Sunday, June 29, 9:30 a. m. to 6:30 p. m., are now on display in the window of Flanagan's store on Wall street. They will remain there until the end of this week when the display will be removed to Woodstock.

The event, recognized by the American Horse Shows Association, Inc., of which the club is a regular show member, will take place in the Ohayo mountain ring, Woodstock. *(Freeman photo)*

Musial Remains Top All-Star Vote Getter

Chicago, June 19 (AP)—Stan Musial, St. Louis Cardinals' slugging outfielder, today increased his lead as the most popular vote getter in the all-star baseball poll.

Musial's total votes rose to 194,787. This gave him an edge of 4,465 over Dom DiMaggio, Boston Red Sox center fielder, and 8,633 more than the erstwhile popularity leader, left fielder Hank Sauer of the Chicago Cubs.

The nationwide poll of fans to determine the starting lineups for the All-Star game in Philadelphia July 8 will end at midnight June 27. The total vote now is 623,459.

Musial was the biggest vote getter in 1951.

Yesterday's Stars

Batting — Bobby Thompson, Giants—Hit two home runs and two singles to drive in three runs for a perfect day as New York downed Pittsburgh, 5-2.

Pitching—Spec Shea, Senators—Ended month-long winless stretch by dumping Cleveland into fourth place with six-hitter, 3-2.

By CHARLES J. TIANO
Freeman Sports Editor

If Bob Umpleby, KAA president and father of Little League baseball in Kingston, is serious about retiring at the end of the 1952 season, juvenile baseball stands to suffer a real body blow.

Umpleby has been Mr. Baseball to the city's small fry for a couple of years; their greatest champion in the sports field. Bob's interest in kid baseball made the Little League a reality and a highly successful promotion.

When Umpleby realized a long-standing dream with the building of the permanent Little League stadium on the state armory grounds, he also made a tough decision. But we think it was a fair one. He wants out as the active head of the LL movement.

Bob's host of friends believe he can be drafted for another term as KAA president and Little League director. On the other hand, Umpleby's close associates are aware of the tremendous drain on his time and energy by Little League ball. They believe he is dead serious about retiring.

Of this we can be sure. If Bob bows out at the end of the current season, the Kingston Athletic Association will have to do some real soul-searching to find his equal. We sincerely hope that Bob stays on the scene, if only in an advisory role. Men of his enthusiasm and capacity to do a real job are mighty scarce in local sports these days.

• Flotsam and Jetsam:

Competition for local patronage for all-local baseball hits its peak the last week in June when the Fraternal Youth League swings into action. Surprise of the early baseball season. The county has miles of snow fences stored here and there but not one foot is available for the Athletic Field. And we understand the Little League would not have received any if they had continued playing at their old field. How come? Wouldn't the Fraternal Youth League have been a good spot for a sixth franchise sponsored by the Kiwanis Club? The Kiwanians have long been interested in juvenile baseball through their Federation program, although it never operated in Kingston. Don't forget the July 6th KPBA outboard regatta. It promises to reach an all-time peak for entries and prizes. Eye-openers in the early games of the Little League: Glen Newell's polished port side pitching . . . Hobart Armstrong's menacing swings at the plate. Bud Culloton called the turn on Hobart a year ago.

Having been inveigled to agree to a late-summer fishing safari to Canada, we sought the advice of George Flemings and Emerson Mayes, two renowned experts. During the war we were stationed at Goose Bay, Labrador, and recalled catching Northern pikes that were as big as baby whales.

"What about the Canadian species," we asked.

"They're strong, willing and stupid," offered Flemings. "The Canadian pike is to the adult fisherman as the bullhead is to the small boy. He's comparatively easy to catch."

"That's right," added Mayes, "he's so dumb he does most of his fighting after he's hauled aboard. He's numerous, and he's underestimated as a good fish, perhaps because there are many of him."

Up to now it was pretty discouraging. Why make the trip to Canada if it's that easy we asked ourself.

"Let me tell you about techniques," Flemings volunteered. "Some guys go for the pike with the fly rod and spinning outfit but often lose him because of gut leaders or monofilament lines which northerns rasp apart easily. The consistent northern pike catcher is a bait caster with terminal tackle (bronze wire leader or equivalent) which will resist teeth.

"And another thing," Emerson went on, "this palooka of fresh water runs from Florida north to Alaska and is an eager-beaver which will seize almost any form of bait known to man. Spoons in all their gorgeous colors and shapes, plugs, bass plugs, flies, streamers—you name it and the Northern pike, in a good mood, will take it."

Exit one discouraged rookie fisherman. The Yankee Stadium around World Series time looks like a better spot.

COLLEGE STAR SIGNS WITH PIRATES

Branch Rickey, general manager of the Pittsburgh Pirates, looks on happily as he signs Dick Groat, star shortstop from Duke University, to a Buc contract in Pittsburgh, June 16. Groat is rumored to have received a bonus in excess of $75,000 for signing. Groat was scheduled to play against the New York Giants the night of June 17 in New York.

Sweden Still Shy Of Atlantic Pact

Stockholm, Sweden, June 19 (AP)—Traditionally neutral Sweden, irate over the shooting down of a Swedish plane by Soviet jet fighters, beefed up her already strong defenses against Russia today but was expected to still fight shy of participation in such western alliances as the Atlantic Pact.

The Swedish government already has ordered a step-up in air attack alertness throughout the country and instructed its air force and navy to shoot back if fired on by Soviet planes. Neighboring Denmark also told its airman to return fire if attacked.

Swedish Foreign Minister Oesten Unden, cut short his Italian vacation after the incident and was due here by air from Rome today.

But political observers expressed doubt that Unden's return would result in any change in Sweden's long-held policy of "freedom from alliances." She has been a neutral in European wars for more than 100 years.

The Swedes previously turned down membership in the Atlantic Pact.

Sweden flatly rejected last night a Russian protest that the ill-fated Catalina flying boat, blasted from the air Monday ever the Baltic Sea with seven men aboard, had flown over Soviet territory and started the shooting.

Sweden Still Shy Of Atlantic Pact

Stockholm, Sweden, June 19 (AP)—Traditionally neutral Sweden, irate over the shooting down of a Swedish plane by Soviet jet fighters, beefed up her already strong defenses against Russia today but was expected to still fight shy of participation in such western alliances as the Atlantic Pact.

The Swedish government already has ordered a step-up in air attack alertness throughout the country and instructed its air force and navy to shoot back if fired on by Soviet planes. Neighboring Denmark also told its airman to return fire if attacked.

Swedish Foreign Minister Oesten Unden, cut short his Italian vacation after the incident and was due here by air from Rome today.

But political observers expressed doubt that Unden's return would result in any change in Sweden's long-held policy of "freedom from alliances." She has been a neutral in European wars for more than 100 years.

The Swedes previously turned down membership in the Atlantic Pact.

Sweden flatly rejected last night a Russian protest that the ill-fated Catalina flying boat, blasted from the air Monday ever the Baltic Sea with seven men aboard, had flown over Soviet territory and started the shooting.

The Weather

THURSDAY, JUNE 19, 1952

Sun rises at 4:06 a. m.; sun sets at 7:25 p. m., E.S.T.
Weather, rain, hail.

The Temperature

The lowest temperature recorded on The Freeman thermometer during the night was 59 degrees. The highest figure recorded up to noon today was 66 degrees.

Weather Forecast

New York city and vicinity: Fair today except for a chance of a few widely scattered thundershowers this evening. Becoming fair tonight and remaining fair

CONTINUED WARM WEATHER

Friday. Warm again today with the highest temperature close to 90. Low tonight in the 60's. Not as warm Friday as today, high 80 to 85.

Eastern New York: Windy and warm, highest 85 to 90 today with widely scattered showers possible this afternoon or evening. Lowest about 60 degrees tonight. Friday fair and cooler.

The city engineer's weather report today showed a temperature of 86 degrees at 10 a. m., a barometric pressure of 29.54 inches, a humidity of 82 per cent, and a southeast wind with a velocity of about four miles an hour. The high temperature yesterday was 83 at 2 p. m., and the low 63 at 4 a. m. The mean temperature was 73 degrees and the normal is 69. The humidity was 100 per cent at 5 a. m., and 50 per cent at 2 p. m. The barometric pressure was 29.61 at 11 p. m., and 29.54 at 11 a. m. The velocity of a northwest wind was about 35 miles an hour.

Lip Logic

Brilliant, dark colors tend to make the mouth look larger, while less vivid, pinker shades minimize too-full lips. It's a good idea to apply lipstick a little inside your lips so color contrast won't show when you talk or smile.

Additional Scenes of Tuesday's Sharp Storm

These samples of damage were caught by the Freeman photographer in a swing yesterday through the devastated area south of Kingston. Reading from right to left: Home of Chester Carkhuff, St. Remy, sustained damage to the dwelling from falling trees; a view of the St. Remy road looking west; view of Cutler Hill road; entrance to the Kelley estate; damage to Rooney residence, DeWitt Lake road; Al Schmidt chicken house on DeWitt Lake road. *(Freeman photos)*

Lightning Hits Twice, Port Ewen

Lightning struck twice in Port Ewen during today's electrical storm.

An electric wire at the intersection of Route 9W at Hasbrouck terrace was struck and at 11:46 a. m., the Port Ewen fire department was called to the house of former Supervisor Raymond Howe where a bolt struck the electric meter box.

Fire Chief Edward Mains said the lightning caused no damage other than that in the meter box. The damage in the other strike was largely to the electric line.

To Start Negotiations

Tokyo, June 19 (AP)—Negotiations for a civil air transport agreement between the United States and Japan will start Tuesday in Tokyo, the American Embassy announced tonight.

Horses in America

Horses were found in America until comparatively recent geological times, but died out and did not appear again until introduced from Europe by man.

Annual Tax Sale Held, Court House

The tax sale of properties on which taxes for the year 1950 were in arrears, was conducted this morning at the court house by County Treasurer John T. Groves.

There was a good attendance at the sale which was held in the board of supervisor's rooms beginning at 10 o'clock.

Bidding was not brisk and while several properties were bid in for the amount of the tax, plus taxable charges, many of the parcels on the tax sale list were bid in by the county. Prior to the sale taxes were paid on a large number of parcels which had been included in the advertised list.

The average range of human hearing is from about 20 to about 20,000 vibrations per second.

Tree Reported Down

State Police reported a tree down across Route 209 at Hurley, that was interfering with traffic and the sheriff's office reported a tree down at Mettacahonts. Highland state troopers reported that hail fell in that section and that several trees were down.

Bad for the Feet

When, in 1855, the U. S. Army tried camel trains for transport in New Mexico it was found the animals could not work well there because the rocky terrain ruined their feet.

Consult Us First...
when considering a new roof or siding job . . . .
Ask Yourself These Questions:
If you are approached by an itinerant applicator offering a "bargain" on a new roof for your home, or siding job, ask yourself these important questions:
1. DO I KNOW ANYTHING ABOUT THE SALESMAN OR HIS COMPANY?
2. HAVE I ASKED THE SALESMAN OR HIS COMPANY FOR REFERENCES?
3. HAVE I REASON TO BELIEVE THAT THE COMPANY WILL BE in existence and financially able to fulfill its guarantees five or ten years from now?
4. HAVE I OBTAINED A PRICE ON THIS JOB ON EXACTLY the same specifications from my local dealer?
5. DOES THE COMPANY PROVIDE LIABILITY AND COMPENSATION INSURANCE TO PROTECT ME IN case of accident?
6. DO I KNOW THE BRAND GRADE OR QUALITY OF MATERIAL I am getting?
7. IN THE EVENT I PAY FOR THE JOB ON AN INSTALLMENT BASIS, do I know what finance company will have my note?
IF THE ANSWER TO ANY OF THESE QUESTIONS IS "NO" — BE CAREFUL!
Watch out for the misrepresentation and watch out for "tricky" contracts. Play SAFE. Before you purchase material or enter into a contract with an unknown firm, consult SMITH PARISH who are RELIABLE AND RESPONSIBLE!

when considering a new roof or siding job . . . .
Ask Yourself These Questions:
If you are approached by an itinerant applicator offering a "bargain" on a new roof for your home, or siding job, ask yourself these important questions:
1. DO I KNOW ANYTHING ABOUT THE SALESMAN OR HIS COMPANY?
2. HAVE I ASKED THE SALESMAN OR HIS COMPANY FOR REFERENCES?
3. HAVE I REASON TO BELIEVE THAT THE COMPANY WILL BE in existence and financially able to fulfill its guarantees five or ten years from now?
4. HAVE I OBTAINED A PRICE ON THIS JOB ON EXACTLY the same specifications from my local dealer?
5. DOES THE COMPANY PROVIDE LIABILITY AND COMPENSATION INSURANCE TO PROTECT ME IN case of accident?
6. DO I KNOW THE BRAND GRADE OR QUALITY OF MATERIAL I am getting?
7. IN THE EVENT I PAY FOR THE JOB ON AN INSTALLMENT BASIS, do I know what finance company will have my note?
IF THE ANSWER TO ANY OF THESE QUESTIONS IS "NO" — BE CAREFUL!
Watch out for the misrepresentation and watch out for "tricky" contracts. Play SAFE. Before you purchase material or enter into a contract with an unknown firm, consult SMITH PARISH who are RELIABLE AND RESPONSIBLE!
